Chord Profile # 1

by

Bill Wrobel

[POSTSCRIPT September 19, 2018: This paper is being edited to incorporate my new graphics meant as a visual aid for the reader. Also I will proof-read this old paper originally written mid 2002, and hopefully add new dvd timings, and so forth.]

This research paper is the first of a series of what I call *Chord Profiles* of Bernard Herrmann scores. In this *Film Score Rundowns* site, I give a descriptive analysis (normally bar-by-bar) of a full score, including complete instrumentation, dynamics, chords and melody/phrase lines, and so forth. In

a *Chord Profile* I will focus exclusively on the chords used as a frequency tabulation to determine or quantify Herrman T T H

 register of notes, and so forth. I believe the Marnie chord profile (98 pages) included such an exhaustive analysis. The latest one at this writing (The Trouble With Harry) also provides a complete rundown as well as chord profile. There will be times when I simply do not wish to spend the time to do this, especially if the music in question is repeated from a previous cue (as occurred in Citizen Kane). I will slowly work on adding rundown  
 T T T T T T TT T T HT T T T  
 rundown on Harry Potter and expect to receive in the mail from  
 c T H T T T T T TA  
Summer Place. Once I do, I will immediately focus on that score and finish my rundown of it for the next update. After that, I may start a new rundown on the delightful My Fair Lady score. Right now, I may not necessarily delineate each and every bar for each and every cue, but I will at least delineate a full rundown of the beginning of cues and their different section to give the reader a specific grasp of how Herrmann constructed the music.]

Put differently, the intent is to cite, whenever clearly possible, every chord used in given works under scrutiny (principally feature film and television film scores), to list the number of times they were used, and then quantify the results as percentages.

If, say, a cue in C time has ten bars, and each bar alternates with a simple minor and then a major triad, you would have a frequency count of five minor chords and five major chords (or 50% each). Even if such a cue had a polychord in each bar (say, superimposed triads of either minor or major mode), then the results would be the same in terms of percentage. Even if such a cue had a constant ostinato pattern of, say, eight 8<sup>th</sup> note triads in each bar, the percentage results would be the same. Normally, however, you will find a wide range of diversity and transitions (voice leading, etc) involved in a given cue, so results can never be 100% quantifiable with no margin of error! : ) Also it is occasionally difficult to determine exactly what the composer was intending. A *fast* or *busy* piece notationally in a fully (tutti) orchestrated section with several lines of activity going on simultaneously does not lend itself to easy quantifying as, say, a slow moving and simply orchestrated section. Overall, in such cases, there might

be a certain margin of error involved (say, give or take a few or several percentage points).

At least, however, there will be a *general* indication of the overall  
T T ♯T TT T T T T T T  
(such as *Psycho*), Herrmann may decide to employ far more dissonant, fully diminished sevenths and perhaps a fair number of minMaj 7ths to musically convey the events and *atmosphere* depicted on the screen. He may occasional construct it in relatively atonal terms. In a relatively

T T T T T *The Three Worlds of Gulliver*), Herrmann may employ a greater frequency of, say, major chords. In a particularly heart-rendering and desire- T T T T T  
*Blue Denim*), Herrmann may decide (as indeed he did) that using a greater frequency of half-diminished sevenths would best convey the emotional dynamics depicted on the screen.

In *Jason*, Herrmann tends to work mainly in the traditional minor and major modes, with a special emphasis on perfect 4<sup>th</sup> and perfect 5<sup>th</sup> intervals, and also dissonant tritone intervals. So although I will focus on chord tabulation, I will point out other features of the score as I scrutinize each

harmony, atonal music, and so forth. Other composers were predominantly atonal such as Humphrey Serles (such as The Haunting score). Other good composers tend to be a mixture of atonal and tonal, or are quite experimental within certain conventions. This includes Elliot Goldenthal (Interview With a Vampire, Sphere, and so forth). I like this variety, and it gives film music a

Bars 1-2 = N/A.

Four (*a 4*) *Fags* (bassoons)/2 *C. Fags* (contra bassoons)/4 tubas play *ff* (fortissimo) on small octave C quarter note down to Great octave G down to C up to G quarter notes (all notes played under the legato arc/slur/umbrella). Repeat thru Bar 6 (repeat signs notated in Bars 2 thru 6 of a slash with a dot on each side of it in the middle). Timp I plays the same note (but with no legato slur over the notes) while timp II beats small octave C down to G back up to C down to C. Bass drum I sound three quarter notes (notated on the second space from the bottom) followed by a quarter rest, while bass drum II (after a half rest) sounds two quarter notes. Repeat thru Bar 6 to (Bar 7) a quarter note followed by a quarter and half rest. The Tam Tam sounds *ff* a whole note let vibrate (repeated in Bar 2). We find here a P4 (perfect fourth) interval of C down to G, then P5 interval of that G down

All of them play middle (Line 1) C up to E quarter notes up to G dotted quarter note down to E 8<sup>th</sup> up to (Bar 4) A quarter note to G dotted 8<sup>th</sup> down to E 16<sup>th</sup> up to G half note (all notes are played under the legato phrase umbrella). In Bar 5 (:13), they repeat Bar 3 to (Bar 6) Line 2 C quarter note to B 8<sup>th</sup> to A-G 16<sup>th</sup> figure to A-A tenuto quarter notes.

Back in Bar 3, Pos I-II-III play *ff* small octave C down to Great octave G quarter notes (followed by a quarter rest) to same G quarter note (repeated next thru bars). After a quarter rest, Pos IV-V-VI play Great octave G down to C up to G quarter notes (repeated next three bars). At the end of Bar 2, cymbal I sounds fortissimo a quarter note (notated on the top space of the staff). In Bar 3, cymbal II sounds a half note (notated on the second space from the top). Repeat Bars 2-3 in Bars 405. In Bar 6, after a half and quarter rest, cymbal I sounds that quarter note once again.

Bar 7 = C maj (C/E/G)

Here (:19) flutes play *ff*  $\text{T} \text{c} \quad \text{T} \text{T} \text{c} \text{c} \text{T} \text{j} \text{T} \quad \text{T}$  figures twice (notated each as half notes with a tiny horizontal bar across the stem). So, for example, flute IV plays Line 1 G-G-G-G-G-G 8ths to another such set. In the same manner, oboes I-II-III play Line 2 C/E/G sextuplets, while altri oboes play Line 1 G/Line 2 C/E notes. All clarinets play middle C/E/G [written D/F#/A] sextuplets. Fags I-II/Pos I-II-III/tubas I-II play the *Jason* melody line on small octave C up to E quarter notes to G dotted quarter note to E 8<sup>th</sup>. Fags III-IV/C. Fags/Pos IV-V-VI/tubas III-IV play (Pos are marked *marcato*) the same but an octave lower register (Great octave C up to E quarter notes and so forth). Horns play Line 1 G [written Line 2 D] rinforzando-marked ( $>$  symbol over the notes) whole notes. Trumpets I-II-  
 $\text{T} \quad \text{T} \quad \text{T} \text{c} \text{c} \text{T} \text{j} \text{T} \quad \text{T} \text{T} \text{g} \text{T} \quad \text{T} \quad \text{T} \text{c} \text{c} \text{T} \quad \text{T}$  (followed by a triplet value quarter rest). After a half rest, altri trumpets play the same sextuplet. The Tam Tam sounds a whole note let vibrate.

Harps I-II play fortissimo a *C major* descending to ascending gliss of Line 4 C 32<sup>nd</sup> note gliss line down to Contra-octave C up to Line 4 C. Harps III-IV play contrary motion (ascending to descending) on those notes. Repeat thru Bar 9. Cymbals repeat Bars 3-4 in Bars 7-8 and 9-10. The timps sound the small octave C quarter note (followed by rests).

Bar 8 = A min (A/C/E) to C maj (C/E/G)

$\text{T} \quad \text{T} \quad \text{T} \text{j} \text{T} \quad \text{T} \text{T} \text{c} \quad \text{T} \text{T} \text{c} \text{c} \text{T} \quad \text{T} \quad \text{T} \text{T}$   
 G/C/E/G notes. Oboes I-II-III play Line 2 C/E/A septuplet 8ths back to C/E/G notes while altri oboes play A/C/E notes back to G/Line 2 C/E. Clarinets play C/E/A Line 1 notes back to C/E/G. The Fags/C.Fags/Pos/tubas continue the melody line on A quarter note to G dotted 8<sup>th</sup> to E 16<sup>th</sup> to G half note. All notes in Bars 7-8 are played under the legato umbrella. First trumpets play on middle C/E/A sextuplet note to C/E/G triplet 8ths (followed by rests) while altri trumpets (after a half rest) play C/E/G sextuplet notes.

Bar 9 = C maj (C/E/G).

Bar 9 repeats Bar 7.

Bar 10 = A min (A/C/E) to Eb maj (Eb/G/Bb)

The woodwinds repeat the sextuplets as given in the first figure of Bar 8. Afterward the flutes play Line 1 Bb/Line 2 Eb/G/Bb rinforzando dotted 8ths to rinforzando 16ths (crossbeam connected) to stand alone rinforzando 8ths (followed by an 8<sup>th</sup> rest). Oboes I-II-II again repeat the flutes I-II-III notes, while altri oboes play G/Bb/Line 2 Eb notes in the pattern just given for the flutes. Clarinets play C/E/A sextuplet notes to Eb/G/Bb [written F/A/Line 2 C] rinforzando notes in the pattern given. Fags/C.Fags/Pos/tubas play C to D quarter notes to Eb half note. Pos play

small octave and Line 1 Eb half notes tied to whole notes in Bar 11. Trumpets I-II-III play C/E/A sextuplet notes to Eb/G/Bb dotted 8ths to 16ths to stand alone 8ths (followed by an 8<sup>th</sup> rest). Altri trumpets play triplet value C/E/A 8ths (followed by two triplet value 8<sup>th</sup> rests) to (see first trumpets). Harps play their respective patterns in the first half of Bar 10 only (followed by a half rest).

Bars 11-14 = N/A.

In Bar 11 (:31), flutes play Line 3 and oboes and clarinets play Line 2 and horns play Line 1 descending legato quarter notes G-F-Eb to D dotted 8<sup>th</sup> to C 16<sup>th</sup> to (Bar 12) B rinforzando whole note (horns play all the notes as rinforzando notes). Cymbal II crashes a half note (followed by a half rest).

[end session 9:44 pm Thursday, Feb 19<sup>th</sup>, 2004]

In Bar 12, the flutes/oboes (etc) settle on B rinforzando-marked (and *sff*) whole notes. Silent in Bar 11, Fags/C.Fags/tubas take over the melody line for one bar on ascending quarter notes Contra-octave (tubas III-IV) and Great octave F-G-Ab to Bb dotted 8<sup>th</sup> to Cb 16<sup>th</sup> to (Bar 13) C rinforzando whole note *sff*. Flutes/oboes/clarinets/horns repeat Bars 11-12 in Bars 13-14. In Bar 14, Fags/C.Fags/tubas play D-Eb-F quarter notes to G dotted 8<sup>th</sup> to Ab 16<sup>th</sup> to (Bar 15) Bb whole notes.

Bar 15 = C Dom 7 (C/E/G/Bb) to Eb maj (Eb/G/Bb) 00:44 cd.

Tubas/Fags/C. Fags play Bb whole note. Trumpets are half *sords* and *open* playing *sff* on Line 1 G/Line 2 C/E quarter notes tied to 8ths

Flutes/oboes/clarinets conclude this section of the *Jason* theme on Line 3 C to D quarter notes to Eb half notes. Fags and C. Fags play small octave C down to Great octave G down to C back to G legato quarter notes.

Horns play Line 2 C-D quarter notes [written G-A] down to Line 1 G [written Line 2 D] rinforzando half note. Trumpets play Line 2 C-D quarter notes to Bb/Eb/G rinforzando dotted 8ths to 16ths to stand alone 8ths (followed by an 8<sup>th</sup> rest). Pos I-II-III play the same end three-note figure an octave register lower, and alrti Pos play an octave lower than that. Tubas I-II follow the Fags/C. Fags, while tubas III-IV play C-G-C-G quarter notes. The bass drums sound as before, and the harps sound descending gliss.

Bars 27-30 = N/A. Melody line only. 1:21

Woodwinds and horns repeat Bars 11-12 in Bars 27-28 and also Bars 29-30. The trumpets also now join in with Line 2 G-F-Eb quarter notes to D dotted 8<sup>th</sup> to C 16<sup>th</sup> to (Bar 28) Line 1 B rinforzando whole note (repeated next two bars as well). In Bar 28, Fags/C.Fags/Pos/tubas respond on Contra-octave (tubas only) and Great octave F-G-Ab rinforzando-marked quarter notes to (Bar 29) Great octave and small octave rinforzando whole notes.

T R1M3 *Presto e molto pesante* in 9/8 time. Pages 8-10.  
Track # 2 starting at 1:53. Dvd location is 00:03:55 (or start of Chapter 3).

Bar 1 = N/A.

2 snare drums/2 tenor drums/2 tambourines/2 woodblocks start the seven-note (per bar) ostinato rhythmic pattern. We find them playing *fff* quarter/8<sup>th</sup>/quarter/8<sup>th</sup> notes to 3 8ths notes (crossbeam connected). Repeat thru Bar 9.

Bar 2 = N/A. (implied Eb min)

Eight horns play the melody line. Although there are no standard vertical chords (three or more simultaneously-played tones), in terms of a linear/horizontal/melodic harmony reading, the horns begin (after a dotted half rest) with the Line 1 Eb-Gb-Bb 8<sup>th</sup> note ascent (Eb minor).

Bar 3 = N/A. Implied D min (D/F/A) to Eb min

Horns continue on Line 1 A [written Line 2 E] *rinforzando* quarter notes legato down to F [written Line 2 C] 8<sup>th</sup> down to D [written A] quarter note (followed by an 8<sup>th</sup> rest) to Eb-Gb-Bb ascending 8ths.

Bar 4 = Repeat Bar 3.

Bar 5 = N/A. Implied E min (E/G/B) to Eb min

The horns play the inverse descent of the E min (B/G/E) with the rinforzando B quarter note legato down to G 8<sup>th</sup> down to E quarter note (followed by an 8<sup>th</sup> rest) to Eb-Gb-Bb ascending 8ths.

Bar 6 = Repeat Bar 5.

Bar 7 = N/A. Implied Eb min

This time the horns play Line 2 D [written A] rinforzando quarter note legato to C# [written G#] 8<sup>th</sup> to A quarter note (followed by an 8<sup>th</sup> rest) to Eb-Gb-Bb ascending 8ths.

Bar 8 = Repeat Bar 7.

Bar 9 = N/A.

All six horns play Line 1 B-B-B [written Line 2 F#-F#-F#] rinforzando dotted quarter notes.

Bar 10 = N/A.

Horns conclude the melody line *sff* on stopped (+ sign over the notes) Bb [written Line 2 F] double-dotted half note. Two bass clarinets and the C.B. clarinet play *sff* on small octave Bb [written middle C] down to G [written A] 8<sup>th</sup> down to E [written F#] quarter note (followed by an 8<sup>th</sup>/quarter/8<sup>th</sup> rest). After a quarter and 8<sup>th</sup> rest, 6 bassoons play equally Great octave and small octave E quarter note legato to C# 8<sup>th</sup> down to

ascending 8<sup>th</sup> notes Bb-C#-E. The snare drums (etc) play each an 8<sup>th</sup> note (followed by rests).

Bar 11 = Repeat Bar 10.

Bar 12 = N/A.

The bass clarinets and C.B. clarinet play Bb-Bb-Bb rinforzando dotted quarter notes. After a quarter and 8<sup>th</sup> rest, the Fags play Contra-octave Bb dotted quarter note up to Great octave Bb dotted quarter note.

Bar 13 = N/A.

The bass clarinets and C/B. clarinet play small octave B [written Line 1 C#] double-dotted half note tied to dotted half note next bar (followed by a quarter and 8<sup>th</sup> rest). Fags play unison small octave B dotted quarter note (followed by rests). Three *open* horns I-II-III play *sff* > small octave B double-dotted whole note tied to dotted half note tied bar (followed by a quarter and 8<sup>th</sup> rest). *Con sords* (muted) Pos IV-V-VI play B-B 8ths (followed by rests). The snare drums (etc) repeat the patterns given in Bar 1 and repeated thru Bar 21 to (Bar 22) 8<sup>th</sup> notes followed by rests. After a dotted half rest, the horns return to play E-G-B ascending 8<sup>th</sup> notes.

Bar 14 = N/A.

Horns continue on Bb rinforzando quarter note legato to Gb 8<sup>th</sup> to Eb quarter note (followed by an 8<sup>th</sup> rest) to E-G-B ascending 8ths.

Bar 15 = Repeat Bar 14.

Bar 16 = N/A.

C-A-F# descending notes to E-G-B ascending 8ths.

Bar 17 = Repeat Bar 16.

Bar 18 = N/A.

Descending notes C#-B-G to rising 8ths E-G-B.

Bar 19 = Repeat Bar 18.

Bars 20-21 = N/A.

Horns play Line 2 D [written A] rinforzando dotted half note to C# [written G#] rinforzando dotted quarter note tied to dotted quarter note next bar to C rinforzando dotted quarter note to B to (Bar 22) Bb double-dotted rinforzando half note.

Bar 22 = N/A.

B-G=E-C# descending notes (in effect the C# fully diminished 7<sup>th</sup>) to rising 8<sup>th</sup> notes Bb-C-E played *sff* by the woodwinds (not too dissimilar to Bar 10).

Bar 23 = Repeat Bar 22.

Bar 24 = N/A.

Bass clarinets and C.B. clarinet play three small octave Bb rinforzando dotted quarter notes to (Bar 25) B double-dotted half notes. Fags play three Contra-octave and Great octave Bb dotted quarter notes to (Bar 25) B double-dotted half notes.

Bar 25 = E min (E/G/B) 2:26

This is the first normal vertical harmony in the cue played by open trumpets. We find *open* trumpets I-II-III playing *sff* Line 1 E/G/B quarter notes to 8<sup>th</sup> notes to quarter notes to stand alone 8<sup>th</sup> note chords (crossbeam connected), repeated next bar. One snare drum and one tambourine sound.

Bar 26 = F# maj (F#/A#/C#) and E min (E/G/B)

*Sords* (muted) trumpets IV-V-VI play Line 1 F#/A#/C# 8<sup>th</sup> notes (followed by a quarter rest) to F#/A#/C# 8ths (followed by a quarter rest) to three F#/A#/C# 8<sup>th</sup> note chords (crossbeam connected). So we find here a polychord of two superimposed triads (a common Herrmann effect that I believe he learned from Ives and others). Two snare drums and two tambourines sound the ostinato.

Bar 27 = F# maj and E min

This time trumpets I-II-III play E/G/B 8ths (followed by a quarter rest) to E/G/B 8ths (quarter rest following) to three 8<sup>th</sup> chords. Altri trumpets now play the full ostinato (see trumpets in Bar 25) but on F#/A#/C# notes. Add one tenor drum and one wood blocks. In Bar 28, add the other tenor drum and wood blocks.

Bars 28-29 = Bars 26-27.

Bar 30 (start of page 10) = Trumpets end on the E min and F# maj 8<sup>th</sup> note triads. Woodwinds resume pattern given in Bar 10.

Bar 31 = Repeat Bar 30.

Bar 32 = N/A. Three Bb dotted quarter notes sounded.

Bar 33 = F# maj played by 3 muted Pos & 3 muted trumpets.

Bar 34 = F# maj ostinato continues. Also 3 open Pos and 3 open trumpets play the pattern on G maj (G/B/D).

Bar 35 = Repeat Bar 34.

Bar 36 = F# maj and G maj 8<sup>th</sup> note chord of tpts and Pos followed by woodwinds again (see Bar 10).

Bars 37-38 = Repeat previous bar.

Bar 39 = F# maj and G maj played by trumpets for two bars.

Bar 40 = F# maj and G maj played by Pos. [Note: the first 40 bars are repeated]

Bar 41 = After a quarter and 8<sup>th</sup> rest, Pos play *sfp* < *f* the F# min (F#/A/C#) dotted half notes tied to dotted quarter notes next bar (followed by a dotted half rest held fermata).

Bar 42 = F# min (F#/A/C#)

Fags I-II-III play *pp* small octave F#/A/middle C double-dotted half notes held fermata, while altri Fags play Great octave F#/A/small octave C# double-dotted half notes.

Bar 7 = Repeat Bar 6 but played *p* >.

Bars 8-13 = N/A.

Fag I plays small octave Ab-G-D-F quarter notes down to (Bar 9) Great octave B half note, and then small octave C-D quarter notes to (Bar 10) Eb whole note decrescendo. After a quarter rest in Bar 10, fag II plays Great octave G-A-B quarter notes to (bar 11) C whole note decrescendo. After a quarter rest in Bar 11, Fag III plays *espr* < Eb-F-G quarter notes to (Bar 12) Ab whole note. After a quarter rest in Bar 12, Fag IV plays Great octave C-D-Eb quarter notes to (Bar 13, start of page 12) F to G half notes.

Bar 14 = Ab maj (Ab/C/Eb) to C min (C/Eb/G)

Fag III plays *mp* > small octave C whole note while Fag IV plays Great octave C. After a quarter rest, horn I plays Line 1 Ab stopped quarter note to G half note while horn IV plays small octave Ab quarter note to G half note, and horns II-III play middle Cb/Eb dotted half notes.

Handwritten musical score for "Hera's Tomb (Jason)". The score is written on aged, yellowed paper and includes parts for various instruments:

- Woodwinds:** Flutes (Fl.), Clarinets in B-flat (Cl. Bb), Bass Clarinet (B.C.), Saxophones (Sax.), and Bassoon (Bsn.).
- Brass:** Horns (Horns), Trumpets (Tr.), and Trombones (Tbn.).
- Other:** Percussion (Perc.), Cymbals (Cym.), and Timpani (Tm.).

The score is divided into measures, with some measures circled (e.g., 15, 16, 17, 18, 19, 20). A red box highlights a section of the score with the text "Hand-copied by Bill Washel". The tempo is marked as  $\text{♩} = 54$ . The score includes various musical notations such as notes, rests, dynamics (e.g., *mp*, *p*), and articulation marks.

Bar 15 = Ab min (Ab/Cb/Eb) to Cb aug (Cb/Eb/G)  
 Repeat Bar 14 (but played now by muted horns V thru VIII).  
 Bass clarinets and C.B. clarinet play *mp* > middle Cb [written Db] whole note.  
 Bars 16-18 = N/A.

The Fags play the melody line passage thru Bar 19, while the bass clarinets and C. B. clarinet in Bar 19 play (after a quarter rest) small octave Ab-Bb-middle C quarter notes legato to (end Bar 20) small octave F whole note decrescendo and held fermata.

Bars 18-19 = F min (F/Ab/C) to D dim (D/F/Ab)

So for the first two of those passing quarter notes, combined with the F/Ab whole notes, we have these passing chords.

17 18 19 20 21 22 23 24 25

This time the bass clarinets play A/Line 1 E dotted half notes tied to next bar, while the C.B. clarinet plays middle (Line 1) C dotted half notes.

Bar 17 = Fb maj 7<sup>th</sup> (Fb/Ab/Cb/Eb) and F maj 7<sup>th</sup> (F/A/C/E) and E min (E/G/B) to Ab min (Ab/Cb/Eb) :18 cd. Dvd location is 00:09:28 as Hera is a black robe appears suddenly to alarm the King's horse, throwing King Pelias into the river.

Now in C time, horns I thru IV play *sff* (*sost*) stopped (+ sign over notes) whole notes small octave Fb/Ab/middle Cb/Eb [written middle Cb/Eb/Gb/Bb] while horns V thru VIII play F/A/C/E stopped whole notes. So we hear two superimposed seventh chords here (bitonality). After a quarter rest, open trumpets I-II-III play *sff* G/B/Line 2 E 8ths to two 16ths to stand alone Ab/Line 2 Cb/Eb 8ths (followed by an 8<sup>th</sup> and quarter rest). After a half rest, *sords* trumpets IV-V-VI play *sff* G/B/E 8ths to two 16ths chords.

Bar 18 = Ab min (Ab/Cb/Eb) to E min (E/G/B)

All trumpets play *sff* Ab/Cb/Eb 8ths (followed by an 8<sup>th</sup> rest) down to E/G/B 8ths (followed by an 8<sup>th</sup> and half rest). Flutes play Ab/Line 2 Cb/Eb whole notes (flutes I-II on Eb). After a quarter rest, clarinets play Line 1 E/G/B [written F#/A/Line 2 C#] dotted half notes. After a half rest, horns I thru IV play *sff* stopped half notes Ab/middle Cb/Eb (horns I-II play Eb). After a half and quarter rest, altri horns play small octave E/G/B stopped quarter notes. After a half rest, *open* Pos I-II-III play *sff* Ab/middle Cb/Eb 8ths (followed by an 8<sup>th</sup> rest) down to E/G.B 8ths (followed by an 8<sup>th</sup> rest). Muted altri trombones play the same.

Bar 19 = Ab min to E min *Rall*

All Pos play *sfp* < *f* > Great octave Ab/small octave Cb/Eb quarter notes legato to G/B/small octave E quarter notes to Ab/Cb/Eb half notes. After a half and quarter rest, the bass clarinets and C.B. clarinet play small octave F quarter note tied to whole note next bar and tied to (Bar 21) quarter note, followed by a quarter and half rest.

Bar 20 = ??? *Molto Meno Mosso*

The tonalities here are ambiguous. The bass clarinets and C.B. clarinet still sound the low F tone. Clarinets play *ff* on Line 1 E/A quarter notes to half notes to quarter notes tied to quarter notes next bar to E/A dotted half notes decrescendo. Flutes, however, play Line 2 C/Eb/Ab notes

in that pattern. Combined we seem to have (loosely interpreted) both the F Maj 7<sup>th</sup> (F/A/C/E) and F min 7<sup>th</sup> (F/Ab/C/Eb) tonalities, but they are not clear-cut superimposed sevenths (as the stopped horns in Bar 17).

Bar 21 = Repeat Bar 20.

Added however are the harps playing contrary motion (descending to ascending, and also simultaneously ascending to descending) glisses. Harps I plays (*A minor*) glissandi. So, after a quarter rest, it plays Line 3 A 32<sup>nd</sup> note gliss line down to small octave A back up to Line 3 A (repeat in Bars 23 and 25). Harp II plays *pp* < > the A minor glisses but contrary motion starting small octave A up to Line 3 A back down again. In the same pattern, harp III plays Ab minor (seven flats) descending to ascending glisses, while harp IV (also Ab min key signature set) plays contrary motion.

Bars 22-23 = ???

More ambiguity here as played by the *sords* horns. First the bass clarinets and C.B. clarinet play *p* small octave E [written F#] whole note tied to dotted half note next bar decrescendo (followed by a quarter rest). Muted horns I thru IV play *mf* A/middle C/Eb/Ab quarter notes to half notes to quarter notes tied to (Bar 23) quarter notes to dotted half notes. Horns V thru VIII play E/A/middle C/Eb notes in that pattern.

Bars 24-25 = ??? *Poco rall*

The bass clarinets and C.B. clarinet play *pp* Eb [written F] whole note tied to dotted half note next bar (followed by a quarter rest). Horns are silent but Fags play *p* Great octave A/small octave C/Eb/Ab quarter notes to half notes to quarter notes tied to quarter notes next bar to dotted half notes decrescendo (followed by a quarter rest).

Bars 26-33 = N/A. *A Tempo (Allegretto)* 6/8 time

Dvd location is 00:09:58 as Jason appears along the riverbank to rescue the King. The opening melody line is reprised but this time played initially by open horns I thru IV. They play *ff* E [written B] quarter note to E 8<sup>th</sup> to F [written Line 2 C] 8<sup>th</sup> legato to G 8<sup>th</sup> to A 8<sup>th</sup>. In Bar 27, muted horns V thru VIII take over the same notes. In Bar 26, the bass clarinets and C.B. clarinet play *sff* small octave E [written F#] dotted quarter note tied to 8<sup>th</sup> note (followed by a quarter rest). Repeat next bar. After an 8<sup>th</sup> rest, the Fags and C. Fags play *ff* descending 8<sup>th</sup> notes small octave E-D (crossbeam

connected) to C-Great octave B-A 8ths (crossbeam connected). Repeat next bar.

Bar 34 = Ab min :59

Bar 35 = E min to Ab min (Ab/Cb/Eb).

Bar 37 = Repeat Bar 36. Harps are gliss on A min and Ab min.

Bars 38-40 = N/A. Bassoons play dyads.

Bars 41-2 = F# half-dim 7th played by Fags and C. Fags tied to next bar.

Bar 43 = N/A. Clarinets play the G/B whole note dyad, held fermata.

castanets. To my estimation, the quarter note = 132. Dvd location is 00:10:59 (or Chapter 5 starting at 1:41).

Bars 1-4 = ???

Flutes and clarinets play the combined ambiguity again of Ab and A minor notes. Clarinets play E while flutes play A/C/Eb/Ab notes. In Bar 2, the harps play Ab min and A min glisses as the flutes and clarinet repeat Bar 1. In Bars 3-4, the Fags take over for the flutes.

Bar 5 = A min (A/C/E) :11 cd. Dvd location is 00:11:07.

The flutes start to play the Feast's melody line *ff* on Line 2 E 8<sup>th</sup> note trill to D staccato 16<sup>th</sup> note (followed by a 16<sup>th</sup> rest) to a repeat of this figure and rest to E-E *rinforzando* quarter notes. Clarinets play *f* A/middle C/E [written B/D/F#] 8<sup>th</sup> note triads (eight per bar) notated as two half note triads with the horizontal bar across the stem. The tambourines and snare drums also play 8<sup>th</sup> note (notated as two figures (each figure of four 8ths crossbeam connected). Repeat next two bars. The castanets play a four-stroke ruff (three grace notes to quarter note) followed by a quarter and half rest. Repeat thru Bar 12.

Bar 6 = Repeat Bar 5.

Bar 7 = D min (D/F/A)

Flutes now play Line 2 D 8<sup>th</sup> note trill to C staccato 16<sup>th</sup> (followed by a 16<sup>th</sup> rest) to another such figure to D-D *rinforzando* quarter notes (repeat next bar). Clarinets play A/Line 1 D/F repeated 8<sup>th</sup> note triads (eight per bar).

Bar 8 = D min to A min

Flutes play Line 2 C 8<sup>th</sup> note trill to B 16<sup>th</sup> (followed by a 16<sup>th</sup> rest) to another such pattern to A-A *rinforzando* quarter notes. Clarinets play four A/D/F 8<sup>th</sup> note triads (D minor 2<sup>nd</sup> inversion) to four A/C/E (A minor root position) 8<sup>th</sup> note triads. Tambourines and snare drums play four 8<sup>th</sup> notes to two quarter notes. For an initial 8<sup>th</sup> note duration on the 1<sup>st</sup> and 2<sup>nd</sup> beats, we temporarily hear the D min 7<sup>th</sup> (D/F/A/C) tonality as the flutes play the C 8<sup>th</sup> note trills.

Bar 9 = F maj 7 (F/A/C/E)

Bar 10 = Repeat Bar 9.

Bar 13 (:26) = F maj (F/A/C) and A min to G Dom 7<sup>th</sup> (G/B/D/F)  
 Flutes play *ff* Line 1 E/A/Line 2 C/E rinforzando quarter notes  
 played 3X to E/A/C/E 8ths legato to G/B/D/F 8ths. The harps in effect play

the F major tonality in terms of melodic harmony or arpeggio repetition of those notes. Harp I plays *ff* Great octave F up to small octave C up to A 8ths (crossbeam connected) followed by an 8<sup>th</sup> rest and then another F-C-A 8ths figure (followed by an 8<sup>th</sup> rest). Repeat thru Bar 16. After an 8<sup>th</sup> rest, harp II plays small octave C up to A back to C 8ths (followed by an 8<sup>th</sup> rest) and then another C-A-C 8ths figure (repeated next three bars). Harp III is col harp I, and harp IV is col harp II.

Bar 14 = C maj (C/E/G) to B dim (B/D/F)

Flutes play three rinforzando G/Line 2 C/E/G quarter note chords to 8<sup>th</sup> notes legato to F/B/Line 2 D/F 8ths.

Bar 15 = A min (A/C/E) to B dim (B/D/F)

Flutes play E/A/Line 2 C/E rinforzando quarter notes three times to 8<sup>th</sup> notes legato to F/B/D/F 8ths.

Bar 16 = G maj (G/B/D) to F maj (F/A/C) to G maj to F maj to A min (A/C/E)

Flutes play D/G/B/Line 2 D rinforzando 8ths legato to C/F/A/C 8ths (repeat this two-note or chord figure) to E/A/C/E half notes.

Bar 17 = A min to B dim

The flutes are now unison *a4* on Line 1 E-E-E quarter notes to E legato to F 8ths. Clarinets play forte on A/Line 2 C/E [written B/D/F#] quarter notes played 3X to 8ths legato to B/D/F 8ths. Harp I (and III) plays A-small octave E-middle C 8ths in the pattern given earlier, while harp II (and IV) plays E-C-E 8ths.

Bar 18 = C maj to D min

Flutes play G-G-G quarter notes to G legato to A 8ths. Clarinets play C/E/G [written D/F#/A] quarter notes played 3X to 8ths legato to B/D/F 8ths. Harps repeat the previous bar.

Bar 19 = E min to D min to C maj to D min

Flutes play B-A-G-A quarter notes. Clarinets play Line 2 E/G/B quarter notes to D/F/A quarter notes to C/E/G to D/F/A. Harp I plays

Bar 20 = A min (A/C/E)

Flutes play Line 1 E whole note. Clarinets play A/Line 2 C/E whole notes. Harps repeat the previous bar.

Bars 21-28 = Repeat Bars 5-12.

Bar 29 = A min (A/C/E)

Flutes play A up to Line 2 A grace notes up to Line 3 A rinforzando quarter note (followed by a quarter and half rest). Clarinets play A/Line 2 C/E rinforzando quarter notes (followed by a quarter and half rest). Harps I & III play A/Line 2 C/E/A quarter notes (followed by a quarter and half rest) while harps II-IV play E/A/Line 2 C/E quarter notes. The tambourines, snare drums also play quarter notes. The castanets play a four-stroke ruff (followed by rests). End of cue.

T TR2M4 *Molto moderato e sostenuto* in 4/2 time.  
 Pages 20-21. Track # 5 starting at :16. Dvd location is 00:15:13 (or Chapter 6 starting at 1:09). Very impressive cue!

Bar 1 = F maj 7<sup>th</sup> (F/A/C/E)

Harp I plays *p* small octave A/middle C/E/F/A/Line 2 C/E whole notes arpeggiando (repeated same bar and repeat next bar). Flute I is *solo* playing *p dolce* < the melody line on Line 2 E half note to F-G quarter notes to A half note to B-A quarter notes to (Bar 2) G to E half notes to same E whole note decrescendo (all notes are played under the legato arc/umbrella).

Bar 2 = Repeat Bar 2.

Bar 3 = F maj 7<sup>th</sup> to B half-dim 7<sup>th</sup> (B/D/F/A)

The harp is arpeggiando on the same F maj seventh whole notes to A/B/D/F/B/Line 2 D whole notes arpeggiando. The flute continues the melody line crescendo on E half note to F-G quarter notes to A half note to G-A quarter notes to (Bar 4) G down to D half notes to E whole note.

Bar 4 = B half-dim 7<sup>th</sup> to A min

The harp plays again the B half-dim seventh whole notes to A/C/E/A/Line 2 C/E whole notes (arpeggiando).

Bar 5 = A min (A/C/E) to E min (E/G/B) :34 cd. Dvd 00:15:32.

Four oboes play *mf* equally Line 1 and Line 2 E half notes to E-E quarter notes to E-E half notes. Two English horns play *mf* A/middle C [written Line 1 E/G] whole notes to G/B [written D/F#] whole notes.

Bar 6 = N/A.

The english horns play F/A to E/G# whole notes. The oboes play E legato down to C quarter notes to D half note to E whole note. If you count the D half note, then the D minor (D/F/A) tonality is suggested.

Bar 7 = E min (E/G/B)

The oboes repeat Bars 5-6 in Bars 7-8, and the flutes now join in (also Lines 1 & 2). The dynamic level is now *f* (forte). English horns play F/A whole notes to G/B whole notes. Clarinet I plays Line 1 E [written F3] half note to E-E quarter notes to E-E half notes. Clarinets II-III play small octave F/A [written G/B] whole notes to G/B [written A/middle C#] whole notes.

Bar 8 = A min to E maj (E/G#/B)

Flutes and oboes play as given (see Bar 6). The English horns play A/C whole notes to G#/B whole notes. Clarinet I plays the given melody line (see flutes III-IV or oboes III-IV). Clarinets II-III play A/middle C whole notes to G#/B whole notes.

Bar 9 = N/A. (:52). Dvd 00:15:49 as Hermes starts his transformation.

We find here P4 and P5 intervals of E-A, D-G, B-E. Specifically, we find the flutes and oboes playing *ff* Line 1 E/A/Line 2 E/A half notes played twice to D/D/D/G dotted half notes legato down to E/B/Line 2 E quarter notes (for the flutes) and small octave B/Line 1 E/B/Line 2 E quarter notes for the oboes. The C.A. (cor anglais or english horns) play small octave A-A half notes to G dotted half note to E quarter note. Clarinets play small octave E/A/Line 1 E half notes played twice to D/G/Line 1 D dotted half notes to E/B/E quarter notes. Bass clarinets play *ff* on A/Line 1 E half notes to A/E half notes to G/D dotted half notes to E/B quarter notes. Harps I & II play *ff* on Line 1 E/A/Line 2 E/A half notes played twice to D/G/D/G whole notes. Harps III-IV play Great octave A/small octave E/A half notes played twice to G/small octave D/G half notes (followed by a half rest).

Bar 10 = N/A. Repeat Bar 9.

Bar 11 = E min 7th (E/G/B/D) to G Dom 7th (G/B/D/F)

Flutes and oboes play Line 1 D/A/Line 2 D/A half notes (perfect 5<sup>th</sup> intervals) to E/B/E/B half notes (P5 intervals) to F/Line 2 C/F/Line 3 C (P5) half notes to F/B/F/B quarter notes legato to E/A/E/A quarter notes. The english horns play small octave A-G-F half notes to G to A quarter notes. Clarinets play A/Line 1 D/A half notes to B/E/B half notes to middle C/F/Line 2 C half notes to B/E/B quarter notes legato to A/E/A quarter notes. Bass clarinets play A/E half notes to G/D half notes to F/C half notes to G/D to A/E quarter notes. The C.B. clarinet plays small octave A-G-F half notes.

notes to F/C half notes to G/D to A/E quarter notes. Harps I & II play Line 1 D/A/Line 2 D/A half notes to E/B/E/B half notes to F/C/F/C half notes (followed by a half rest). Harps III-IV play Great octave E/A/small octave E half notes to D/G/D half notes to C/F/small octave C half notes (followed by a half rest).

Bar 12 = G maj (G/B/D) to C maj 7th (C/E/G/B) to D min (D/F/A)  
Flutes and oboes play D/G/Line 2 D/G half notes to C/E/B/Line 2 E half notes to D/A/D/A whole notes. English horns play B to middle C half notes to D whole note. Clarinets play G/Line 1 D/G half notes to B/E/B half notes up to D/A/D whole notes. Bass clarinets play B/Line 1 D half notes to unison middle C half notes to small octave and Line 1 D whole notes. The C.B. clarinet plays B to middle C half notes down to D whole note. The bassoons play Great octave B/small octave D/G/B half notes to C/E/A/middle C half notes to D/F/A/Line 1 D whole notes. C. Fags play Great octave B/small octave G half notes to C/G half notes to D/F whole notes. [Note: only Fag III and C. Fag I play the F tones in the woodwinds] Harps I-II play D/G/Line 2 D/G half notes to C/E/C/E half notes to D/A/D/A whole notes. Harps III-IV play G/Line 2 E/G half notes to A/E/A half notes to B/F/B whole notes.

[resume Sunday, February 29<sup>th</sup> at 8 am]

Bar 13 = A maj (A/C#/E) to A maj to C# min (C#/E/G#) 1:11 cd. Dvd 00:16:07.

Horns are soli for four bars. They play *ff* A/middle C#/E/A [written Line 1 E/G#/B/Line 2 E] whole notes played twice. Then horn I plays G# [written Line 2 D#] *rinforzando* dotted half note down to E quarter note, while altri horns play small octave G#/middle C/E whole notes. In Bar 14, they play once again A/middle C#/E/A half notes twice to A/C#/E whole notes (while horn I plays G# *rinforzando* dotted half note to E# quarter note).

Bar 14 = A maj to A maj to A maj 7 (A/C#/E/G#). See above.

Bar 15 = F# min (F#/A/C#) to G# min (G#/B/D#) to A maj 7th (A/C#/E/G#) to G# min to F# min

Horns I-II play Line 1 A [written Line 2 E] half note to B [written F#] half note to Line 2 C# [written G#] half note to B to A quarter notes. Horns III-IV play middle C#/F# half notes to D#/G# half notes to E/A half notes to D#/G# to C#/F# quarter notes. In the staff below, horns V-VI play middle C#/F# half notes down to B/Line 1 D# half notes to A/middle C# half notes to B/D# quarter notes to C#/F# quarter notes. Horns VII-VIII play *a2* small octave A-G#-F# half notes to G# to A quarter notes.

Bar 16 = E maj (E/G#/B) to E maj to G maj (G/B/D)

In the same manner, the top staff horns play Line 1 E/G#/B half notes twice to D/G/B *rinforzando* whole notes. The bottom staff horns play small octave G#/B/Line 1 E half notes twice to G/B/D [written Line 1 D/F#/A] whole notes.

Bar 17 = E $\flat$  maj (Eb/G/Bb) to E $\flat$  maj to C maj (C/E/G). 1:28 cd. Dvd 00:16:25.

For two bars, trumpets and Pos take over *sol* (with triangles and tambourines adding more dynamic color). Trumpets I-II-III play Bb/Line 2 Eb/G half notes twice (trumpets IV-V-VI are silent for half a bar duration). Then all trumpets play Line 2 C/E/G *rinforzando* whole notes. In exactly the same pattern, the Pos (in th T T T ]T T T T T given for the trumpets but played an octave lower register (small octave Bb/Line 1 Eb/G half notes, etc). Two small triangles play *ff* (after two half rests) whole note trills (notated on the top two spaces of the staff). Similarly, two tambourines play whole note trills. Repeat next bar.

Bar 18 = A maj (A/C#/E) to A maj to C# maj (C#/E#/G#)

Trumpets play Line 2 C#/E/A half notes played twice to C#/E#/G# whole notes *rinforzando*. Pos play the same but an octave lower register.

Bar 19 = G $\flat$  maj (Gb/Bb/Db) to Bb maj (Bb/D/F)

High register woodwinds are *sol* playing legato and crescendo whole notes. Flutes play Line 1 Bb/Line 2 Db/Gb/Bb whole notes legato slur to Bb/D/G/Bb whole notes (flutes I and IV actually play the initial Bb whole note tied to another Bb whole note). Oboes are col the flutes. The English horns play Db/Gb whole notes to D/F whole notes. Clarinets are col the flutes. The bass clarinets play small octave Gb/Line 1 Db whole notes to F/Bb whole notes. The C.B. clarinet plays small octave Gb to F whole notes.

Fags play Great octave Bb/small octave Db/Gb/Bb whole notes to Bb/D/F/Bb whole notes crescendo hairpin.

Bar 20 = D maj (D/F#/A)

Flutes play fortissimo on Line 2 D/F#/D/Line 3 D breve (double whole note value) notes held fermata. The breve is notated as a whole note sandwiched in between two short vertical bars on each side. Oboes play the same. Clarinets play Line 2 F#/A/Line 3 D breve held fermata. The E. Horns play Line 1 F#/A [written Line 2 C#/E] breve notes, and the bass clarinets on small octave D/A, and C.B. clarinet on small octave D, and Fags on Great octave A/small octave F#/A, and C. Fags on Great octave D/A breve notes.

Horns top staff play A/Line 1 D/F#/A [written Line 1 E/A/Line 2 C#/E] breve notes held fermata, while bottom staff horns play small octave F#/A/D/F# [written middle C#/E/A/Line 2 C#] breve notes. Trumpets top staff play Line 2 D/F#/A notes, while altri trumpets play A/Line 2 D/A notes. Pos top staff play A/Line 2 D/F# notes while the altri Pos play Great octave A/small octave D/F# notes. Tubas play small octave F#/A breve notes (top staff) and Great octave D/A (bottom staff).

The harps are set in the key signature of D major (two sharps or F#-C#). Harp I plays Line 4 D 32<sup>nd</sup> note gliss down to Great octave D back up to Line 4 D (followed by a half rest and then another half rest held fermata). Harp II plays contrary motion. Harp III plays Line 3 A down to Contra-octave A up to Line 3 A followed by half rests. Harp IV plays contrary motion. Finally, the triangles and tambourines play *ff* on whole note trills to rinforzando quarter notes (followed by a quarter rest and a half rest held fermata).

Handwritten musical score for "Jason's arrival". The score is for a 3/4 time signature, marked "Allegro moderato". The title "Jason's arrival" is written at the top. The score includes parts for 3 Flutes (Fls), Sops, CTrp, 456, 123, Hps 3, 4, Glock, chime, and small Δ. A red box highlights the text "Hand-copied by Bill Washed". A circled number "13" is visible on the right side of the score. The score is written on aged paper with various annotations and markings.

Bar 1 = G min (G/Bb/D) and Eb maj 7<sup>th</sup> (Eb/G/Bb/D)

Harps I & II are also set in the G minor manner. Harp I plays *p* 16<sup>th</sup> arpeggio notes Line 2 Eb-G-Bb-Line 3 D down to Bb-G (notes connected by two crossbeams). This figure is played 3X (one per beat in 3/4 time). Harp II plays the same but an octave lower register.

Bar 2 = A maj (A/C#/E) and A Dom 7<sup>th</sup> (A-C#-E-G)  
 Trumpets I-II-III play as described above. Harps I-II are silent in this bar, but harps III-IV take over in the key signature of D maj/B min (two sharps). Harp III plays *p* on 16<sup>th</sup> legato and arpeggio notes Line 1 A up to Line 2 E-G-Line 3 C# down to G-E (connected by two crossbeams). This figure is played three times.

Bar 3 = Eb maj (Eb/G/Bb) and Eb maj 7<sup>th</sup> (Eb/G/Bb/D)

Trumpets IV-V-VI in cup mutes play Eb maj 2<sup>nd</sup> inv chords (Bb/Line 2 Eb/G) in the pattern given in Bar 1, yet harps are arpeggio on Eb maj 7 (repeat of Bar 1).

Bar 4 = E/G/A and A Dom 7<sup>th</sup>

Bottom staff trumpets continue on Line 2 E/G/A quarter notes to E/G/A half notes decrescendo. Harps III-IV repeat Bar 2.

Bar 5 = Eb maj and Eb maj 7<sup>th</sup>

This time around, three flutes take over the melody line *p* < on Line 2 Eb/G/Bb notes in the pattern given in Bar 1. Harps I-II repeat Bar 1.

Bar 6 = A maj (A/C#/E) and A Dom 7<sup>th</sup>

Flutes play E/A/Line 3 C# quarter notes to half notes. Harps III-IV repeat Bar 2.

Bar 7 = G min and Eb maj 7<sup>th</sup> and A Dom 7<sup>th</sup>

Flutes play (start of decrescendo) G/Bb/Line 3 D dotted half notes tied to dotted half notes next (end) Bar 8 > *ppp* and held fermata. Trumpets IV-V-VI play Line 1 G/Bb/Line 2 D dotted half notes *p* > *ppp* tied to next bar. Harp I is arpeggiando *pp* on Line 2 G/Bb/Line 2 D/Eb/G/Bb/Line 4 D quarter notes (followed by two quarter rests and silent in end Bar 8). Harp II plays arpeggiando Line 1 G/Bb/Line 2 D/Eb/G/Bb/Line 3 D quarter notes (followed by rests). After a quarter rest, harp III plays *pp* arpeggiando Line 2 G/A/Line 3 C#/E/G/A/Line 4 C# quarter notes (followed by rests) while harp IV plays Line 1 E/G/A/Line 2 C#/E/G/A/Line 3 C# quarter notes.

Bar 8 = G min

As given, the flutes and trumpets play the decrescendo tied dotted half notes held fermata.

T T R3M2 *Allegro vivace* in 12/8 time. Pages 23-25. Track #7. Dvd location is 00:20:03 (or start of Chapter 8) as you first see Hercules fighting in the Games.

Bar 1 = D# half-dim 7<sup>th</sup> (D#/F#/A/C#)

T T *ff* the Olympics fanfare for three bars.

Trumpets bottom staff (IV-V-VI) play Line 1 D#/F#/A dotted quarter notes tied to quarter notes to stand alone 8ths to two figures of triplet 8ths (each figure of three 8<sup>th</sup> chords tied by a crossbeam). Trumpets top staff play Line 2 C#/D#/F# notes in that pattern.

Bar 2 = A maj (A/C#/E) to D# half-dim 7<sup>th</sup> to A maj to D# half-dim 7<sup>th</sup>

Trumpets play middle C#/E/A/Line 2 C#/E/A quarter notes to 8<sup>th</sup> notes to D#/F#/A/C#/D#/F# *rinforzando* dotted quarter notes (repeat this pattern in this bar).

Bar 3 = C# maj (C#/E#/G#)

Trumpets conclude the passage on Lines 1 and 2 C#/E#/G# dotted half notes held *fermata* and tied to quarter notes and tied to 8<sup>th</sup> notes *rinforzando* (followed by a quarter rest). Two snare drums here sound *sff* a dotted half note trill (notated on the top space of the staff) tied to dotted

quarter note and then sounds (un-tied) an 8<sup>th</sup> note (followed by a quarter rest).

Bar 4 = D# half-dim 7th 00:08 cd.

Six Pos (trombones) take over the exact pattern and notes given in Bar 1 (played by the trumpets) but an octave register lower.

Bar 5 = A maj to D# half-dim 7th to C# maj

The Pos repeat the first half of Bar 2 and then play small octave C#/E#/G#/Line 2 C#/E#/G# dotted quarter notes held fermata and tied to 8<sup>th</sup> notes (but sounded rinforzando), followed by a quarter rest. At the end of this bar, all eight horns play *ff* small octave A [written Line 1 E] 8<sup>th</sup> note legato up to (Bar 6) F quarter note (etc).

Bars 6-8 = N/A.

The horns play, as given, Line 1 F quarter note down to middle C [written G] 8<sup>th</sup> legato slur up to A [written Line 2 E] quarter note down to small octave A [written Line 1 E] 8<sup>th</sup> legato up to F [written Line 2 C] quarter note down to middle C 8<sup>th</sup> up to A quarter note down to small octave A 8<sup>th</sup> to (Bar 11, start of page 2 of this cue) F-C-A 8ths (crossbeam connected) to another such figure to F dotted quarter note down to middle C quarter note up to A 8<sup>th</sup> up to (Bar 8) Line 2 C dotted half note held fermata tied to quarter and 8<sup>th</sup> notes (followed by a quarter rest). The snare drums sound a trill pattern as given before.

Bar 9 = Gb aug (Gb/Bb/D) C time 00:25 cd.

Open trumpets I-II-III and muted trumpets IV-V-VI play *ff* Gb/Bb/Line 2 D rinforzando dotted quarter notes to two 16<sup>th</sup> triads (repeat pattern in the same bar). Open and muted Pos play the same (but an octave lower register).

Bar 10 = Gb aug to E min (E/G/B) to Gb aug

T T T T Tg T T T<sup>th</sup> note figures to G/B/Line 2 E dotted 8ths to 16ths back to Eb/Gb/D quarter notes.

Bar 11 = E min to Gb aug to C maj (C/E/G) to D maj (D/F#/A)

Trumpets and Pos play G/B/E rinforzando dotted 8ths to 16ths figure to Gb/Bb/D quarter notes to G/C/E rinforzando quarter notes to A/D/F# rinforzando quarter notes.

Bar 12 = E min to D maj to C maj to D maj

Bar 13 = F# maj (F#/A#/C#)

Trumpets and Pos settle on A#/C#/F# half notes held fermata and tied to rinforzando-marked 8<sup>th</sup> notes (followed by an 8<sup>th</sup> and quarter rest). The snare drums and two tenor drums are rolled half notes to rinforzando 8ths.

Bars 14-18 = N/A. 12/8 time.

Horns play *fff* a series of dyads. They play Line 1 D/F# [written A/Line 2 C#] quarter notes to 8<sup>th</sup> notes to E/G# [written B/D#] quarter notes to 8ths notes (repeat this four-note pattern). In Bar 15, they play F#/A# quarter notes to 8<sup>th</sup> notes (and so forth). They settle at the end of Bar 18 on D/F# dotted half notes held fermata.

Bars 19-22 = N/A.

Open Pos play *ff* on small octave and Line 1 E quarter notes to 8<sup>th</sup> notes to triplet 8ths (repeat pattern same bar and repeat next three bars). The snare and tenor drums also sound that rhythmic pattern thru Bar 24. After a quarter and 8<sup>th</sup> rest in Bar 20, four tubas play equally Great octave and small octave C quarter note legato to D 8<sup>th</sup> up to G# dotted quarter note tied to 8<sup>th</sup> note to F#-G# 8ths up to (Bar 21) small octave and middle (Line 1) C dotted half notes tied to dotted quarter notes (followed by a quarter and 8<sup>th</sup> rest (4<sup>th</sup> beat duration in 12/8 time).

Bars 23-26 = N/A.

This time around muted trumpets play the Pos pattern *ff* on Lines 1 & 2 C/E/F# notes. After a quarter and 8<sup>th</sup> rest in Bar 24, the Pos play Great octave and small octave Ab quarter note legato to Bb 8<sup>th</sup> up to small octave and Line 1 E dotted quarter note tied to 8ths to D-E 8ths to (Bar 25, now played by the high tubas) G# dotted half notes tied to dotted quarter notes (followed by a quarter and 8<sup>th</sup> rest). But I wonder if Herrmann mistakenly put those notes for the tubas (probably should be Pos) because Bar 25 starts page 3 for this cue and perhaps he just wrote on the wrong brass choir staves.

Trumpets repeat Bar 24 in Bar 26. After a quarter and 8<sup>th</sup> rest in Bar 26, the horns play *fff* Line 1 E quarter note legato to F# 8<sup>th</sup> up to Line 2 C dotted quarter note to 8<sup>th</sup> note and then Bb-C 8ths.

Bar 27 = C# maj

Horns play *fff* Line 2 C# [written G#] dotted half note tied to dotted half note held fermata. Trumpets play Lines 1 & 2 C#/E#/G# 8<sup>th</sup> notes followed by rests. The drums play 8<sup>th</sup> notes followed by rests.

End of cue.

Nice choice and depth of orchestration here! Muted Pos play the G min (G/Bb/D) to F# min (F#/A/C#) half note chords, beginning an effectively menacing four-bar passage as the Argo sails into the isle of the Titans. After a quarter rest, Fags and C. Fags play Great octave register Eb half note up to A quarter note. With that Eb note, we hear for a quarter note duration the Eb maj 7<sup>th</sup> (Eb/G/Bb/D) tonality. If that Eb note was written as the enharmonic D# instead, we would hear the D# half-dim 7<sup>th</sup> (D#/F#/A/C#) on the 3<sup>rd</sup> beat.

Bar 15 = G min (G/Bb/D) to F# min (F#/A/C#)

Clarinets play small octave G/Bb/Line 1 D half notes *mf* < legato to F#/A/middle C# half notes decrescendo. After a quarter rest, the bass clarinets and C.B. clarinet play small octave Eb half note up to A quarter note.

Bar 16 = F min (F/Ab/C) to E min (E/G/B)

Pos return to play Great octave F/Ab/small octave C and F/Ab/middle C half notes legato to Great octave and small octave E/G/B half notes. After a quarter rest, the Fags and C. fags play Great octave D half note up to F quarter note. If you count the D note, you would see temporarily the D half-dim 7<sup>th</sup> (D/F/Ab/C) tonality.

Bar 17 = F min (F/Ab/C) to E min (E/G/B)

Clarinets, bass clarinets and C.B clarinet return in the same Bar 15 pattern.

Bars 18-19 = Eb min (Eb/Gb/Bb). Dvd 00:30:37.

Three Fags and clarinets play *sfp* < small octave Eb/Gb/Bb whole notes tied to whole notes next bar. After a quarter rest, the bass clarinets and C.B. clarinet play descending legato quarter notes middle C to small octave Bb to Ab to (Bar 19) Gb-F-Eb (followed by a quarter rest). After a quarter rest, Fag IV and the two C. Fags play small octave C to Great octave Bb to Ab quarter notes to (Bar 19) Gb-F-Eb-Db legato and crescendo quarter notes to (Bar 20) C whole note *sff*.

Bar 20 (1:12) = C maj (C/E/G) to Eb maj (Eb/G/Bb) to D maj (D/F#/A)

After a quarter rest, open horns play *ff* small octave E/G/middle C/E dotted 8ths to 16ths to G/Bb/Eb/G quarter notes to F#/A/Line 1 D/F# quarter notes.

Bar 21 = C maj to Db maj (Db/F/Ab) to C maj

Bass clarinets and the C.B. clarinet play *sff* > middle C [written D] whole notes. Three bassoons play Great octave C whole note. After a quarter rest, the now stopped horns play the same C major dotted 8<sup>th</sup> note to 16<sup>th</sup> chords to F/Ab/Db/F quarter notes to E/G/C/E quarter notes.

Bar 22 = C maj to Db maj to C maj

The Fags and C. Fags play Great octave C whole notes. After a quarter rest, the open (but not stopped) horns play E/G/middle C/E dotted 8ths to 16ths to Db/F/Ab/Line 1 Db quarter notes to C/E/G/middle C quarter notes.

Bar 23 = Db maj to C maj

Bass clarinets and C.B. clarinet play *sfff* > middle C whole notes held fermata. After a quarter rest, the stopped horns play *f* > Db/F/Ab/Line 1 Db quarter notes legato to C/E/G/middle C half notes held fermata.

T R4M3 *Largo* in 4/2 time. 22 bars, pages 34-5. Start of track #11. I calculated that the half note = 46. Instrumentation: 3 clarinets, 2 bass clarinets, C.B clarinet, 6 Fags, 6 Pos, 4 tubas, large Tam Tam. Dvd location is 00:31:43 (or Chapter 13 starting at 1:21).

Bar 1 = G min (G/Bb/D)

octave D/G/small octave D whole notes tied to whole notes (in effect a *breve* but not notated as such).

The image shows a handwritten musical score on aged paper. At the top, it is titled "The Titans" by "Rym". The tempo is marked "Largo (♩ = 46)". The score is written for multiple instruments: 3 Clars, 2 BCL, 1 CCL, 123 Pags, 456, 123 Pos, 456, 12 Tubas, 34, and Tam Tam (Lose). The notation is dense, featuring many ties, slurs, and dynamic markings such as "p" and "pp". A red stamp in the middle of the score reads "Hand-copied by Bill Washel". At the bottom, there are some circled numbers and arrows, possibly indicating a sequence of measures or a specific performance instruction.

T R4M4 *Lento* in C. 14 bars, page 36. Track #11 starting at 1:47. Dvd location is 00:33:11 (or start of Chapter 14).

Bars 1-14 = N/A.

4 harps play an ostinato pattern on various registers of C#. Four flutes, followed by 4 clarinets, and then 2 bass clarinets play descending major 3<sup>rd</sup> interval half note dyads. With the C# notes of the harp, occasionally you may hear a passing chord such as the F# maj (F#/A#/C#).

Specifically, harps I-II play *p* Line 4 C# 8<sup>th</sup> down to C#-C# Line 3 8ths back up to Line 4 C# 8<sup>th</sup> (these four notes are connected as a figure by a crossbeam). Repeat the figure in the same bar. The notes are written Lines 3 and 2 but the ottava is applied above the notes. Harps III-IV play middle (Line 1) C# 8<sup>th</sup> up to Line 2 C#-C# 8ths back down to middle C# 8<sup>th</sup> (crossbeam connected notes). Repeat in the same bar. All harps repeat Bar 1 thru Bar 5.

In Bar 2, flutes I & II (sharing the same staff) play forte *a2* descending half notes Line 1 B to A# to (Bar 3) A to G# to (Bar 4) G to F# to (Bar 5) F whole note (all notes are played under the legato umbrella). In

Bar 2, flutes III-IV play descending half notes Line 1 G to F# to (Bar 3) F to E to (Bar 4) Eb to D to (Bar 5) Db whole note.

The image shows a handwritten musical score for a piece titled "The Chamber" by Jason & Argonauts. The score is for Flutes I, II, III, IV, Clarinets I, II, Bass Clarinet, and Harps. It shows measures 1 through 14. A red box highlights a section of the score with the text "Hand copied by Bill Weibel". The score includes various musical notations such as notes, rests, and dynamic markings.

In Bar 6, the harps play the same pattern of C# 8<sup>th</sup> notes as given but an octave lower register respectively. So harps I-II are now *loco* playing Line 3 C# down to two Line 2 C# 8<sup>ths</sup> up to Line 3 C# 8<sup>th</sup> (repeat this figure in the same bar and repeat thru Bar 9). Harps III-IV (bass clef) play small octave C# 8<sup>th</sup> up to two middle C# 8<sup>ths</sup> back down to small octave C# 8<sup>th</sup>. Also in Bar 6, four clarinets take over the pattern played previously by the flutes. They play small octave G/B [written A/middle C#] half notes to F#/A# [written G#/B#] half notes, and so forth to (Bar 9) unison F whole notes.

In Bar 10, the harps play an octave lower register thru Bar 13. Two bass clarinets take over the descent of half notes. We find small octave G/B to Gb/Bb half notes to (Bar 11) F/A to Fb/Ab half notes to (Bar 12) Eb/G to D/F# half notes to (Bar 13) F whole notes tied to whole notes in end Bar 14 decrescendo and held fermata.

Similarly six trumpets equally play Lines 1 & 2 C notes in that pattern. Six Pos play as such on small octave and Line 1 C notes in that pattern. Cymbals crash *sff* on half notes (followed by a half rest), repeated next bar. Two bass drums sound *sff* four quarter notes (repeated thru Bar 12). The Tam Tam sounds *ff* a whole note let vibrate (repeated next three bars). After an 8<sup>th</sup> rest in Bar 11, the brass sound Db dotted quarter note legato to C half notes. Trumpets and Pos play this *sfp* < *sff* while horns play it *sff*. Repeat next bar except that the horn now play the notes as stopped notes (+ sign over the notes). In Bar 17, the lower registers of the C notes of the brass are eliminated. So, playing the same rhythmic pattern given in Bar 9, horns play on Line 2 C notes unison, trumpets on Line 2 C, and Pos on Line 1 C. Repeat next bar. Trumpets and clarinets are prominent playing the F maj 7 whole note chord tied to next bar. Yet the bass clarinet/C.B. clarinet/Fags/C. Fags/tubas play the F# note (part of their C#/C dyad), so this possibly adds the F# half-dim 7<sup>th</sup> tonality (F#/A/C/E) to the ambiguity factor!

So we find clarinets playing *sff* Line 2 E/F/A whole notes tied to whole notes next bar. Bass clarinets play small octave F# whole note tied to next bar (same for the C.B. clarinet). Curious that Herrmann has Pos VI playing the F# enharmonic note for Gb (played by Pos II). Combined we hear the C half-diminished 7<sup>th</sup> (C/Eb/Gb/Bb). The timp also plays the Great octave F# whole note as a trill roll (*tr*~~~~~) followed by a quarter rest. After a quarter rest, horns play *sff* middle C quarter note up to Gb dotted 8<sup>th</sup> down to Eb 16<sup>th</sup> up to B [written Line 2 F] half note. Repeat next bar (but as stopped notes). After two half rests, clarinets play small octave Eb/Gb/Bb quarter notes (clarinets I-II on Bb) *sf* to (Bar 5) Eb/G/Bb whole notes *sf* > (followed by a quarter rest). [I believe it should be Gb but Herrmann forgot to insert the flat accidental]

The bass clarinet and C.B. clarinet play this pattern on middle C quarter note to (Bar 5) C whole note (followed by a quarter rest). Fags play

sff small octave C/Eb/Gb/Bb quarter notes to (Bar 5) C/Eb/Gb/Bb whole notes (followed by a quarter rest). Contra-Fags play Great octave and small octave F# quarter notes to (Bar 5) F# whole notes.

After a quarter rest, clarinets play *ff* descending quarter notes thru Bar 10 starting on Lines 2 and 3 Eb-Cb-Lines 1 & 2 Ab-F to (Bar 9) Eb-Cb/small octave and Line 1 Ab-F-Eb to (Bar 10 in C time) unison middle Cb-Ab-Fb-Eb quarter notes to (end Bar 11) D whole note *sff* and held fermata. The bass clarinet and C.B. clarinet also join in on this pattern and register in Bars 10 & 11. Back in Bar 8, the bass clarinet and C.B. clarinet play *sff* > small octave F dotted half note tied to half note and tied to (Bar 9) dotted half note tied to quarter note (followed by a quarter rest). Fags and C. Fags play Great octave F dotted half notes tied to half note and tied to next bar in that pattern. Silent in Bar 10, they play in end Bar 11 Great octave D whole note *sff* and held fermata.

Bar 11 = N/A. The D whole notes are sounded (held fermata). Top staff Pos in Bar 8 play Ab/middle Cb/Eb dotted half notes tied to half notes and tied to next bar in that pattern (silent next two end bars). Pos IV-V-VI play Cb/Eb/F small octave notes in that pattern. In Bar 9, stopped horns play *mf* small octave F/Ab/middle Cb/Eb [written middle C/Eb/Gb/Bb] dotted half notes tied to half notes and tied to (Bar 10 now in C time) whole notes. In Bar 11, we find the horns staves showing whole rests held fermata.

T R6M5 *Allegro* in ¾ time signature. 50 bars, pages 56-59. Track # 16. Dvd location is 00:49:52 (or Chapter 17 starting at :35). [Note: This cue is difficult to clearly delineate chords because of the fast-paced nature of the cue and quick changes of tonalities, subject to various interpretations]

Bar 1 = Eb min (Eb/Gb/Bb) and C half-dim 7<sup>th</sup> (C/Eb/Gb/Bb) and D min (D/F/A) and D min/9<sup>th</sup> (D/F/A/E)

Harp I & II pluck Lines 1 and 2 Eb min (Eb/Gb/Bb) dotted half note chords let vibrate *sff* (*L.V.*). Muted trumpets I II-III play Line 1 Eb/Gb/Bb 8ths (followed by an 8<sup>th</sup> rest) to D/F/A 8ths (followed by an 8<sup>th</sup>

and quarter rest). Muted trumpets IV-V-VI play *ff* Eb/Gb/Bb quarter notes to D/F/A half notes decrescendo and tied to dotted half notes next bar. Fags and C. Fags play Great octave and small octave C 8<sup>th</sup> notes (followed by an 8<sup>th</sup> rest) to E 8ths (followed by an 8<sup>th</sup> and quarter rest). Very briefly, therefore, we briefly hear the C half-diminished 7<sup>th</sup> (C/Eb/Gb/Bb) on the first beat (or first half-beat!). Harps III-IV, after a quarter note, pluck Lines 1 and 2 D min (D/F/A) half note chords. Fags & C. Fags, as given, play the E 8<sup>th</sup> notes, so briefly we hear the D min/9 (D/F/A/E) tonality. 3 oboes/3 C.A./4 clarinets begin staccato triplet 8<sup>th</sup> note patterns on descending Line 1 (small octave for clarinets) A-F-D 8ths.

Handwritten musical score for "The Hang" by Jason, marked *allegro*. The score is for 4 Piccolo, 3 Oboes, 3 Clarinets, 1 Clarinet in C, 2 Bassoons, 4 Flutes, 2 Percussionists, and 6 Trumpets (C). The music features staccato triplet eighth notes in the woodwinds and muted trumpets. The score includes various annotations such as "stacc", "triplet", and "ff". A circled "6" is written at the top left, and "Jason" is written in the top right. The title "The Hang" is written in the top right. The score is on aged paper with some red markings on the right side.

D min (D/F/A) and D min/9<sup>th</sup> (D/F/A/E)

Fags/C. Fags/trumpets/harps repeat Bars 1-2. Two bass clarinets join in here to play *ff* unison middle C quarter notes to small octave and Line 1 E [written F#] half notes tied to dotted half notes next bar. After a half rest in Bar 3, three oboes/3 english horns/4 clarinets play *ff* Line 1 (small octave for clarinets) D-F-A triplet 8ths (crossbeam connected) up to (Bar 4) G-Bb-C# 8ths up to descending triplet 8<sup>th</sup> notes D-A-F (followed by a quarter rest).

Bars 5-6 = Eb min (Eb/Gb/Bb) and C half-dim 7<sup>th</sup> (C/Eb/Gb/Bb) and  
D min (D/F/A) and D min/9<sup>th</sup> (D/F/A/E) (:06)

Muted Pos take over the patterns played previously by the trumpets. Bass clarinets play unison middle C 8ths (followed by an 8<sup>th</sup> rest) to E 8ths (followed by an 8<sup>th</sup> and quarter rest). Fags and C. Fags play *sff* Great octave and small octave C quarter notes legato up to E half notes tied to half notes next bar (followed by a quarter rest). Harps I-II play small octave Gb/Bb/Line 1 Eb/Gb/Bb/Line 2 Eb dotted half notes. After a quarter rest, harps III-IV play F/A/Line 1 D/F/A/Line 2 D half notes. After a half rest, the oboes/English horns/clarinets play D-F-A triplet value 8ths to (Bar 6) G-Bb-C# 8ths . The English horns continue on Line 2 D 8<sup>th</sup> (followed by rests) while the oboes continue on Line 2 D-F#-A 8ths (followed by a quarter rest) and clarinet play this an octave lower register.

Bars 7-8 = Eb min (Eb/Gb/Bb) and C half-dim 7<sup>th</sup> (C/Eb/Gb/Bb) and  
D min (D/F/A) and D min/9<sup>th</sup> (D/F/A/E)

 Bar 31 = Bb min to A min  
 Bar 32 = N/A.  
 Bars 33-34 = D min (D/F/A) or B half-dim 7th (B/D/F/A) :45 cd. Dvd  
 00:50:37.

We find the triplet ascent of english horns/trumpets/Pos, yet  
 piccolos (etc) play B/D full note dyads. So this can be read as the B half-  
 diminished 7<sup>th</sup> (B/D/F/A). So we find piccolos playing *sfp* < Line 1 B/Line 2  
 D and Line 2 B/Line 3 D dotted half notes tied to half notes next bar to Lines  
 2 & 3 C/Eb rinforzando 8<sup>th</sup> notes *sff* (followed by an 8<sup>th</sup> rest). Three oboes  
 play Line 2 D/B/Line 3 D dotted half notes tied to half notes next bar to  
 Eb/Line 3 C/Eb rinforzando 8ths (followed by an 8<sup>th</sup> rest). Clarinets play the  
 same but an octave lower register. Two bass clarinets play small octave D  
 dotted half note tied to half note next bar to Eb rinforzando 8<sup>th</sup> (followed by  
 an 8<sup>th</sup> rest). Fags and C. Fags play Contra-octave D to Great octave Eb notes  
 in that pattern. Four cymbals are rolled on dotted half note to half note next  
 bar and followed by a rinforzando 8<sup>th</sup> note. In these patterns just given,  
 repeat in Bars 35-36.

After a half rest, 3 english horns/6 trumpets/ 6 Pos play ascending  
 triplet value 8<sup>th</sup> notes starting Line 1 (small octave for Pos) D-F-A to (Bar  
 34) G-Bb-Line 2 C# 8ths (followed by a half rest)

Bar 35-36 = D min (D/F/A) or B half-dim 7th (B/D/F/A)

Bars 37-38 = D min (D/F/A) or B half-dim 7th (B/D/F/A)

Cymbals are rolled a dotted half note crescendo to (end Bar 50) 8<sup>th</sup> note *fff* followed by rests.

Bar 50 = Gb aug (Gb/Bb/D)  
End of cue.

CHORD FREQUENCY RESULTS : Precise results are inconclusive. As stated earlier, the chord profile is subject to interpretation. If strictly minor chords, then the frequency is 88% with 12% augmented triads. If half-diminished 7<sup>th</sup>s are included, then 29% for them (59% for minor, and 12% for augmented). If min/9 chords and min 9 chords are included, there are even more complexities.

T R7M1A *Allegro Mod e molto pesante e marcato* in 6/8 time, 68 bars, pages 60-64. Start of track # 17. Dvd location 00:54:00 or Chapter 17 starting at 4:44 (essentially the start of Chapter 18). This is an especially ostinato-driven cue (and one of my favorites)!

By the way, I re-orchestrated the cue that Aleksandar Popovic performed via Midi:

<https://www.youtube.com/watch?v=Ex90KDWA73k> [Nets]

Bars 1-2 = N/A.

Clarinets I & II play the delayed triplet to triplet ostinato rhythmic pattern on *Chalumeau* register G notes. So we find clarinets playing *ff* small octave G [written A] dotted 8<sup>th</sup> note to G 16<sup>th</sup> to G 8<sup>th</sup> (these three notes are crossbeam connected) to G-G-G 8ths (crossbeam connected). Repeat in Bar 2 to (Bar 3) G 8<sup>th</sup> (followed by two 8<sup>th</sup>/quarter/8<sup>th</sup> rest marks). It is at this point in Bars 3-4 that clarinets III & IV take over the ostinato so that the first two clarinets can have a very quick smoke break before Bar 5 rolls along!

Bars 3-6 = N/A.

As given, the first two clarinets end on the G 8<sup>th</sup> while clarinets III-IV take over that same ostinato pattern. The bass clarinet & contra bass clarinet play *p* < Line 1 Eb [written F] dotted half note to (Bar 4) D [written E] dotted half note to (Bar 5) Db dotted half note *ff* down to (Bar 6) small octave A [written B] dotted half note decrescendo. All four notes are played

under the legato arc/umbrella. In Bar 5, clarinets III-IV play G 8<sup>th</sup> followed by rests as clarinets I-II return to play the ostinato for two bars.

Bars 7-10 = N/A. See Bars 3-4 for the clarinets III-IV.

The bass clarinet and C.B. clarinet play < > middle C [written D] dotted half note to (Bar 8) Bb [written middle C] dotted half note to (Bar 9) Ab [written Bb] dotted half note to (Bar 10) G [written A] half note. In Bar 7, clarinets I-II play the G 8<sup>th</sup> followed by rests while clarinets III-IV return to take over the ostinato for two bars (and so forth).

Bars 11-12 = N/A. (:12)

Clarinets I-II end their two-bar ostinato run on now the Ab 8<sup>th</sup> note (followed by rests). Clarinets III-IV play the ostinato pattern on the same Ab notes.

Bars 13-16 = N/A.

Fags I-II join in on the ostinato (along with clarinets I-II) *ff* on small octave A notes. C. Fag I and the bass clarinet & C.B. clarinet play Line 1 and Fag II plays small octave E dotted half note to (Bar 14) Eb dotted half note to (Bar 15) D dotted half note to (Bar 16) Bb dotted half note. In Bars 15-16, clarinets III-IV and Fags III-IV take

The image shows a handwritten musical score for a piece titled "The WETS". The score is written on aged paper and includes the following parts: Clarinets (CLAR 1-2, B.C.L., C.B.C.L.), Fagots (Fags 1-2), and Bassoons (B.C.Fag). The tempo is marked as "all'egro Mod" and "molto pesante". The score includes bar numbers 1 through 14, with some bars circled in red. There are also some handwritten annotations and markings, such as "R7 mia" and "The WETS". The score is written in a clear, legible hand.

Clarinets I-II and Fags I-II return to play the full ostinato for two bars, and then altri instruments in Bars 19-20. The bass clarinet/C.B. clarinets/C. Fags play Db dotted half note to (Bar 18) Cb dotted half note to (Bar 19) A dotted half note to (Bar 20) Ab dotted half note.

Handwritten musical score for Clarinets I-II, Bass Clarinet, and Fagot. The score is for measures 15 through 30. It shows complex rhythmic patterns and melodic lines for each instrument. A handwritten note at the top says "Hand copied by Bill W. L. Gal" and "36". The bottom of the page has circled measure numbers from 15 to 30.

Bars 21-22 = N/A. (:25)

Muted (*sords*) horns I thru IV are soli for these two bars playing *ff* the ostinato pattern as given small octave G/A [written Line 1 D/E] notes (rinforzando-marked on the initial dotted 8<sup>th</sup> note in Bar 21 and also Bar 22). In Bar 23, they play G/A 8ths followed by rests. However, *open* and stopped (+ sign over the notes) take over the ostinato for two full bars into the stand alone 8<sup>th</sup> in Bar 25.

Bars 23-26 = N/A.

All four clarinets, the bass clarinet, and C.B. clarinet play in Bar 23 small octave F [written G] dotted half note crescendo and legato to (Bar 24) E dotted half note to (Bar 25) Eb dotted half note *ff* (followed by a full bar rest in Bar 26). In Bar 24, the Fags and C. Fags join in on this pattern playing equally Great octave and small octave E dotted half note to (Bar 25) Eb to (Bar 26) Contra-octave and Great octave B dotted half note. Muted horns I thru IV return to play the ostinato in Bars 25-16.

Bars 27-30 = N/A.

Open and stopped horns V thru VIII return in Bars 27-28. In Bar 27, the clarinets/bass clarinet/C.B. clarinet play E dotted half note to (Bar 28) Eb to (Bar 29) D dotted half note (followed by a rest next bar). In

Bar 28, the Fags and C. Fags play Great octave and small octave Eb dotted half note to (Bar 29) D to (Bar 30) Bb. [Note: After Bar 30, Bars 1-30 are repeated in the film version (but not on the cd)]

Bar 31 = E min (E/G/B) Start of page 62.00:37 cd. Dvd 00:55:25.

A new developmental section of the cue commences here, and in a very vibrant way! Brass (except horns) are accentuated in Bars 31-32. We find *sords* trumpets I-II-III playing *sff* Line 1 E/G/B rinforzando dotted 8<sup>th</sup> notes to 16ths to 8<sup>th</sup> notes (crossbeam connected delayed triplet figure) played twice in Bar 31. Muted trumpets IV-V-VI play *sff* E/G/B 8ths (followed by a quarter rest) to E/G/B 8ths again (followed again by a quarter rest). Muted Pos play the same patterns but small octave register of E/G/B. Tubas I-II play Great octave E dotted half note crescendo to (Bar 32) F dotted quarter note *ff* to E rinforzando 8<sup>th</sup> note (followed by a quarter rest). Tubas III-IV play this in the Contra-octave register.

Bar 32 = F min (F/Ab/C) to E min (E/G/B)

All trumpets and Pos play F/Ab/Line 2 C (Line 1 C for the Pos) rinforzando 8<sup>th</sup> notes played three times (crossbeam connected) back to E/G/B rinforzando 8<sup>th</sup> notes (followed by a quarter rest). After quarter and two 8<sup>th</sup> rest marks, harps I-II play Line 2 and harps III-IV play Line 1 E/G/B 8ths up to Lines 2 & 3 E/G/B 8ths.

Bar 33 = E min

The woodwinds take over the same patterns in Bars 33-34. Clarinets play two delayed triplets on Line 1 E/G/B [written F#/A/Line 2 C#] *ff* (clarinets I-II playing unison the top B notes). Fags play the same delayed triplets but in the small octave register. The bass clarinet/C/B. clarinet/C. Fag I play small octave (Great octave for C. Fag II) E dotted half note to (Bar 34) F dotted quarter note back to E 8<sup>th</sup> (followed by a quarter rest). Curiously, Herrmann inserted the sharp accidental in front of the F note for the C. Fags but did not for the bass clarinet & C.B. clarinet.

Bar 34 = F min to E min

Clarinets and Fags play F/Ab/C 8ths 3 X (crossbeam connected) to stand alone E/G/B 8ths (followed by a quarter rest). Harps repeat Bar 32 in Bar 34.

Bar 35 = G min (G/Bb/D).

Trumpets and Pos return to play the same patterns but on G minor notes. The tubas play Contra-octave and Great octave G dotted half note crescendo to (Bar 36) F# dotted quarter note to G 8<sup>th</sup> (followed by a quarter rest).

Bar 36 = Eb min to G min

Bar 37 = G min

Woodwinds return. Brass are silent for two bars.

Bar 38 = Eb min to G min

Bar 39 = F# maj (F#/A#/C#) to F maj (F/A/C) (:47)

Clarinets play Line 1 A#/Line 2 C#/F# delayed triplet to A/C/E triplet 8ths. Fags play the same but an octave lower register. The bass clarinet/C.B. clarinet/C.Fag I play small octave (Great octave for C.Fag II) A dotted quarter note to Bb dotted quarter note crescendo. Muted trumpets return to play *p* < A#/Line 2 C#/F# dotted quarter notes to A/C/F dotted quarter notes to (Bar 40) G#/B/Line 2 E dotted quarter notes to G/Bb/Eb rinforzando 8<sup>th</sup> notes *sff* (followed by a quarter rest). Pos I-II-III play *p* < Great octave A dotted quarter note to Bb dotted quarter note to (Bar 40) B dotted quarter note to C rinforzando 8<sup>th</sup> (followed by a quarter rest). Altri Pos play *ff* A 8<sup>th</sup> (followed by a quarter rest) to Bb 8<sup>th</sup> (and so forth).

Bar 40 = E maj (E/G#/B) to Eb maj (Eb/G/Bb)

Pos and bass clarinet play B to C, the C to Eb maj creating a C min7 tonality (C/Eb/G/Bb). Clarinets and Fags play G#/B/E delayed triplet to G/Bb/Eb 8ths (followed by a quarter rest). After a quarter and two 8<sup>th</sup> rests, the harps play G/Bb/Eb 8ths up to G/Bb/Eb 8ths an octave higher.

Bar 41 = D maj (D/F#/A) to Db maj (Db/F/Ab)

Yet Pos and bass clarinet play C# to D, the C# creating a D maj 7 tonality (D/F#/A/C#).

Bar 42 = C maj (C/E/G) to B maj (B/D#/F#)

Yet Pos and bass clarinet play Eb to E.

Bars 43-46 = Bars 39-42.

After two quarter rests in Bar 8, bottom staff horns V-VI-VII-VIII play *sff* descending Line 1 A-F-D 8ths. After a quarter rest in Bar 8, top staff horns play ascending 8ths middle C-Eb-Gb (crossbeam connected) to F 8<sup>th</sup> (followed by a quarter rest). After two quarter rests, altri horns play descending F-D-small octave B [written Line 2 C-Line 1 A-F#]. Etc.

Bars 14-16 = E min

After a quarter rest, piccolos are now *flutter* and *sff* on Line 2 E/G/B (piccolos I-II on top note B) half notes (notated like the bowed trem of the strings). Repeat next two bars. All oboes play (after a quarter rest) Line 1 E/G/B half notes (non-flutter) and repeated thru Bar 16. After a quarter rest, clarinets are flutter-tongued on Line 2 E/G/B [written F#/A/Line 3 C#] half notes, repeated next two bars. Bass clarinets play small octave F# half note tied to 8<sup>th</sup> note (followed by an 8<sup>th</sup> rest). Repeat next two bars. Fags and C. Fags play Great octave F# half notes tied to 8<sup>th</sup> notes in that pattern. After a quarter rest, horns are flutter on E/G/B half notes (repeated next two bars). After a quarter rest, trumpets play (non-flutter) on Line 2 E/G/B half notes repeated next two bars. After a quarter rest, trombones (*Pos*) are flutter-tongued on small octave E/G/B half notes (repeated next two bars). Tubas play Contra-octave and Great octave F# half notes tied to 8<sup>th</sup> notes (followed by an 8<sup>th</sup> rest). Repeat next two bars. After a quarter rest, harps I-II play the upward gliss from Contra-octave Eb while harps III-IV play descending gliss from Line 4 Eb. The cymbals (after a quarter rest) sound a half note let vibrate (repeated next two bars).

Bars 17-18 = N/A.

Fags/C.Fags/tubas play on C sustained notes (overlap to next cue). So we find them all playing *sff* Great octave C dotted half note tied to C dotted half note in end Bar 18 and held fermata.

Handwritten musical score for 2 Basses, 1234 Flutes, 56 Flutes, 8 Horns, 6 Oboes, 12 Tubas, and 2 Timpani. The score includes various musical notations such as notes, rests, and dynamics. A red handwritten note at the top reads "Hand-copied by Gik Wicket". The bottom of the page shows bar numbers from 25 to 41.

Bar 25 = E<sub>b</sub> min to D min Dvd 00:58:52.

Delayed triplet chords to dotted quarter note chords are played by 8 horns. Tubas are sustained for three bars on B<sub>b</sub> tones. So horns play small octave and Line 1 E<sub>b</sub>/G<sub>b</sub>/B<sub>b</sub> rinforzando dotted 8ths to 16ths to 8<sup>th</sup> notes (delayed triplet figure) to A/F/A rinforzando dotted quarter notes. Tubas play Contra-octave and Great octave B<sub>b</sub> dotted half notes tied thru Bar 27. Timp I beats the delayed triplet on Great B<sub>b</sub> notes to B<sub>b</sub> quarter note (followed by an 8<sup>th</sup> rest), repeated next bar. Timp II is trill rolled on Great octave B<sub>b</sub> dotted half note tied thru next two bars.

II 1 gT Molto Sost e marcato in 6/8 time. 26 bars, pages 76-77. Not on cd. Dvd location 1:04:56.

Bar 1 = Eb min (Eb/Gb/Bb) to D min (D/F/A)

We hear a series of chromatic minor chord descents played in two different patterns. Three C.A. (English horns) play *ff* Line 1 Eb/Gb/Bb [written Bb/Line 2 Db/F] dotted quarter notes legato to D/F/A [written A/C/E] dotted quarter notes. All six Fags play the same but in the same octave register. Four open horns I-II-III-IV and four *sords* (muted) horns V-VI-VII-VIII play *sff* a Line 1 delayed triplet figure on Eb/Gb/Bb notes to D/F/A dotted quarter notes. Horns I-II are *a2* on the top Bb to A notes.

Pos (2 open, 2 muted) play small octave Eb/Gb/Bb delayed triplet to D/F/A dotted quarter notes. The initial dotted 8<sup>th</sup> notes of the delayed triplet are *rinforzando*-marked (as also for the horns). Tubas I-II (or I-III in the Parts) play *ff* Great octave Bb dotted half note tied to dotted half notes decrescendo next two bars, while tubas III-IV (or II-IV in the Parts) play Contra-octave Bb dotted tied half notes for three bars. Timp I beats *ff* Great octave Bb dotted 8<sup>th</sup> to Bb 16<sup>th</sup> to Bb 8<sup>th</sup> (delayed triplet figure) to Bb quarter note (followed by an 8<sup>th</sup> rest). Repeat next bar. Timp II plays Great octave Bb dotted half note trill roll (repeat next two bars). If you include the sustained Bb note played by the tubas, you would still have the Eb min tonality initially evolving into the Bb maj 7<sup>th</sup> (Bb/D/F/A) when combined with the D min (D/F/A) triads played by most of the players as given.

Bar 2 = Db min (Db/Fb/Ab) to C min (C/Eb/G)

The english horns and Fags continue the dotted half note descent. Horns and Pos continue in the same pattern as given in Bar 1. If you include the sustained Bb note, then you would have the Bb half-dim 7<sup>th</sup> (Bb/Db/Fb/Ab) tonality to C min 7<sup>th</sup> (C/Eb/G/Bb) tonality.

Bar 3 = B min (B/D/F#) to Bb min (Bb/Db/F)

The english horns and Fags continue the dotted quarter note descent. Horns and Pos now play a different pattern of B/D/F# *rinforzando* quarter notes to B/D/F# 8<sup>th</sup> notes to Bb/Db/F dotted quarter notes. Timp I also beats different ob Contra-octave BB quarter note to Bb 8<sup>th</sup> to Bb quarter note (followed by an 8<sup>th</sup> rest). If you include the sustained Bb note, then you hear the ambiguous Bb/B/D/F# tonality to of course the Bb min (Bb/Db/F).

Bar 4 = A min (A/C/E) to Ab min (Ab/Cb/Eb)

Fags and C.A. play the dotted quarter note descent (all notes from Bars 1 thru 4 are played under the legato umbrella). Horns and Pos play A/C/E *rinforzando* dotted quarter notes legato to Ab/Cb/Eb dotted

quarter notes. Tubas are silent, and also timp II. Timp I sounds the Bb dotted half note trill roll.

Bar 5 = G min (G/Bb/D) to F# min (F#/A/C#)

Fags and english horns play the dotted quarter note descent. Horns and Pos play the delayed triplet figure to F#/A/C# dotted quarter notes. Tubas now play Contra-octave and Great octave F# dotted half notes tied thru Bar 7. Timp I beats the Great octave F# delayed triplet to F# quarter note (followed by an 8<sup>th</sup> rest), repeated next bar, while timp II sounds the Great octave F# dotted half note trill thru Bar 7. If you include the sustained F# tone, then you would find the G minMaj 7<sup>th</sup> (G/Bb/D/F#) tonality initially.

Bar 6 = F min (F/Ab/C) to E min (E/G/B)

The C.A. play the small octave F/Ab/middle C [written Line 1 C/Eb/G] dotted quarter notes to E/G/B dotted quarter notes (they are then silent in Bars 7 thru 10). Fags play Great octave F/Ab/small octave C dotted quarter notes to E/G/B notes. Horns & Pos play the chords in the pattern given in Bar 5.

Bar 7 = Eb min (Eb/Gb/Bb) to D min (D/F/A)

Continue as before but now both the english horns and Pos are silent. Horns play the delayed triplet to D/F/A dotted quarter notes.

Bar 8 = Db min (Db/Fb/Ab) to C min (C/Eb/G)

Fags and horns play these chords as dotted quarter notes. Tubas and timp II are silent. Timp I is rolled on F# dotted half note.

Bar 9 = B min (B/D/F#) to Bb min (Bb/Db/F)

In this short transitional two-bar section, we only hear the four tubas playing *ff* > Contra octave and Great octave B and small octave D/F# dotted quarter notes to Bb/Db/F dotted quarter notes tied to dotted half notes next bar.

Bar 10 = Bb min (Tied from previous bar, as given).

Bar 11 = Eb min (Eb/Gb/Bb) to D min (D/F/A)

Woodwinds are soli in Bars 11 thru 18. The piccolo plays *p* on Line 2 Bb to A dotted quarter notes, while three flutes and three oboes play Line 2 Eb/Gb/Bb to D/F/A dotted quarter notes. Three clarinets and two

bass clarinets play *p* on small octave Bb [written middle C] dotted half note tied thru Bar 14.

Bar 12 = Db min to C min

Bar 13 = B min to Bb min

Bar 14 = A min to Ab min

Bar 15 = G min to F# min

Bar 16 = F min to E min

Bar 17 = Eb min to D min

Bar 18 = Db min to C min

Bar 19 = Eb min to D min

The above instruments are silent, taken over now (thru Bar 22) by the fags, horns, and Pos. Fags and Pos play the full chords on small octave Eb/Gb/Bb dotted quarter notes to D/F/A dotted quarter notes. Four open and stopped and four muted horns play small octave Bb [written Line 1 F] dotted quarter note to A [written Line 1 E] dotted quarter note. Timp I plays *ff* on Great octave Bb delayed triplet to stand alone Bb 8<sup>th</sup> (followed by a quarter rest). Repeat next three bars. Timp II is trill rolled on Bb dotted half note thru Bar 22.

Bar 20 = Db min to C min

Bar 21 = B min to Bb min

Bar 22 = A min to Ab min

Bar 23 = G min to F# min

Horns are silent to end of cue. Tubas join in, however, playing Great octave D/G/Bb/small octave D dotted quarter notes to C#/F#/A/small octave C# dotted quarter notes. Fags and Pos continue the full triad dotted quarter note descent. Timp I beats Great octave F# dotted 8<sup>th</sup> to F# 16<sup>th</sup> to F# 8<sup>th</sup> note (delayed triplet) to F# 8<sup>th</sup> (followed by a quarter rest). Timp II is trill rolled on F# dotted half note.

Bar 24 = F min to E min

Bar 25 = Eb min to D min to Db min

Bar 26 = C min

Fags play Great octave C/Eb/G dotted half notes held fermata. Tubas play Contra-octave G/Great octave C/Eb/G dotted half notes held fermata. All other instruments show the full rest mark held fermata.

The english horn plays rising quarter notes F#-G#-A.

Bar 12 = G maj (G/B/D) to F maj (F/A/C) C time.

The english horn continues the melody line on B-C#B-G# 8ths to B to A quarter notes decrescendo. Clarinet II plays Line 1 D to C half notes, while clarinet III plays small octave B to A half notes. Bass clarinets play G/D to F/C half notes.

Bar 13 = N/A.  $\frac{3}{4}$  time.

Horn I plays *p* < ascending quarter notes Line 1 D-E-F.

Bar 14 = C maj (C/E/G) (:40) C time.

The oboe, english horn, and horn play the melody (but most fully by the horn). We find the horn playing Line 1 B [written Line 2 F#] quarter note to A [written E] half note decrescendo down to E [written B] quarter note *mf* < up to (Bar 15) G quarter note to F half note down to D quarter note decrescendo to (Bar 16) middle C [written G] half note to small octave B quarter note (followed by a quarter rest). The C.A. and oboe play the same except for a quarter rest on the 3<sup>rd</sup> beats of Bars 14 & 15. In Bar 16, the E.H. plays Line 2 C half note to B quarter note (followed by a quarter rest) while the oboe end that bar on A-B 8ths to (Bar 17) G whole note decrescendo.

Clarinets and bass clarinets play in Bar 14 G/middle C/E whole notes crescendo and legato to (Bar 15) F/A/D dotted half notes decrescendo (followed by a quarter rest). The harps were actually written notes for Bars 14 thru 17 but were crossed out. Harp I plays *f* T g T T T<sup>th</sup> note figures Line small octave C up to G up to middle C (crossbeam connected) up to Line 1 E-G Line 2 C up to descending E-C-G down to E-middle C-G. Harp II plays Great octave G up to small octave C to G 8ths up to middle C-E-G up to descending Line 2 C-G-E to middle C-G-E 8ths. Harp III plays Great octave C-G-small octave C up to E-G-middle C up to descending E-C-G to E-C-Great octave G 8ths. Harp IV is arpeggiando

(vertical wavy line rolled chord) *ff* on Great octave C/G/small octave E/G/middle C half notes (followed by a half rest).

Sightation

Bass clarinets/C.B. clarinet/4 Fags start off with the G down to Db (tritone interval) 32nds notes to C dotted 8<sup>th</sup> figure tied to C half note. We find many tritone intervals, including the familiar F#-C interval.

In Bar 1, the bass clarinets, C.B. clarinet, and Fags play Line 1 (small octave for Fags I-II and Great octave for Fags III-IV) *rinforzando* G 16<sup>th</sup> down to Db 16<sup>th</sup> legato to C dotted 8<sup>th</sup> tied to C dotted half note to (Bar 2 in 2/4 time) Db *rinforzando* 8<sup>th</sup> note *sf* (followed by an 8<sup>th</sup> and quarter rest). After a quarter rest in Bar 1, eight horns play *sfp* < small octave C dotted

half note to (Bar 2) Db 8<sup>th</sup> (followed by rests). In Bar 2, both open and muted Pos play small octave Db 8<sup>th</sup> notes *sff* (followed by rests). Timps also beat the Db 8ths. Repeat Bars 1-2 in Bars 3-4.

Skipping to Bar 14 (:14), after a 16<sup>th</sup> rest, the clarinet family instruments play *ff* staccato 16<sup>th</sup> note figures of Line 1 Db-C-Db (followed by a 16<sup>th</sup> rest) to the same Db-C-Db 16ths note figure (connected by two crossbeams). Repeat thru Bar 25. Fags and C. Fags play the same but in the Great octave and small octave registers. Horns play *sff* small octave G [written Line 1 D] 16<sup>th</sup> (followed by a 16<sup>th</sup> and 8<sup>th</sup> rest) to another G 16ths (followed by the same rests) to (Bar 15) G 16<sup>th</sup> (followed by the same rests) to Ab 16<sup>th</sup> [written Eb] followed by rests. Repeat these two bars in Bars 16-17 and Bars 18-19. Pos play similarly but in the Great octave register. After a quarter rest in Bar 15, the timps beat rinforzando Db 8ths (followed by an 8<sup>th</sup> rest). Repeat in Bars 17 and 19. In bar 16, four oboes and 2 E.H. play *sff* < Line 1 D half note tied to quarter note next bar to EB rinforzando and *sff* 8<sup>th</sup> (followed by an 8<sup>th</sup> rest). Repeat in Bars 18-19.

Skipping to Bar 41 (:39) piccolos/flutes/oboes/clarinets play *ff* Line 2 16<sup>th</sup> note figures rinforzando G-Db-C-Db played twice to (Bar 42) Ab-Db-C-Db to A-Db-C-Db (Bar 43) Bb-Db-C-Db to B-Db-C-Db to (Bar 44) Bb-Db-C-Db to A-Db-C-Db, and so forth. The english horns, bass clarinets, C.B. clarinet play small octave G (Great octave for Fags and C. Fags) half note forte (steady crescendo thru the next three bars) to (Bar 42) Ab to A quarter notes to (Bar 43) Bb to B quarter notes to (Bar 44) B to Bb quarter notes to (Bar 45) Ab rinforzando and *sff* 8<sup>th</sup> (followed by an 8<sup>th</sup> rest) to G quarter note tied to quarter note next bar to Ab quarter note to (Bar 47) A to Bb quarter notes to (Bar 48) A quarter note to Ab rinforzando 8<sup>th</sup> (followed by an 8<sup>th</sup> rest). Four horns play the same run of notes in the Line 1 register. After a 16<sup>th</sup> rest, altri horns play Line 1 Db-C-Db 16ths (followed by a 16<sup>th</sup> rest) to another such figure (repeat thru Bar 48).

Starting in Bar 50 (:47) piccolos and flutes play Line 3 (Line 2 for oboes, small octave for bass clarinets and C.B. clarinet, and Great octave for Fags/C. Fags/Pos) G half note to (Bar 51) Ab half note to (Bar 52) A half note to (Bar 53) Bb half note to (Bar 54) B half note to (Bar 55, start of page 93) Bb half note to (Bar 56) A half note to (Bar 57) Ab rinforzando 8<sup>th</sup> note (followed by rest marks). All notes are played under the legato umbrella. After a 16<sup>th</sup> rest, clarinets play Line 3, C.A. and horns I thru IV play Line 2,

and horns V thru VIII play Line 1 16<sup>th</sup> note figures Db-C-Db (followed by a 16<sup>th</sup> rest) to Db-C-Db 16ths (repeated thru Bar 56).

In Bar 58 (:55) the stopped horns and Pos play the ascending to descending half note passage on Line 1 (small octave for Pos) G to (Bar 59) Ab, and so forth. After a 16<sup>th</sup> rest, all of the woodwinds play the Db-C-Db 16<sup>th</sup> note repeat figures. In Bar 66 (1:02), the horns are trill *sff* on Line 2 C (to Db) half note tied to half note next bar to (Bar 68, start of page 94) Db rinforzando 8<sup>th</sup> (followed by rests). The piccolos/flutes/oboes/clarinets play Line 3 (Line 2 for C.A.) half notes tied to next bar to (Bar 68) Db rinforzando 8<sup>th</sup>. After an 8<sup>th</sup> rest in Bar 68, the timps beat Db-Db-Db 8<sup>th</sup> notes crescendo to (Bar 69) Db 8<sup>th</sup> *sff* (followed by an 8<sup>th</sup> and quarter rest). In bar 69, the horns are trill as before but now on middle (Line 1) C half notes. Oboes/C.A./clarinets/clarinets/bass clarinets play Line 1 (small octave and Great octave for Fags/C. Fags) C half notes tied to half notes next bar to (Bar 71) Db 8<sup>th</sup>. In Bar 73 (1:07), Fags and open Pos play F#/small octave C half notes tied thru end Bar 77 (held fermata in Bar 77) while C. Fags play Great octave C half notes in that manner. The timps beat Db 8<sup>th</sup> notes in the pattern just given. In Bar 74, horns V thru VIII (in the bass clef) play small octave F# [written small octave C#] half note tied thru Bar 77, while altri horns play small octave C half notes. Bass clarinets and C.B. clarinet play F#/middle C half notes tied to end of cue. The timps sound in Bar 75 the Db 8<sup>th</sup> (followed by rests) to (Bar 76), after a quarter rest, Db 8<sup>th</sup> (followed by an 8<sup>th</sup> rest), and silent in end Bar 77.

Bars 1-2 = C min (C/Eb/G)

We find a simple 8<sup>th</sup> note rhythmic pattern played by harps, timps, Fags IV-V-VI and bass clarinets/C.B. clarinet. Specifically, the C.B. clarinet plays *mp* > middle C [written D] dotted quarter note (followed by an 8<sup>th</sup> rest). Repeat thru Bar 11. After an 8<sup>th</sup> rest, two (*a2*) bass clarinets play *p* small octave G up to Eb back to G staccato 8<sup>th</sup> notes (repeated next ten bars). Fag VI plays *p* Great octave C up to G up to small octave Eb down to G 8<sup>th</sup>

8ths. After an 8<sup>th</sup> rest, Fags IV-V play G up to small octave Eb down to G 8ths. Repeat thru Bar 11. Timp II softly beats *p* on small octave C 8<sup>th</sup> note (followed by an 8<sup>th</sup> and quarter rest). Repeat next ten bars. After an 8<sup>th</sup> rest, timp I beats Great octave G up to small octave Eb down to G 8ths (repeated thru Bar 11). Two tambourines sound a three-note ruff < *p* (two grace notes to 8<sup>th</sup> notes) followed by an 8<sup>th</sup> and quarter rest. Harps I and III sound *mf* Great octave C up to G up to small octave Eb 8ths (followed by an 8<sup>th</sup> rest). Repeat thru Bar 11. After an 8<sup>th</sup> rest, harps II-IV play C-G-Eb-G 8ths.

Bar 3 = C min

Fags I-II-III start to play the melody line *p* < on middle C/Eb/G quarter notes to same C/Eb/G quarter notes.

Bar 4 = D maj (D/F#/A)

Fag I plays F# dotted quarter note legato to D 8<sup>th</sup> decrescendo while Fags II-III play A/Line 1 D half notes. Repeat these two bars in Bars 5-6.

Bar 5 = C min

Bar 6 = D maj

Bar 7 = Eb maj (Eb/G/Bb) to F# dim (F#/A/C)

Fags play Bb/Line 1 Eb/G quarter notes to middle C/F#/A quarter notes.

Bar 8 = G min (G/Bb/D) to F maj (F/A/C)

Bar 9 = Eb min

Fags play Bb/Eb/G quarter notes twice.

Bar 10 = D maj (D/F#/A)

Fags play small octave A/Line 1 D/F# half notes.

Bar 11 = C min

Fags play G/middle C/Eb quarter notes twice.

Bars 12-13 = D maj tied to next bar.

Bassoons settle on small octave F#/A/Line 1 D half notes tied to half notes next bar decrescendo. In Bar 12, timp II now beats Great octave B 8<sup>th</sup> (followed by rests). Repeat thru Bar 19. After an 8<sup>th</sup> rest, timp I beats Great octave A up to small octave F# down to A 8ths (repeated thru Bar 19). Harps I and III play Great octave D-A-small octave F# 8ths (followed by an 8<sup>th</sup> rest). After an 8<sup>th</sup> rest, harps II-IV play A up to small octave F# down to A 8ths. Repeat thru Bar 19. The melodic harmony is therefore D major.

Bar 14 (:14) = D maj

Four flutes start the melody line *ff* on Line 1 D 8<sup>th</sup> to Eb quarter note to F# 8<sup>th</sup> to (Bar 15) G to A quarter notes (these five notes are played under the legato umbrella) up to (Bar 16) Bb 8<sup>th</sup> down to A quarter note to G 8<sup>th</sup> to (Bar 17) F# to Eb quarter notes. Etc.

Bars 15-19 = D maj

Bars 20-21 (:20) = Harps (etc) resume C min rhythmic notes thru Bar 28.

Bars 1-2 = N/A.

Four flutes play *p* > Line 1 E dotted half note followed by a quarter rest (repeat thru Bar 4). Clarinet I plays Line 1 and clarinets II-III play small octave E [written F#] dotted half note followed by a quarter rest (repeat next three bars). Snare drum I plays *pp* (in 12/8 time) the now familiar ostinato rhythmic pattern as given in the previous cue (played there by the horns) to (Bar 2) an 8<sup>th</sup> note followed by rests. Repeat these two bars in Bars 3-4, 5-6, 7-8, 9-10, and 11-12 (< *sff* in Bars 11-12). In bar 2, snare drum II takes over the same pattern to (Bar 3) an 8<sup>th</sup> note. Repeat in Bars 4-5, 6-7, 8-9. In Bar 10, it plays the full ostinato and also in Bar 11 to (Bar 12) an 8<sup>th</sup> note *sff*.

Bars 3-4 = N/A.

Two bass clarinets and one C.B. clarinet play (in C time) *pp*

[June 28, 2015 Facebook comment of mine:] Pay attention to the first twenty seconds of this You Tube presentation. It presents "The Golden Fleece" cue but NOT the original version as Herrmann wrote it (as heard in the Broughton recording for Intrada). What you hear in the movie is the EDITED short version. In the graphic below you will see the actual music used. Another image below that will show the actual written cue I hand-copied long ago but I added notes regarding Bars 6 thru 8 that were used in the movie version. The harps ONLY play the original Bar 6 figures for three times (sounding the D major arpeggio ascending-descending chords as 16th note figures), starting in the grace bar. The vibes sound for two bars, starting in Bar 1. Anyway, I actually like it better than the longer, original version-- has more mystique about it!

Bar 1 = N/A.

Three clarinets/2 bass cls/1 C.B.clarinet play F# down to G half notes up to C# whole notes. Specifically, they play *ff* F# [written G#] half note legato down to small octave G [written A] half note legato up to middle C# [written D#] whole note.

Bar 2 = N/A.

These instruments continue on Line 1 D [written E] down to small octave E [written F#] half notes up to Bb [written middle C] whole note.

Bar 3 = N/A.

They continue on small octave Ab [written Bb] up to middle C [written D] half notes down to small octave D [written E] whole note tied to whole note next bar (followed by a half rest). Then they play D half note tied to (Bar 5) D whole note (followed by a half rest) to D half note tied to whole note in Bar 6 (followed by two half rests for the clarinets).

Bar 4 = F# maj (F#/A#/C#) to C maj (C/E/G) to F# maj

Vibe I plays *pp* Line 2 A#/Line 3 C#/F# half notes to G/Line 3 C/E half notes to F#/A#/Line 3 C# whole notes. Vibe II plays Line 2 C#/F#/A# to C/E/G half notes to A#/Line 2 C#/F# whole notes. After two half rests, two susp cymbals play *pp* < > rolled (trem) whole notes. After three half rests, the Tam Tam sounds *ppp* a half note let vibrate (notated below the bottom staff line).

After two half rests, harp I plays *pp* ascending to descending 16<sup>th</sup> note figures (four per bar) starting on Line 2 [written Line 1 but the ottava *8va* is outlined above the notes] C#-F#-A#-Line 3 C# (connected by two crossbeams) up to F#-A#-Line 4 C#-F# (connected by two crossbeams) to descending 16ths starting on that same Line 4 F#-C# Line 3 A#-F# (connected by two crossbeams) down to C#-Line 2 A#-F#-C# 16ths (connected by two crossbeams). Harp II is *col* Harp I but (*loco*) [octave register lower as written]. Harp III (bass clef) plays the same notes and pattern but an octave lower than harp II (starting small octave register). Harp IV plays the pattern starting in the Great octave register.

Bar 5 = C maj (C/E/G) to G maj (G/B/D) to Eb min (Eb/Gb/Bb)

Vibe I softly strikes Line 2 G/Line 3 C/E half notes to G/B/D half notes down to Line 2 Eb/Gb/Bb whole notes. Vibe II plays Line 2 C/E/G half notes to G/B/D half notes to Gb/Bb/Line 1 Eb whole notes. The susp cymbals and Tam Tam repeat the previous bar.

After two half rests, harp I plays ascending 16ths Line 1 Bb-Line 2 Eb-Gb-Bb up to Line 3 Eb-Gb-Bb-Line 4 Eb to descending same Line 4 Eb-Line 3 Bb-Gb-Eb down to Line 2 Bb-Gb-Eb-Line 1 Bb. The other harps play successively an octave lower register, as given before.

Bar 6 = Ab maj (Ab/C/Eb) to D maj (D/F#/A)

Vibe I sounds Line 2 Eb/Gb/Line 3 C half notes to F#/A/Line 3 D double-dotted whole notes. Vibe II plays Line 1 Ab/Line 2 C/Eb half notes to A/Line 2 D/F# double-dotted whole notes. After two half rests, the harps play the figures heard in repeated fashion in the final edit of the motion picture. Harp I plays Line 2 D-F#-A-Line 3 D up to F#-A-Line 4 D-F# to descending F#-D-A-F# to D-A-F#-D. Harp II is loco, while harp III starts the ascent in the small octave register, and harp IV plays Great octave D-F#-A-small octave D 16ths (and so forth).

The bass clarinets and C.B. clarinet play on the fourth (half note) beat small octave D half note tied to whole note next bar (followed by a half rest) to D half note tied to (end Bar 8) breve (double whole note) held fermata. In Bar 7, the clarinets play crescendo small octave Eb/Ab/middle C whole notes legato to F#/A/Line 1 D whole notes decrescendo. Clarinets are silent in end Bar 8. The susp cymbals and Tam Tam are also silent in the end bar.

Bar 7 = As given, clarinets play Ab maj 2<sup>nd</sup> inv (Eb/Ab/C) to D maj 1<sup>st</sup> inv (F#/A/D).

Bar 8 = N/A. Bass clarinets and C.B. clarinet play small octave D breve notes.

End of cue.

Bar 1 = N/A. The timp beats *mf* Great octave G half note (followed by a half rest). Bass clarinet I plays legato four triplet 8<sup>th</sup> notes of small octave D-F-C# to C-B-Bb to A-Ab-G to Gb-F-E. In the *Reef* cue, the piano also plays the pattern as staccato notes but the piano line was deleted in the *Jason* cue.

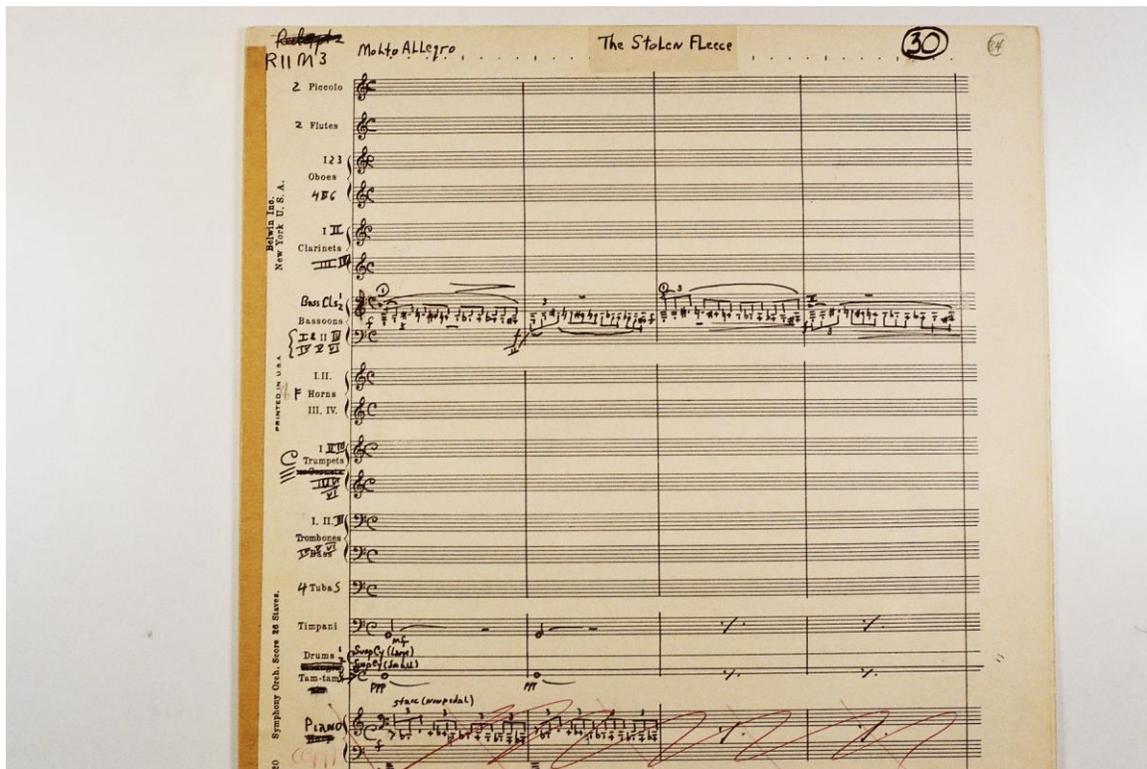

Bar 2 = N/A. Bass clarinet II takes over with the same notes as Bar 1.

Bars 3-35 = N/A.

Bars 36-37 = The original Bars 36-7 in the *Reef* cue were indeed used (D# min 7 to C half-dim 7), but they were deleted in the *Jason* version. At the end of that page (page 90 in *Reef* and page 129 in the *Jason* cue),

So in Bar 36, the stopped horns & open Pos play Line 1 (small octave for the Pos) F# down to G half notes up to C# whole note. Bar 37 continues the passage.

Bars 38-39 = N/A.

Bar 40 = N/A. Bass clarinets/Fags/tubas play Ab to C whole note and two cymbals are rolled  $p < f > p$ .

Bar 41 = N/A. D (small octave for the bass clarinet, Great octave for Fags) double whole notes (breve) held fermata. Curiously, Herrmann notates the tubas playing two whole notes tied to two whole notes held fermata rather than insert a breve symbol. The Tam Tam also plays a fermata-held breve note. This bar was not used in Jason. In fact, the music seques to Bar

T R11M4 *Molto Sost e Largo* in 4/2 time, 25 bars, pages 131-133. Track # 25 starting at 1:20 (Bar 6). Dvd location 1:33:20 roughly

since the first eight bars roughly were not used (or at least not heard against the roar of the hydra corpse being consumed by fire). It sounds as though Herrmann introduced a few suspended cymbals loudly playing here as the fire commences.

Bar 1 = N/A. 2 bass clarinets/1 C.B. cl/4 Fags/2 C. Fags play *ff* the Golden Fleece theme on Line 1 (small octave for Fags and C. Fags) F# down to G half notes up to C# whole notes *sff*. After two half rests, eight horns play *sff* stopped small octave C# [written G#] whole notes. After two half rests, the *low* Tam Tam sounds *pp* a whole note let vibrate and repeated thru Bar 4 (notated below the bottom line of the staff).

Bars 2-24 = N/A.

The bass clarinets, Fags, and C. Fags continue the melody line on E legato down to F# half notes up to C whole notes. After two half rests, the stopped horns play *sff* on small octave C whole note. In Bar 3, the woodwinds as given play D down to E half notes up to Bb whole notes. After two half rests, the horns play Great octave Bb whole note. In Bar 4, the bass clarinets and C.B. clarinet play small octave A up to middle C# half notes down to G whole note, while the Fags and C. Fags play Great octave A down to C# half notes up to G whole note. After two half rests, stopped horns sound small octave G whole note [written small octave D in the now bass clef]. In Bar 5, the woodwinds play Ab up to C whole notes (horns and Tam Tam are silent). In Bar 6, the woodwinds play small octave (Great octave for Fags & C. Fags) D whole note tied to D half note (followed by a half rest). Repeat next bar. After a half rest, stopped horns (back to the treble clef) play *sff* > Great octave and small octave Ab [written Eb] half notes tied to whole notes. Repeat next bar. The Tam Tam sounds a whole note (followed by two half rests). Double bar lines traverse the entire cue at the end of this cue. The Tam Tam in Bar 7 is trill rolled on two whole notes (repeated next bar and halfway into Bar 9). After two half rests, tubas are *sol* playing Great octave and small octave D whole notes *p* < to (Bar 8) Great octave and small octave D/Eb whole notes to D/E whole notes to (Bar 9) fortissimo Eb/F whole notes to D/E whole notes decrescendo to (Bar 10) Db/Eb to unison D whole notes. In Bar 9, the woodwinds return (after a Bar 8 rest) to play Great and small octaves of D whole notes tied to whole notes and tied to whole notes in Bar 9 (followed by two half rests). After a half rest in Bar 9, stopped horns play Great octave and small octave Ab half notes tied to whole notes *sff* > (silent next bar). Double bar lines traverse the cue at the end of Bar 10.

In Bar 11 (dvd 1:33:27), we come to the new tempo marking of *Allegro Pesante* in  $\frac{3}{4}$  time as the skeleton teeth motif is introduced (played initially by the clarinets/bass clarinets/C.B. clarinet). First we hear the *sords* (muted) Pos playing *sff* > Great octave and small octave Bb half notes tied to 8<sup>th</sup> notes (followed by an 8<sup>th</sup> rest). After a quarter and dotted 8<sup>th</sup> rest, the clarinet family instruments as mentioned play *fff* and *stacc* (staccato) stand alone small octave D 16<sup>th</sup> to F-D-F-D staccato 16ths (these four notes are connected by two crossbeams). Repeat thru Bar 17. In Bar 12 (start of page 132), the trombones now play Great octave and small octave A half note tied to 8<sup>th</sup> note (followed by an 8<sup>th</sup> rest) to (Bar 13) Bb notes in the pattern just given to (Bar 14) G notes to (Bar 15) A to (Bar 16) F to (Bar 17) G. Bar 18 was deleted in the score.

In Bar 18, stopped horns play *sf* > *p* small octave Bb [written Line 1 F] half notes tied to 8<sup>th</sup> notes (followed by an 8<sup>th</sup> rests). Pos were originally written in here to play Great octave Bb notes in that same pattern but Bars 18 thru 23 were deleted for the Pos. Tubas, however, do play Contra-octave and Great octave Bb half notes tied to 8<sup>th</sup> notes. After a quarter and dotted 8<sup>th</sup> rest, oboes and english horns play *sff* Line 1 D staccato stand alone 16<sup>th</sup> to F-D-F-D staccato 16ths (connected by two crossbeams). Repeat thru Bar 24. Fags and C. Fags play the same pattern and notes but equally in the Great and small octave registers. Repeat thru Bar 24 as well. After a quarter and dotted 8<sup>th</sup> rest in Bar 19, the clarinets/bass clarinets/C/B/ clarinet play D 16<sup>th</sup> to F-D-F-D 16ths. Repeat in Bars 21, 23, and 24.

Bar 25 = B dim 7<sup>th</sup> (B/D/F/Ab)

Bass clarinets and C.B. clarinet play small octave F dotted half note held fermata, while Fags and C. fags play Great octave and small octave F dotted half notes. Muted Pos play *sff* > Great octave F/Ab/B/small octave D/F/Ab dotted half notes held fermata. The tam Tam sounds a dotted half note held fermata.

End of cue.

English horns and clarinets play small octave A legato to G whole notes. Bass clarinets and C.B. clarinet play A up to middle C# half

notes down to G whole note. Fags and C. Fags play Great octave A down to C# half notes up to G whole note.

Handwritten musical score for "The Cure" by Jason. The score is for a woodwind section and includes parts for 4 Flutes, 2 Oboes, 3 Clarinets (Bb, Bb, Bb), 2 Bassoons, 1 Contrabassoon, 4 Fagots, 2 Contrabassoons, Percussion (Percussion), Horns (1, 2), Horns in 3 parts, and Timpani. The score is divided into measures 5, 10, 15, 20, and 25. The key signature is one sharp (F#) and the time signature is 4/4. The score is hand-drawn and includes performance instructions such as "Piu mosso" and "coll. Hp 2 11". The score is hand-copied by Bill W. and includes a circled number 6 at the bottom.

Bar 5 = N/A.

The english horns are silent in this bar. The clarinet family instruments play Ab up to middle C half notes deeply down to small octave D whole note tied to whole note next bar (followed by a half rest) to D half note tied to (Bar 7) whole note (followed by a half rest) to D half note (repeat next three bars). Back in Bar 5, the Fags and C. Fags play Great octave Ab up to small octave C half notes down to Great octave D whole

note tied to whole note next bar (followed by a half rest) to Great octave and small octave D half notes tied to (Bar 70 D whole notes (followed by a half rest) to same D half notes tied to whole notes next bar, and so forth.

Talking Herrmann 1999:

Last Thursday night I ordered a copy of Intrada's new CD release, *JASON & THE ARGONAUTS*, and it arrived in the mail today(Monday).

Intrada deserves praise for its creation, and Bruce Broughton as well!

I have a few minor criticism, and one MAJOR criticism; namely, too many cue cuts!

However, the performance is excellent overall, and the close miking technique was the right choice!

Here is my brief cue rundown:

"Jason Prelude" Gets better and better each second.  
R1M2 "The Prophecy" Harp playing is crisp.  
6 Fags/2 bass cls/1 C.B. Clarinet sound terrific.  
R1M3 "The Battle" Fine.  
R1M4 "Hera's Temple"[DELETED]Understandable.  
Space considerations dictate here, I suppose.  
OK but it's not OK. Miss this nice cue.  
R2M1 "River Bank"  
CD version = 1:42  
BH version = 1:28  
R2M2 "The Feast" Nice.  
R2M3 "The Oak Grove" The harp is quite  
up-close-and-personal! Very nice!  
R2M4 "The Ascension" Competent & sure performance.  
R3M1 "Jason's Arrival"[DELETED] :13.  
Too bad. I miss this charming cue!  
R3M2 "The Olympic Games" Least satisfying  
cue in the CD. Too slow. Unnecessary pauses.  
Better to have deleted this for a more worthy cue.  
R3M3 "The Discus"[DELETED] OK. No great loss.  
R3M5 "Victory"[DELETED] Too bad.  
Better cue than "The Olympic Games."  
R3M6 "Departure" Fine,  
R4M1 "Hera's Effigy" Added bars. Very nice!  
R4M2 "Argo" Terrific sonorities!  
Bar 14 = 4 Fags/2 C. Fags/ 6 Pos  
Bar 15 = 3 Cls/2 bass clarinets/C.B. Clarinet  
R4M3 "The Titans" Competent and sure.  
R4M4 "The Chamber" Good harp playing. Crisp and clear!  
R4M5 "The Door" :11. Good to finally hear this!  
(deleted from the pic)  
R5M1 "Talos" When the 2 timp and 2 bass drums play,  
very deep & right-there-in-your-face. Stunning!  
R5M2 "The Boat' Good.  
R5M3 "The Wreck" Good.  
R5M4 "Hera Speaks" CD = :57; BH =:34.  
Good to have, but best to delete to make room for a deleted cue.  
"The Attack" "Talos' Heel" "Talos' Death"  
All good, but perhaps delete Attack to make room for something else.  
Too great a saturation of the Talos music.

"Sorrow" "Hera's Warning"  
 CD = 1:40; BH = 1:10.  
 R6M4 "Sailing"[DELETED]Miss it, but ok.  
 R6M5 "The Harpies" Classic cue for this movie.  
 R7M1A "The Nets" Loved the music wedded with the night scene!  
 But in this CD, Bars 1-30 are not repeated.  
 Understandable(space restraint)but miss it.  
 R7M1C "The Rope" Finally the whole cue!  
 R7M2 "The Cage"  
 R7M3 "The Narrows"[DELETED] Oh, well...  
 R7M3A "Drumbeats"[DELETED] No loss...  
 R8M1 "Medea's Ship" Good, but could've been replaced.  
 R8M3 "Trapped"[DELETED] :43. Too bad.  
 Very nice cue. Oh, well...  
 R8M4 "Triton" Another classic scene, but BH  
 performed this on LP/CD.  
 R8M6 "Rescue"[DELETED]OK(like "Medea's Ship").  
 R8M7 "Medea" I had hoped Intrada would've  
 included the Harp in Bars 14-17 which BH deleted.  
 R9M2 "A & J Fight" OK, but not up to BH's standards. Weak version.  
 R9M3 "Medea's Flower"[DELETED]Too bad...  
 R9M4 "Temple Dance" CD = 2:24; BH = 2:13.  
 R9M5 "King Fanfare"[DELETED] Miss this one!  
 R10M2 "The Banquet"[DELETED] Delightful allegretto melody of the 4  
 flutes,  
 with ostinato harp. I REALLY miss this one!  
 R10M3 "Jason's Arrest"[DELETED] OK.  
 R10M4 "Medea's Prayer"[DELETED] Too bad. Very atmospheric.  
 R10M5 "Duo"[DELETED] OK.  
 R10M6 "Escape"[DELETED] OK.  
 R10M7 "The Glade" Good.  
 R11M1 "The Golden Fleece" Nice music, terrific harp.  
 Vibes weak. Cue not quite as magical as BH's version.  
 R11M2 "The Hydra" One of the best performances!  
 R11M2A "Hydra Fight" Good.  
 R11M3 "The Stolen Fleece" Not as good as Benny's version.  
 R11M4 "The Teeth" Very good!  
 R12M1 "The path" Much slower, ponderous version.  
 Sounds good though.  
 R12M2 "The Cure" Nice to hear! Vibes still weak, though.

R12M3 "Hydra's Teeth" Good.  
R12M4 "Skeletons" Great clarity of the percussion!  
R12M5 "Attack" THIS time it is too fast!  
Hurried performance. Weaker cue.  
R12M6 "Scherzo Macabre" Great to hear this clearly!  
R12M7 "Finale" Perhaps the BEST or most satisfying cue!  
It is as though Benny came back to sequence in new music!  
This CD is a MUST HAVE for collectors!  
Congratulations, Intrada!

June 27, 2013:

"The Golden Fleece cue" in *Jason & the Argonauts* is a delightfully atmospheric cue in the major tonalities primarily. In the movie (dvd) it is first heard at 1:27:08. However, the music you hear is not all of Bars 1 thru 8. Indeed all you hear as reflected in the written cue are Bars 6 thru 8. And you do not even first hear the start of Bar 6 with the two vibes sounding the Ab maj to D major chords. What you first hear are the four harps at the second half of Bar 6 playing a rising to falling legato diatonic phrasing of the D major (D-F#-A) tonality in 16th note figures. So what you hear is a repeat of Bar 6 essentially three times but the harps are heard 3X and the vibes 2X.

Now: Whether this was totally of Herrmann's design, I do not know. Perhaps he felt he needed to change the sequencing of the music at the time of the recording, departing from the original layout of the cue as originally written. Since Bar 4, Bar 5, and Bar 6 play the same structure (vibes followed by the harps) this would still fit the time allowed in the scene since Bar 6 is essentially repeated 3X (much the time allotted for Bars 4-6). But for some reason I suppose Herrmann decided not to use Bars 4-6 but just Bar 6 alone in repetition. Of course the first three bars played by the clarinets/bass clarinets/C.B. clarinet is not heard. Apparently the scene was edited (cut) and had no room for the first three bars. So Herrmann had to adjust to the new conditions.

Now: You can hear the complete cue as originally written in the Bruce Broughton/Intrada rerecording (track # 23 starting at :26). But the movie edited version has a powerful appeal for me. It works quite well! As I believe Acastus comes into view in the grotto, you hear some sort of audio

special effect. I don't think it is an expression of music Herrmann composed, and it doesn't sound like anything the clarinets family were expressing. Not sure what that is just immediately prior to 1:27:08 when the harps are first heard. Maybe Jim Doherty or somebody might have a better ear for it than I! Then the Golden Fleece is seen on the large branch of a grotto tree. That's when the scintillating harps are heard (followed by the vibes, etc). If you wanted to repeat the music as presented in the movie via the Intrada recording, you need to do some quick and accurate back-pedaling with your fingers on your reverse function of your cd players. Overall or roughly each half note in 4/2 time is about a second in duration. So roughly 4 seconds per bar. On the Intrada cd, Bar 4 (start of that three-bar vibes/harps pattern) starts at :39. So 39-40-41-42. Then Bar 5 starts most clearly or precisely at :43 on the beat. Then Bar 5 starts at about :47 when the vibes sound. Then the harps in Bar 6 sound roughly at :50 thru :52. So you'd need to start at :50 to hear the harps play the whole phrasing thru :52, *then* reverse quickly to about :47 to hear the vibes start up at the start of Bar 6. Then leave it alone thru :52, then go back to about :47 again to hear the vibes again (the second time) and then just let the cue continue to its conclusion thru Bar 8.

As a side note, the pattern given in the first three bars (heard again later in the movie) played by the clarinet family actually was self-borrowed from an unused cue in *Beneath the 12 Mile Reef*.

Re: MVO (Micro-Variation-Ostinato) technique.... 4 + 4 renditions of the MVO strict model.... strict in terms of "must-have" 8-bar phrasing.... of an "8-bar construction" and "8-bar phrases"--so "8" is highlighted. Of course to me, "8" usually often means a 4 + 4 construction, or even a 2+2+2+2 (= 8) structure.

Jason & the Argonauts:

Strict MVO = 15 %

Liberal MVO = 32%

The clearest one here for me is "Nets." There are a lot of the loose MVO's here but not within a strict 8-bar unified whole, usually more 4 + 4.
