## The *Crime Classics* Radio Broadcasts & How, Most Peculiarly, It Is A Crime To Ignore Them

Rundown Analysis  
By  
Bill Wrobel

Between June 14, 1953 and June 30, 1954 a total of 51 half-hour episodes of *Crime Classics* aired into the homes of mystery fans young and old, law-abiding and criminal! And the composer for each episode was a man most disposed to such a suspenseful format, a man with a dramatic affinity to the dark side (suspense and mystery), Bernard Herrmann.

This entertaining anthology series is now considered a classic. It was produced and directed by Elliott Lewis, who actually reminisces about Herrmann's collaboration in segments of two interviews taped and conducted by John Dunning (author of "The Encyclopedia of Old Time Radio") on 5-23-82 and also in 1983. Lewis commented that at the time, CBS was cutting budgets on radio series and recommended that stock/track music be used for the new series. Lewis did not like that idea and suggested to Herrmann if he would be interested in composing for the show utilizing only three or four players (and Benny was excited by the idea, fortunately for us!). You might be able to buy a copy of the tape(s) from SPERDVAC. One site by, interestingly enough, James *Herman*, specifically lists the interview, and perhaps you can contact him:

The show had a rather quirky structure in terms of presentation—a somewhat tongue-in-cheek, black humor approach. Indeed, many of the episodes had rather preposterous, long-winded titles such as "Mr. Clark's Skeleton in Mr. Aram's Closet: The Noise It Made" and "Mr. Jonathan Jewett: How, Most Peculiarly, He Cheated the Hangman." The series was not standard mystery fare!

All of the written scores are available for study at UCLA Music Library Special Collections, Room B-425, Schoenberg Hall Library. Seven boxes of *Crime Classics* are available for research, most or all of them containing an episode script. Eleven of the scores contain *only* the instrument parts (because they were self-borrowed cues from other *Crime Classics* scores). All the others contain autograph full scores, most of which are written in pencil, although a few (ex., "The Lethal Habit of the Marquis De Brinvilliers") are written in black ink. No cue titles are given, only Roman numeral cue designations since most of the cues are rather short, some only two or three bars in length.

There is an incredible variety of instrumental color in the shows despite the minimalist structure. Due to budget restrictions imposed by producers, Herrmann composed for only three (sometimes four) instrument lines. Overall, his favorite or most used combination was the flute, oboe and harp (usually for chord purposes). Indeed, only in fourteen episodes did he *not* use a harp. In one score he used only three horns and

timp (“Blackbeard’s 14<sup>th</sup> Wife”), while in “The Younger Brothers”) he simply wrote for three horns. In “Death of a Picture Hanger,” he wrote for three trombones. Normally, however, he had a combination of instruments. In “The Sudden Death of Colonel James Fiske, Jr.” he had one player on the B-flat trumpet, another player on the clarinet or bass clarinet, and the third player on the harp. In “The Assassination of Abraham Lincoln” he had three players on a tenor drum, snare drum, susp cymbals, timpani, chimes, and two vibes.

On a few episodes, Herrmann adapted music from other composers that he felt best fitted the period piece involved. For example, in “Roger Nems [written “News” on the score]: How He, Though Dead, Won the Game,” he adapted the music from the early 1800’s composer Charles Avison, utilizing two oboes and a bassoon. In “The Lethal Habit of the Marquise de Brinvilliers,” he adapted from various composers’ pieces. For instance, cue I was from L’ Esperance by Francois Couperin, cue XIV from “Les Ombres” (also by Couperin), and so forth.

At least on one occasion, Herrmann did not conduct a show. This occurred on the episode (airdate January 20, 1954) “Madeleine Smith, Maid or Murderess: Which?” Apparently he had a scheduling conflict, became ill, or whatever. The show was conducted by Wilbur Hatch (part of the CBS team who later composed for television episodes of *Gunsmoke*, *Twilight Zone*, and so forth).

The narrator of the show was Lou Merrill who played host “Thomas Hyland,” connoisseur of murder, mystery, and mayhem! Other regulars were Bill Conrad, John Dehner they both had roles together in “Death of a Picture Hanger”), Jeannette Nolan, Jack Kruschen, Herb Butterfield (who played the role of Lincoln) and Hans Conreid (who played the role of Ali Pasha).

A 9 and ½ hour set (six cassettes) of 18 episodes from the series are available at Radio Spirits dot com. Go to:

Only four of the *Crime Classics* are not in circulation: 6/22/53 (Edwin Bartlett), 3/10/54 (Brad Ferguson), 3/24/54 (Francisco Pizzaro), and 6/9/54 (Leon Trotsky).

You can hear on the Internet a full episode titled “The Checkered Life & Sudden Death of Colonel James Fiske, Jr.” (third episode air date June 29, 1953):

I believe by the time this rundown is uploaded for readers to study that the above audio site should still be offering that specific *Crime Classics* audio link. As I write this now, I am attempting to find more such audio files freely available on the Internet.

A complete log of the *Crime Classics* episodes can be found at:

You may be able to download from the following site as long as you have the right plug-in (such as Netzip), but I haven't personally tried it:

A notable feature of these 51 *Crime Classics* is that Herrmann heavily self-borrowed from them (as I discuss in great detail in my paper, "Self-Borrowing in the Works of Bernard Herrmann" to be made available in the Fall 2002 special Herrmann issue (#2) of Bill Rosar's (International Film Music Society) *Film Music Journal*. Not only were cues from earlier episodes used in later episodes, thematic material from them were used in later television shows/suites as well as feature films (such as *The Trouble With Harry*). I will discuss such instances later on as I focus on specific episodes. As a result, I will not need to provide a rundown of all 51 episodes since several simply repeated previous material. For example, the 5/12/54 episode of "Mr. Clark's Skeleton" was totally comprised of cues from the 6/22/53 episode "Thomas Edwin Bartlett, Greengrocer." Cue I of "Greengrocer" was self-borrowed as cue VII of "Clark's Skeleton," cue II for cue I of the latter score, and so forth.

The *Crime Classics* written scores are in Collection 79: Bernard Herrmann Collection, available at UCLA Music Library Special Collections. Boxes 1 thru 7 contain the autograph pencil scores (some pen) of 46 episodes. "The Crime of Bathsheba Spooner" is located in Box 1, Folder 1. Five more scores are present in Box 1. "Mr. Thrower's Hammer" is located in Box 2, Folder 1. Four remaining episodes are located in Box 154 of Collection 072 (CBS Television & Film Music). These episodes includes "The Seven Layered Arsenic Cake of Madame LaFarge" (10/14/53), "Billy Bonny Bloodletter: Also Known As the Kid" (10/21/53), "Robby-Boy Balfour: How He Wrecked A Big Prison's Reputation" (3/31/54), and "Cesare Borgia: His Most Difficult Murder" (4/21/53).

Incidentally, as a side note, in case you wish to know what is available in the other boxes of Collection 79:

- Box 8 contains 32 folders of cue parts to *A Christmas Carol*.
- Box 9 contains the script and reduced score to *A Child Is Born*.
- Box 10 contains 32 folders of cue parts to *Battle of Neretva*.
- Box 11 contains 13 folders of parts to *Jason & the Argonauts* (many part lines missing, however).
- Boxes 11/12/13 contain parts to *The Kentuckian*.
- Box 14 contains 11 cues (again, Parts only) to *Psycho*, the "Interlude" cue of *Snows of Kilomanjaro*, the "Portrait" based on *The Trouble With Harry*, the harp part only to four cues from *Marnie*, the "Overture" to *North by Northwest*, the *Nocturne* \*

*Scherzo* parts, and 2 folders of *Wuthering Heights*. Also included is a Xerox copy of “The Fight With the Roc” cue from *The 7<sup>th</sup> Voyage of Sinbad*.

Ep. #20 “Blackbeard’s 14<sup>th</sup> Wife: Why She Was No Good For Him”

Box 3, Folder 6. Broadcast November 11, 1953. Full score & parts.

Instrumentation: 3 horns and timpani.

Then scroll down to the audio clip of Blackbeard’s 14<sup>th</sup> Wife. The clip is an edited compilation of portions of several of the short cues. The first section is cue I, Bars 1-5. Then you hear cue II, Bars 1-4. And so on. [Note: the tape offer given back then in 1999 is now no longer in effect—so please don’t ask]

Cue I *Vivo marcato e pesante* in 12/8 time, 7 bars. The opening two minutes are without music as “Thomas Hyland” describes how Blackbeard’s new (and 14<sup>th</sup>) wife is trimming her husband’s freshly washed beard (that was bloodied after a battle). After the credits from the announcer, cue I begins with its bravado, *heartly* theme. After the music stops, Hyland returns describing the setting in 1714 where two vessels are in combat.

Incidentally, the first four bars of this cue were self-borrowed for “The Hunt” cue of the *Western Saga* television suite composed in 1957, Bars 59-77.

Three horns play *ff sempre* a delayed 8<sup>th</sup> note triplet starting small octave G [written Line 1 D a P5th interval above] dotted 8<sup>th</sup> note up to middle (Line 1) C 16<sup>th</sup> [written G] up to E [written B] 8<sup>th</sup> (all notes are crossbeam connected). The theme continues with the Line 1 G [written Line 2 D] *rinforzando*-marked (> over the note head) quarter note legato to F# 8<sup>th</sup> [written Line 2 C#] to E *rinforzando* dotted quarter note legato to D dotted quarter note.

In Bar 2, the theme continues with another delayed triplet of *rinforzando* middle C dotted 8<sup>th</sup> legato to D 16<sup>th</sup> to C 8<sup>th</sup>, and then to normal triplet 8ths *rinforzando* Bb legato to small octave G back to Bb. Repeat these two figures same bar.

In Bar 3, the horns continue with the *rinforzando* C quarter note legato to D 8<sup>th</sup> to C quarter note to D 8<sup>th</sup> up to descending triplet 8ths *rinforzando* F# legato to E to D down to C dotted quarter note.

In Bar 4, the horns conclude the four-bar passage with D *rinforzando* quarter note legato to Bb 8<sup>th</sup> to C *rinforzando* dotted quarter note (repeat these three notes same bar). At the end of Bar 4, the timp beats *f* (forte) the Bb 8<sup>th</sup> up to (Bar 5) E quarter note back down to Bb 8<sup>th</sup> up to E quarter note down to Bb 8<sup>th</sup> up to E-Bb-E triplet 8ths (crossbeam

connected) to Bb-E-Bb triplet 8ths (crossbeam connected). These triplet 8ths are performed crescendo (increasingly louder) that climaxes in Bar 6 with the E rinforzando-marked and *sff* 8<sup>th</sup> note (followed by rests).

In Bar 6, horns return fortissimo (*ff*) triplet 8ths rinforzando Line 1 G-F#-E to E dotted quarter note tied to E dotted quarter note (half bar duration value) down to Bb stopped dotted quarter note (with the + sign over the note) tied to (end Bar 7) dotted half note tied to another dotted half note held fermata and decrescendo (>).

In Bar 7, the timp returns playing *sf* the Bb dotted half note trill roll ( *tr*~~~~~ ) tied to another dotted half note held fermata and decrescendo. End of cue.

Cue II *Modto* in C time, 10 bars. Scene: Blackbeard just drafted a new first mate at a tavern (after just shooting a man to death). The music is played without dialog or the host speaking for four bars. In Bar 5, Hyland returns stating “That’s how Edward Teach got his first mate...” while the “Slower” music underscores the monologue.

Incidentally, the first four bars were self-borrowed later in 1957 for the “Comedy Curtains A” cue of the *Western Saga*, Bars 1-4.

In Bar 1, horn I plays *ff* another variant of a delayed triplet figure (but not “3” value) that Herrmann used in other scores for comedic effect usually. We find rinforzando middle C 16<sup>th</sup> to C 8<sup>th</sup> to another rinforzando C 16<sup>th</sup> (all notes crossbeam connected). After this quarter note value figure, horn I continues with Line 1 D to E 8<sup>th</sup> notes (crossbeam connected) up to G half note. Meanwhile, horns I & II play *ff*, after an 8<sup>th</sup> rest, two rinforzando small octave C/E 8ths (crossbeam connected) followed by two 8<sup>th</sup> rests and then another C/E set (followed by an 8<sup>th</sup> rest). Repeat thru Bar 4. The timp beats *f* on the Bb rinforzando quarter note (followed by an 8<sup>th</sup> rest) up to E rinforzando 8<sup>th</sup> back down to Bb rinforzando quarter note (followed by an 8<sup>th</sup> rest) up to E 8<sup>th</sup>. Repeat thru Bar 4.

In Bar 2, horn I plays the same notes and pattern as Bar 1 in the first half, and then D to C quarter notes. In Bar 3, horn I repeats the first half of Bar 1 and then up to A rinforzando 8<sup>th</sup> legato to G 8<sup>th</sup> down to E quarter note. In Bar 4, horn I ends the four-bar passage with a true “3” triplet of 8<sup>th</sup> notes D-D-D (rinforzando on the first note) to rinforzando Eb 8<sup>th</sup> legato to D 8<sup>th</sup> to middle C half note played *sff* and now stopped (plus + sign over the half note).

Bar 5 is now given the “Slower” tempo marking and given an “A” section designation. First you hear the timp *f* > *p* on a trill roll on Bb whole note tied to whole notes thru Bar 10. After a quarter rest, the horns play *p* G/Bb/D (G min) quarter note triad legato to F#/A/C# (F# min) quarter note triad to (*sf* and stopped) G/Bb/D 8<sup>th</sup> note chord (followed by an 8<sup>th</sup> rest). Repeat in Bar 6.

In Bar 7, the horns play (after a quarter rest) *p* crescendo G/C/E (C maj 2<sup>nd</sup> inversion) quarter note triad legato to Ab/Cb/Eb (Ab min) quarter note triad to (*sf* and stopped) G/Bb/D (G min) 8<sup>th</sup> note chord (followed by an 8<sup>th</sup> rest). Repeat in Bar 8.

In Bar 9, after a quarter rest, the horns play *sf* > and stopped on E/G/B (E min) half note triad to E/G/B quarter note triad tied to quarter notes next bar (half note duration) to E/G/B half notes stopped and held fermata. End of cue.

Cue IV *Vivo* in 12/8 time, 8 bars. Audio Scene: The Governor of the Bahamas moans a strong “Oh!” as he looks out of the window of his mansion overlooking the bay

and seeing Blackbeard's ship starting to destroy the harbor of Nassau with cannon fire (that would also be put to fire unless he capitulated to Blackbeard's demands).

The horns project *ff marcato* on Line 1 delayed triplet of G dotted 8<sup>th</sup> to G 16<sup>th</sup> to G 8<sup>th</sup> (all three notes are crossbeam connected) to normal G-G-G triplet (repeat pattern same bar). Meanwhile, the timp beats *ff* on rinforzando quarter notes E down to Bb back up to E down to Bb (repeat next two bars). In Bar 2, they play G rinforzando 8<sup>th</sup> legato down to E 8<sup>th</sup> up to Ab 8<sup>th</sup> and repeat the figure (all three notes in each figure are crossbeam connected) to Bb-A-Ab 8ths triplet to stand alone G rinforzando 8<sup>th</sup> down to E quarter note.

In Bar 3, the horns continue the four-bar passage again with the Bb-A-Ab triplet to stand alone G 8<sup>th</sup> to E quarter note up to G rinforzando quarter note legato down to E 8<sup>th</sup> up to G quarter again down to E 8<sup>th</sup> to (Bar 4) C# dotted half note (played *sff* and stopped) and tied and decrescendo to the C# quarter note (followed by a quarter and 8<sup>th</sup> rest). The timp in Bar 4 beats *f* decrescendo on the Bb delayed triplet to Bb normal triplet to Bb-Bb 8ths to Bb dotted quarter note.

In Bar 5 (tempo marked as *Slower* in C time), the timp is first heard playing *p* the E whole note trill roll (*tr*~~~~~) tied to whole note next bar. After an 8<sup>th</sup> rest, horn I sounds *p* on middle C 8<sup>th</sup> up to F# stopped dotted half note decrescendo. After a quarter and 8<sup>th</sup> rest, horn III (bottom or second staff) plays the Bb 8<sup>th</sup> up to D stopped half note decrescendo. After a half and 8<sup>th</sup> rest, horn II (sharing the top staff with horn I) plays the Gb 8<sup>th</sup> up to Bb stopped quarter note. Horns repeat the notes and pattern in Bar 6.

In Bar 7, the timp sounds *pp* on the Bb whole note trill roll tied to whole note next bar (held fermata). After a quarter rest, the horns play *mp* > on G/C/E (C maj 2<sup>nd</sup> inv) quarter note chord legato to F#/Bb/D (Bb aug 2<sup>nd</sup> inv) dotted half note chord. [although the intervals are exactly the same in terms of steps, the chord is *not* the D augmented triad since that would be D/F#/A# (A# instead of Bb), nor is it the F# aug triad since that would be F#/A#/Cx—again, *enharmonically* the same sound to the ear but written different]

Bar 8 repeats Bar 7 except that the F#/Bb/D half notes are stopped and held fermata. End of cue.

Cue V *Vivo* in 12/8 time, 10 bars. This cue concludes Act I (just before mid-show commercial break).

Bars 1-5 are *com a sopra* Bars 1-5 of Cue I. In Bar 6, timp is trill rolled *ff* on F# dotted half note tied to dotted half note (repeated next bar). The horns are *ff sempre* playing Line 1 descending triplet 8ths rinforzando G legato to F3 to E, and then E quarter note down to rinforzando Bb 8<sup>th</sup> played 3X. Repeat Bar 6 in Bar 7.

In Bar 8 (*Rall*), the horns are *sff* playing G#/B/E (E maj 1<sup>st</sup> inv) dotted half notes tied to dotted half notes. The timp beats two rinforzando E 8<sup>th</sup> notes (followed by a quarter rest) to two more E 8ths (followed by a quarter rest).

In Bar 9, the horns are silent for a bar, but the timp beats three rinforzando-marked and *sff* E quarter notes (but silent in end Bar 10). In Bar 10, the horns are *sol* playing *sff* E rinforzando 8<sup>th</sup> up to Bb quarter note tied to dotted quarter note and tied to dotted half note held fermata, decrescendo *pp*.

Cue VI *Allegro Modto* in 12/8 time, 7 bars. Scene: Off the North Carolina coast. This cue comes directly after the commercial break. This can be heard starting at the :44 point of the audio clip.

Horns are soli for five bars playing a new bravado theme. We find A/C/F (F maj 1<sup>st</sup> inv) quarter note triad down to F/A/C (F maj root position) 8<sup>th</sup> note triad (repeat this pattern two more times) up to triplet 8<sup>th</sup> chords *rinforzando* C/F/A (F maj 2<sup>nd</sup> inv) to Bb/E/G (E dim 2<sup>nd</sup> inv) to A/C/F.

In Bar 2, the same pattern is played with different chords. We find C/E/G (C maj) quarter note triad down to E/G/C (C maj 1<sup>st</sup> inv) 8<sup>th</sup> note triad played 3X up to triplet 8<sup>th</sup> triads E/G/Bb-C/F/A-Bb/E/G.

In Bar 3, they sound C/F/A quarter note triad down to A/C/F 8ths played 3X up to F/A/C-E/G/Bb-D/F/A (D min) triplet 8<sup>th</sup> triads. In Bar 4, they play triplet figure triads C/F/A *rinforzando* to two staccato C/E/G 8ths to C/E/G dotted quarter notes *rinforzando* tied to dotted quarter notes (followed by a dotted quarter rest for horns II & III). Horn I continues with Line 2 C *rinforzando* quarter note to C 8<sup>th</sup> to (Bar 5) C dotted half note *rinforzando* tied to dotted half note. After dotted half note and quarter/8<sup>th</sup> rest marks, horn II plays *ff* and stopped on Ab quarter to Ab 8<sup>th</sup> to (Bar 6) Ab stopped dotted half note tied to dotted half note. After a quarter & 8<sup>th</sup> rest in Bar 6, horn III (*sord*) plays forte on Line 1 D quarter to D 8<sup>th</sup> to half note (*rinforzando* and *sf* >). After rest marks, the timp finally appears in Bar 6 playing forte crescendo on Bb quarter note up to E 8<sup>th</sup> down to (Bar 7) F# dotted half note trill roll played *sff* and tied to dotted half note, held fermata. End of cue.

Cue VII *Modto* in C time, 5 bars. Scene: A scheming co-partner of Blackbeard (actually the Governor of North Carolina!) says, after making a deal with him, "I'll walk with you to the door" and then the music begins. The cue ends with Blackbeard entering a den where the grumbling sailors were. This cue is *not* on that audio clip.

First you hear the timp beating forte on the Bb 8<sup>th</sup> up to E 8<sup>th</sup> (crossbeam connected) down to F# quarter note (followed by a quarter and 8<sup>th</sup> rest). Repeat next bar. After a quarter & 8<sup>th</sup> rest, *sords* (muted) horns play *ff* G/C/E (C maj 2<sup>nd</sup> inv) stand alone 8<sup>th</sup> triad to two G/C/E 8<sup>th</sup> chords (crossbeam connected) to G/C/E *rinforzando* quarter note triad. In Bar 2, after a quarter & 8<sup>th</sup> rest, the horns play the G/C/E stand alone 8<sup>th</sup> note triad to G/C/E 8<sup>th</sup> *rinforzando* chord legato up to Bb/Eb/G (Eb maj 2<sup>nd</sup> inv) 8<sup>th</sup> note chord back down to the G/C/E *rinforzando* quarter note chord.

In Bar 3, the timp beats Bb up to E 8<sup>th</sup> notes down to F# quarter note (followed by a quarter rest) to Bb-E 8<sup>th</sup> to (Bar 4) F# quarter note. After two quarter rests, the timp again sounds Bb-E 8ths down to (end Bar 5) F# whole note trill roll held fermata and decrescendo *pp*. Back in Bar 3, after a quarter & 8<sup>th</sup> rest, the horns play *sf* > Ab/Db/F (Db maj 2<sup>nd</sup> inv) 8<sup>th</sup> note triad legato to G/C/E quarter notes (followed by a quarter rest). In Bar 4, after an 8<sup>th</sup> rest, they play Ab/Db/F *rinforzando* stand alone 8<sup>th</sup> triad legato to G/C/E 8ths to Ab/Db/F (crossbeam connected) back to G/C/E quarter notes (followed by a quarter rest). After a quarter rest in Bar 5, they play *sf* G/Bb/D (G min) quarter note chord legato to F#/A/C# (F# min) half note triad decrescendo *pp* and held fermata.

End of cue.

Cue VIII *Modto* in C time, 5 bars. Scene: The Governor announces a ball.

The timp sounds forte on the Bb whole note trill roll (*tr*~~~~~) tied to whole notes thru Bar 4, crescendo in Bar 4 to (Bar 5) Great octave F# whole note sounded fortissimo, held fermata and decrescendo.

Back in Bar 1, *open* horns begin to play the stately fanfare. They play *ff* on A/D/F# (D maj 2<sup>nd</sup> inv) quarter note triad tied to 8<sup>th</sup> notes as part of a three-note figure to two A/D/F# 16<sup>th</sup> note triads to A/D/F# quarter note triad to G/C/E (C maj 2<sup>nd</sup> inv) rinforzando 8<sup>th</sup> note triad legato to Bb/Eb/G (Eb maj 2<sup>nd</sup> inv) 8<sup>th</sup> note triad (crossbeam connected). In Bar 2, the horns continue with the A/D/F# quarter note chord to G/C/E to Bb/Eb/G 8<sup>th</sup> note triads (crossbeam connected figure) up to D/F#/A rinforzando 8<sup>th</sup> note triad to two D/F#/A 16<sup>th</sup> triads (all three chords part of a figure) to D/F#/A rinforzando quarter note chord.

In Bar 3, the horns continue with the rinforzando C/E/G 8<sup>th</sup> note triad legato to E/G/B (E min) 8<sup>th</sup> note chord to D/F#/A quarter note triad (repeat these chords same bar). In Bar 4, the horns continue with the C/E/G legato down to A/C/E (A min) quarter note triads played *p* crescendo up to E/G/B half notes sounded *sf* to (Bar 5) D/F#/A whole notes held fermata.

End of cue.

Cue XII *Vivo* in 12/8 time, 5 bars. Scene: Two government ships swoop on Blackbeard's ship, thanks in no small part on Mrs. Blackbeard! The music starts when the battle begins.

The timp beats forte a furious string of ostinato 8<sup>th</sup> note triplets Bb up to E down to F# played 4X per bar thru Bar 4. In Bar 5, the timp beats two rinforzando E 8<sup>th</sup> notes, followed by rest marks.

After a dotted half rest (half bar value in 12/8 time), the horns play Line 1 Bb dotted quarter note tied to quarter note and then they play two Bb 16ths to (Bar 2) Bb dotted quarter note tied to quarter note, and then playing two Bb 16ths up to Db rinforzando 8<sup>th</sup> note down to Bb quarter note tied to dotted quarter note.

Bars 3-4 = Bars 1-2.

After I believe a quarter rest, the horns play *sff* on B/D/F# (B min) 8<sup>th</sup> note triad to B/D/F# dotted quarter notes to D/F/A (D min) dotted half notes played stopped and *sff* decrescendo (and held fermata).

End of cue.

Cue XV *Vivo* in 12/8 time, 12 bars. This Finale cue is *coma sopra* (copy) from the first seven bars of cue V. In Bar 8 (*Rall.*), the horns play *sff* > on G#/B/E (E maj 1<sup>st</sup> inv) dotted half note triad rinforzando to G/C/E (C maj 2<sup>nd</sup> inv) dotted half note chord also played *sff* > rinforzando to (Bar 9) B/E/G# (E maj 2<sup>nd</sup> inv) dotted half notes *ff* tied to dotted half notes. The horns are silent in Bars 10-11).

Back in Bar 8, the timp beats two rinforzando E 8ths (followed by a quarter rest) followed by two more E 8ths with a rest. In bar 9, the timp beats three rinforzando E quarter notes, followed by a quarter rest (I would think, being 12/8 time, that they would be three dotted quarter notes followed by a quarter & 8<sup>th</sup> rest....). In bar 10 in C time, the cue tempo marking is now *vivo* again. The timp beats *ff* on Bb-E 8ths down to F# quarter note (followed by two quarter rests). Repeat next bar. The timp is silent in end Bar 12.

In Bar 12, the horns play *sff (molto sost)* on E/G#/B (E maj root position) whole note triad, held fermata.

End of cue.

### EP # 1 “THE CRIME OF BATHSHEBA SPOONER”

Box 1, Folder 1. Broadcast June 14, 1953 (audition/pilot program 12/3/52). Full score and parts. Story setting: 1778 Brookfield, Mass. Starring Mary Jane Croft who plays Bathsheba Spooner, the first woman in the United States to be executed for murder. Instrumentation: clarinet/bass clarinet, susp cymbal/vibe/timp/field drum, harp.

Cue I *Slowly* in 2/4 time, 24 bars. Scene: “Thomas Hyland” states, “Listen...” and you hear stones dropped into a well. The mercenary soldier (now deserter), James Buchanan, is checking the depth of the well because he and his companion, William Brooks, did in Bathsheba’s husband, Joshua. She hired them! And they will be paid as soon as they drop the body (not just stones) into the well!

The harp (treble clef in both staves) plays ascending to descending C half-diminished rising to falling 32<sup>nd</sup> note arpeggios. We find the *8va*----- ottava over the pattern repeated to end of cue. The arpeggio starts on written Line 1 Eb (but the *ottava* actually directs the player to start on Line 2 Eb). So we find rising 32<sup>nd</sup> notes Eb-Gb-Bb-C to written Line 2 [actual Line 3] Eb-Gb-Bb-C (written Line 3 but actual Line 4 c’’) to descending C-Bb-Gb-Eb to C-Bb-Gb-Eb. Repeat thru end of cue (“ad lib” ending). The susp cymbal is trem *ppp* on a whole note (placed on the top space of the staff or Line 2 E if you see it as the treble clef, or small octave G if you see it as the bass clef). There is, of course, no clef sign—only a straight vertical line or bar thru the staff lines. Repeat thru end of cue.

In Bar 3, the bass clarinet joins in. It plays *pp* crescendo on the *chalmereau* small octave register F [written G a maj 2<sup>nd</sup> interval above] half note tied to quarter note next bar to Gb quarter note [written Ab] to (Bar 5) middle C (Line 1) C half note tied to quarter and 8<sup>th</sup> notes next bar decrescendo (followed by an 8<sup>th</sup> rest). All notes in this short passage are played under the legato slur/curve line.

In Bar 7, the bass clarinet plays the Line 1 Eb half note crescendo to (Bar 8) Db half note (still crescendo) down to (Bar 9) Gb half note decrescendo tied to quarter note next bar. These notes are played legato. Then it plays the Ab quarter note crescendo to (Bar 11) lowest D half note tied to quarter note next bar, and then Eb quarter note decrescendo tied to half note in Bar 13. These notes mentioned are played legato.

In Bar 14, the bass clarinet plays small octave Gb half note to (Bar 15) A half note crescendo to (Bar 16) Bb half note tied to half note next bar (decrescendo). In Bar 18, it plays Line 1 Db half note to (Bar 19) middle C half note up to (Bar 20) Eb half note tied to half notes thru Bar 23. In Bar 24 (to end “ad lib”), the susp cymbal and harp continue.

End of cue. Cue II repeats cue I, Bars 3-13.

Cue IIA *Slow* in C time, 8 bars. Harp and bass clarinet only. Scene: Right after the introduction to “Thomas Hyland,” the neutral music begins. By Bar 3, Hyland states, “The place is Brookfield, Massachusetts. The year 1778. Scene: The home of Joshua and Bathsheba Spooner.....”

This time the harp plays a slow arpeggio motion of rising to falling C half-dim 7<sup>th</sup> 8<sup>th</sup> notes played *pp* < >. We find the bottom staff (bass clef) playing (starting Great octave) Gb-Eb-Gb-Bb (these four notes crossbeam connected) to descending 8<sup>th</sup> notes starting middle C-Bb-Gb-Eb. Repeat thru Bar 7.

The bass clarinet plays *pp* < middle C to Bb quarter notes up to Gb half note (all three notes played under the legato slur) to (Bar 2) Line 1 A to Bb quarter notes down to Eb half note decrescendo (all three notes played legato). In Bar 3, the bass clarinet plays Line 2 C half note to B to Bb quarter notes to (Bar 4) A half note (all four notes played legato) to Ab to G quarter notes crescendo down to (Bar 5) D to Eb half notes decrescendo. In Bar 6, it plays small octave A to Bb half notes crescendo to (Bar 7) B to Bb half notes down to (end Bar 8) D whole note decrescendo and held fermata.

End of cue.

Cue III *Fast* in C time, 17 bars (at least). Scene: In an embrace with her young lover, she tells him to kill her husband. “Later....” He says. Then Hyland talks more about Bathsheba Spooner’s past history.

The harp plays *ff* on largely small octave G/Bb/D (G min) 8<sup>th</sup> note triad up to G/Bb/D (d’’) 8<sup>th</sup> note triad (followed by a quarter and 8<sup>th</sup> rest). The bass clarinet sounds *ff* on the small octave Eb whole note decrescendo. After a quarter rest, the timp is trill rolled *mp* > on C# dotted half note (then *tacet* or silent for the rest of the cue).

In Bar 2 in ¾ time at a slower tempo, the harp plays rising 8<sup>th</sup> notes *pp* crescendo starting Great octave G-D-Bb down to small octave G (g) up to Line 1 Eb quarter note decrescendo. Repeat thru Bar 5. In Bar 2, the bass clarinet is put aside (“To cl.”). In Bar 6, the harp plays ascending 8<sup>th</sup> notes G-D-Bb-G (g) crescendo to A quarter note decrescendo. Repeat next two bars. The clarinet plays Line 1 D (d’) half note to Db quarter note crescendo to (Bar 7) Eb half note to D quarter note decrescendo and tied to half note in Bar 8 (followed by a quarter rest).

In Bar 9, the harp once again plays the Bar 2 pattern for two bars. In Bar 11, the harp returns to G-D-Bb-G (g) 8ths to A quarter note (repeat thru Bar 15). In bar 12, the clarinet returns playing Line 1 Gb half note to Eb quarter tied to next bar up to A half note. In Bar 14, it plays Eb half down to middle C quarter tied to quarter next bar to D quarter to C quarter up to (Bar 16) G dotted half note tied to G dotted half note next bar. In Bar 16, the harp returns in the Bar 2 pattern for two bars.

Cue IV C time, 5 bars. Scene: Joshua is at a crowded tavern, drinking his ale and speaking with friends. His future murderers are also there....

The harp plays forte on Great octave D-Eb-D-Eb quarter notes (repeated thru Bar 4) and then D-Eb quarter notes to D half note held fermata. The harp *also* plays 8<sup>th</sup> notes on that D Great octave register up to D small octave down to Eb up to D (repeated same bar & thru Bar 4). The susp cymbal plays ppp on the whole note trem thru Bar 5. The clarinet plays *pp* < middle C half note crescendo down to A half note decrescendo. In Bar

End of cue.

Cue V C time, 9 bars. Scene: Joshua and James meet casually in the tavern.

For the first time, the vibe comes into play in this score. It plays forte the Line 1 F#/A/C# (F# min) whole note triad, let ring curve lines extending outward. After a quarter rest, the harp plays I believe B/Db/F (f) [or B/Db/G] 8<sup>th</sup> notes down to I believe G/Bb/D (d) 8ths (followed by a half rest). After a half rest, the bass clarinet plays *ff* > *p* the (I believe) Eb small octave half note tied to dotted half note next bar. Then it plays E quarter note to (Bar 3) the Eb dotted half note. After a half rest in Bar 2, the vibe plays *ppp* the Eb half note (let vibrate). Repeat to end of cue.

In Bar 4, the bass clarinet continues with the small octave Gb quarter note crescendo to (Bar 5) Bb dotted half note decrescendo. Then it plays A quarter note crescendo up to (Bar 6) Db dotted half note decrescendo to middle C quarter note down to (Bar 7) E dotted half note decrescendo to Eb quarter note crescendo to (Bar 8) G whole note decrescendo and tied to G whole note in end Bar 9, held fermata.

End of cue.

Cue VI *Moderato* in C time, 7 bars. Scene: Joshua and the deserters touch tankers of ale and depart. Hyland comments starting Bar 3. Nice cue with a very effective use of the vibraphone as part of the total effect.

The harp plays *pp* on rising 8<sup>th</sup> notes starting small octave A to Line 1 D-A-Bb down to A-Eb-D-Bb (repeat thru Bar 5). Then the harp plays (in Bar 6) rising 8<sup>th</sup> A-D-A-Bb to A to Eb quarter notes crescendo to (end Bar 7) Line 1 D (d') whole note decrescendo and held fermata.

The clarinet plays *pp* > small octave A dotted half note (followed by a quarter rest). Repeat thru Bar 6, and then A whole note held fermata.

End of cue.

Cue VII *Fast* in C time, 12 bars. Scene: Bathsheba conspires for the first time with the deserters. Another effective combination of the vibe, harp, and bass clarinet.

The harp plays fortissimo on the bottom staff (treble clef) largely Line 1 F#/A/C# (F# min) 8<sup>th</sup> notes let vibrate up to (top staff) largely Line 2 F#/A/C# 8<sup>th</sup> notes (followed by rests). After a quarter rest, the vibe sounds *ff* on G/Bb/D (G min) dotted half notes let vibrate. After a half rest, the bass clarinet plays *f* > Line 1 Db half note tied to whole note next bar.

In Bar 2, the harp (bottom staff, now bass clef) plays forte triplet 8ths starting small octave Ab-Db-F (Db maj linear tonality) to descending triplet (top staff) F#-D-A (D maj), followed by a half rest. Repeat next bar. After a half and quarter rest, the vibe

softly strikes *pp* Line 1 F/Ab/C (F min) quarter note triad tied to whole notes next bar. The bass clarinet in Bar 3 plays lowest or small octave D whole note *mf* >.

In Bar 4, the harp plays rising “3” triplet 8ths F-Ab-C (c’) to (top staff) Db-F-Ab to descending triplet G-F-D (followed by a quarter rest). Repeat thru Bar 6. The bass clarinet in the staff above plays *p* < small octave Ab whole note to (Bar 5) A whole note decrescendo to (Bar 6) Bb whole note (all three notes are played legato). The vibe in the staff line above sounds *pp* Line 2 C whole note let vibrate to (Bar 5) Db whole note back to (Bar 6) the C whole note.

In Bar 7, the vibe plays rising triplet 8ths F-Ab-C (c’) to Db-F-Ab to descending triplet G-F-D played 2 X. The bass clarinet plays small octave F whole note tied to whole note next bar. After a quarter rest in Bar 8, the harp plays crescendo-decrescendo descending triplet 8ths C-Ab-F (f’) to G-F-Db (followed by a quarter rest).

In Bar 9, the harp (again top staff) plays descending triplets Line 1 crescend0-decrescendo G-F-Db to G-F-Db again (followed by a quarter rest) to G-F-Db again (decrescendo). The bass clarinet plays small octave G whole note tied to whole note in bar 10. In Bar 10, the vibe sounds *ppp* Line 1 F/Ab/C whole notes (F min). After a quarter rest, the harp (bottom staff) plays rising triplet 8ths F-Ab-C (c’) to (top staff) Db-F-G (followed by a quarter rest).

In Bar 11, the harp continues with descending triplet 8ths starting Line 2 C-Ab-F to G-F-Db (followed by a half rest). The bass clarinet plays the F whole note tied to whole note next bar, held fermata. In bar 12, the harp plays triplet 8ths Line 1 Ab-F-Db to G-F-Db (followed by a half rest held fermata). The vibe once again sounds the F min whole note triad but this time held fermata.

End of cue.

Cue VIII C time, 2 bars. Scene: The deserters agree to kill Joshua.

The timp sounds a four-not ruff of essentially three C grace notes (32<sup>nd</sup> notes) to C rinforzando 8<sup>th</sup> note (followed by an 8<sup>th</sup>/quarter/half rest). Silent next bar. After an 8<sup>th</sup> rest, the bass clarinet plays *sff* small octave F# 8<sup>th</sup> tied to dotted half note to (Bar 2) Line 1 Db whole note *f* >, held fermata.

After a quarter and 8<sup>th</sup> rest in Bar 1, the harp (bottom staff) plays largely Great octave G/Bb/D (G min) 8<sup>th</sup> up to B/Db/F 8ths. At the end of the bar, the harp plays once again the G/Bb/D 8ths up to (Bar 2) B/Db/F 8ths (followed by rests).

End of cue.

Cue IX C time, 5 bars. Scene: After Joshua is murdered, the deserters, Ezra, and Bathsheba carry the body to the deep well across the road and deposit the body. Music starts here (as well as the commentary by Hyland: “And that’s how Joshua Spooner died, and that’s how Bathsheba Spooner killed him.” His comments are heard in Bar 1 only as the timp is trill rolled held fermata. The music is then heard pure (no commentary or dialogue). Then the intermission break is heard: “You are listening to *Crime Classics* and your host Thomas Hyland. Later this evening, the Lux Summer Theatre stars Fred Mac Murray in a full hour adaptation of the romantic mystery comedy, ‘The Lady & the Tumblers’ .....”

Cue X *Moderato* in C time, 6 bars. Here the announcer states: “And now once again Thomas Hyland, and the Second Act of *Crime Classics* and his report to you on ‘The Crime of Bathsheba Spooner.’ “ Then the music starts Thomas Hyland speaks starting on the 4<sup>th</sup> bar, stating: “Listen to this: ‘It’s awful and dread this tale that I tell, Joshua Spooner lies dead in a well, in Brookfield town in ’78.....’ Small poem by an anonymous contributor to the...local newspaper of the day.....”

The harp (bottom staff, treble clef) plays fortissimo on a two-note ostinato pattern of middle C# down to A 8<sup>th</sup> notes played 4X per bar thru end of cue (“ad lib”). After a quarter rest, the timp beats softly *pp* on the small octave C 8<sup>th</sup> note (followed by an 8<sup>th</sup> rest) to another C 8<sup>th</sup> (followed by an 8<sup>th</sup> and quarter rest). Repeat to end of bar.

In Bar 5, we find Line 1 D [written E] half note crescendo to Db half note tied to whole note next bar, decrescendo. Then the “ad lib” direction is given (fade).

End of cue.

Cue XI *Moderato* in C time, 6 bars. This cue is nearly identical to the previous cue. Scene: Bathsheba tells Ezra that in the morning, he is to go into town and notify authorities that Mrs. Spooner is frantic about the disappearance of her husband.

This time the harp plays the 8<sup>th</sup> note ostinato an octave lower, so we find small octave C# down to Great octave A. Repeat thru Bar 5 (silent Bar 6). After a quarter rest, the timp (at the top of the three staves) plays small octave F 8<sup>th</sup> (followed by an 8<sup>th</sup> rest) to F 8<sup>th</sup> again (followed by an 8<sup>th</sup> & quarter rest). End of cue.

Cue XII C time, 13 bars. Scene: The bar owner and doctor listen to Ezra and everybody is out looking for Joshua.

The first two bars sounds reminiscent of the 8<sup>th</sup> note harp patterns in *Beneath the 12 Mile Reef* (hear the beginning of “The Airline” cue). We find the harp playing *pp legato* largely small octave (bottom staff) F/Bb/D (Bb maj) 8<sup>th</sup> up to (top staff) F/Bb/D (d<sup>7</sup>) 8ths. After a quarter rest, the harp plays Eb/Ab/C (Ab maj) 8<sup>th</sup> up to Eb/Ab/C (c<sup>7</sup>) 8ths (followed by a quarter rest). triplet value half note to Bb triplet value quarter note decrescendo *pp* to (Bar 6) Line 1 D whole note tied to half note next bar (followed by a half rest). Also in Bars 6-7, the harp repeats Bars 1-2.

In Bar 8, the clarinet repeats Bar 3. In Bar 9, after the quarter note tie of the F note, it plays Eb-C-A (a) quarter notes up to Line 1 Db half note to middle C to Bb quarter notes down to (Bar 11) lowest D whole note tied to half note in Bar 12 (followed by a half rest). The clarinet is solo in end Bar 13 playing small octave G whole note held fermata.

End of cue.

**Cue XIII** C time, 14 bars. Scene: Hyland speaks as the music is being played underscore, stating that the deserters still remained in town, stupidly. The townspeople found the tracks in the snow leading from the Spooner house to the well (thus finding the body in the well).

The harp plays *p legato* Line 1 D down to G 8ths note 2X (crossbeam connected) to next figure of F down to G up to Eb down to G. Repeat this bar to end of cue.

The bass clarinet plays *pp* on middle C half note to D to C quarter notes to (Bar 2) Bb half note to C-Bb quarter notes to (Bar 3) C half note to D-C quarter notes down to (Bar 4) Eb half note to F-G quarter notes to (Bar 5) B half note decrescendo (the last six notes were legato played). Then it plays Bb half note to (Bar 6) A half note to Bb-C quarter notes up to (Bar 7) Eb to D half notes (all six notes legato played).

The harp plays forte the rising to falling 32<sup>nd</sup> notes as given in cue I but playing notes starting small octave G-Bb-D-Eb (Eb maj) to Line 1 G-Bb-D (d'')-Eb to descending Eb-D-Bb-G to Eb-D-Bb-G (g). Repeat thru Bar 5.

In Bar 2, the bass clarinet plays forte small octave Eb rinforzando quarter note to D quarter note tied to whole note next bar. In Bar 3, the susp cymbal sounds *pp* < > the half note trem. Bars 4-5 = Bars 2-3.

In Bar 6, the bass clarinet sounds the F# half note pianissimo and tied to half note next bar. After an 8<sup>th</sup> rest, the harp plays *p* < > G/Bb/D (d') to Bb/Eb/G (g') 8ths, repeated next bar in Bars 9 and 12. In Bar 8, the vibe softly strikes *pp* on Line 1 D/F#/A (D maj) half notes. The bass clarinets repeat Bars 6-7 in Bars 9-10. In Bar 11, the vibe sounds F#/A/C# half notes (F# min). In Bars 12-13, the bass clarinet repeats Bars 6-7. In end Bar 14, the vibe is solo playing A/C/E (A min) half notes let vibrate and held fermata.

End of cue.

**Cues XV & XVII** C time, 4 bars. Scene: The local court holds the culprits for trial. Cue XVII is played just before the judge sentences them to hang.

The Field Drum is solo playing *pp* < a half note roll (located on the top space of the staff) to 8<sup>th</sup> note *sf* (followed by an 8<sup>th</sup> and quarter rest). Repeat next two bars. In Bar 4, the drum plays fortissimo the four-note ruff.

Cue XVI C time, 2 bars. Scene: Bathsheba states, "...Gentleman, if I be guilty, I was not of sound mind."

The bass clarinet then sounds small octave Ab to F half notes crescendo to (Bar 2) B rinforzando whole note *sf*, held fermata and decrescendo. In Bar 2, the harp sounds *sf* on the Contra octave and Great octave registers of the B whole note let ring and held fermata.

End of cue.

Cue XVIII Cut time, 8 bars. Scene: Immediately after the judge sentences the four to hang, the music begins.

The harp plays a furious 8<sup>th</sup> chord alternation between Line 1 D/F#/A to G/Bb/D (d'') played 4X. The susp cymbal plays *pp* < the whole note trem to (Bar 2) whole note hit *fff*. In Bar 2, the bass clarinet plays *ff* > small octave D whole note tied to whole note in Bar 3 played *p* >.

In Bar 4 (in 4/4 time), Hyland returns stating: "The motive, the crime, and the sentence—justice was simple, and quickly, too quickly for the four prisoners, on the fourth day of June...." Here the harp plays a gentle rising arpeggio starting on Great octave 8<sup>th</sup> notes D-A-D-F# to small octave Bb down to F# 8ths up to Line 1 D quarter note. Repeat thru Bar 7.

In Bar 5, the bass clarinet plays *pp* < > on Line 1 Eb to D half notes. In Bar 7, it returns on small octave A to Bb half notes to (Bar 8) small octave E whole note held fermata.

End of cue.

Cue XIX The Field drum is solo playing ad lib *pp* *Slow* on largely four-note ruffs in the scene of the hanging where there was a tremendous and scary storm.

The next cue when she makes her final statement I did not copy, nor the actual hanging (again employing the use of the Field drum).

## EP #12 "YOUR LOVING SON, NERO"

Box 2, Folder 5. Broadcast August 31, 1953. Full score & parts. 20 cues.

Instrumentation: clarinet/bass clarinet, horn, harp, timp., xylophone/susp cymbal/shakers. Scene: First century AD, Rome.

This episode is one of my all-time favorites, Top Ten material.

Cue I C time, 4 bars. Scene: Hyland comments: "Listen...The sound you hear is that of a swimmer in the Adriatic Sea. Her name is Agrippina [here the music starts] and the stroke she's using....and she's quite good at it too—she being the mother of the Emperor of Rome....She's been swimming toward shore for the last two hours...not for prizes but to save her life. It seems her son had tried to drown her by rigging up the boat whose bottom would fall out....Sonny's name—Nero...."

Marked “ad lib,” the harp plays *F major* a glissando starting on Great octave F (F) up to Line 3 F (F’). In Bar 2, the harp now plays the *Eb major* descending glissando. Repeat these two bars ad lib.

Cue II *Vivo* in C time, 25 bars. Scene: The announcer presents “Mr. Thomas Hyland” and immediately the cue’s dominant drum beat pattern sounds. The music is in the clear for the first major section for 12 bars, and then Hyland begins to speak: “Rome in the year 62 AD. Nero had been on the throne for eight years, and had put on 60 pounds. And no wonder—at 25 he had tasted every sweet from Ethiopia to Britania....He had a genuine love for Rome and its people. Often times Nero would release a thousand birds of every kind, some with Roman money attached to them...and treated the people to choice seats at concerts (at which he sang!). This was the Nero history forgot. Now let’s have a look at the Nero who’s remembered!....”

In Bar 1, the timp beats forte on small octave C-C-C quarter notes to C down to F# 8<sup>th</sup> notes. Repeat next bar. [Note the dissonant or edgy tritone interval between C-F#, a device on the timp he utilized later—such as in *Jason & the Argonauts*]

In Bar 3, the timp continues with a new rhythm of C quarter note to C-F# 8ths to C quarter to C-F# 8ths (repeat next bar). Also in Bar 3, the horn sounds (very badly by this particular horn player!) fortissimo middle C [written G a P5 interval above] half note to C *acciaccatura* (grace note) up to G [written D] half note to D grace note up to (Bar 4) Line 2 C half note to Db rinforzando 16<sup>th</sup> legato to C 16<sup>th</sup> accent notes (followed by an 8<sup>th</sup> and quarter rest). After a half and quarter rest, the clarinet sounds *ff* high and shrill Line 3 C# [written D#] quarter note tied to whole note next bar.

In Bar 5, the xylophone plays *ff* maj 6<sup>th</sup> interval 8<sup>th</sup> notes descending to ascending. So we find Line 1 G and Line 2 E 8ths to F/D to E/C to D/B (all four notes are crossbeam connected) to ascending C/G to D/B to E/C to F/D (crossbeam connected figure). The timp sounds C down to F# quarter notes played 2X.

In Bar 6, the horn returns playing *ff* on Line 1 F# [written Line 2 C#] quarter note to F# half note to F# quarter note to (Bar 7) G rinforzando 16<sup>th</sup> down to E rinforzando 16<sup>th</sup> down to middle C 8<sup>th</sup> tied to dotted half note. The timp repeats the Bars 1-2 pattern in Bars 6-7. The clarinet, after a half & quarter rest in Bar 7, plays again the high C# quarter note tied to whole note in Bar 8. The timp & xyl repeats Bar 5 in Bar 8.

In Bars 9-10, the horn repeats Bars 3-4. The timp beats C quarter note down to F#-C 8ths down to F# quarter up to C-F# 8ths. Repeat in Bar 10. After a half & quarter rest, the clarinet once again plays shrill C# quarter note tied to whole note in Bar 11. In Bar 11, the susp cymbal sounds *ff* a whole note (diamond head shaped) let vibrate. The timp plays C rinforzando quarter note down to F# dotted half note trill roll (*tr*~~~~~) tied to whole note in Bar 12, decrescendo *pp* and held fermata. Back in Bar 11, after a half rest, the horn plays the dynamic marking of *sff* a stopped (+ sign above the note) Line 1 E [written B] half note tied to whole note next bar and held fermata.

In Bar 13 (*Slowly*), the timp plays *pp* C-C-C-C quarter notes (repeated to end of cue “ad Lib”). After a quarter rest, the susp cymbal sounds *pp* (*wire brushes*) a quarter note (x head on the top line of the staff with the note stem downward). After another quarter rest (on the 3<sup>rd</sup> beat), the susp cymbal sounds another quarter note (on the 4<sup>th</sup> beat). Repeat to end of cue.

In Bar 14, the clarinet plays *mp* < small octave G [written A] dotted half note to F quarter note to (Bar 15) G dotted half note decrescendo (all three notes played under the legato phrase/curve line). Then it plays F quarter note (beginning crescendo) to (Bar 16) G-A-G-F quarter notes to (Bar 17) G dotted half note decrescendo (all notes played legato). Then the clarinet plays A-F 8ths crescendo to (Bar 18) G dotted half note decrescendo (all three notes played legato). Then it plays A-F 8ths crescendo to (Bar 19) G whole note decrescendo, ending the six-bar passage.

After a half/quarter/8<sup>th</sup> rest in Bar 19, the stopped horn plays *p* steady crescendo on the Line 1 Db [written Ab above] 8<sup>th</sup> note tied to 8<sup>th</sup> note in Bar 20, and then three Db quarter notes (still stopped) to Db 8<sup>th</sup> tied to 8<sup>th</sup> in Bar 21 up to Eb stopped quarter note *rinforzando* back to Db stopped 8<sup>th</sup> tied to half note decrescendo.

In Bar 22, the clarinet returns playing *p*>Line 1 Eb [written F] *rinforzando* quarter note to Eb 8<sup>th</sup> down to small octave Ab [written Bb] half note up to (Bar 23) F *rinforzando* 8<sup>th</sup> to Eb 8<sup>th</sup> *mf* tied to dotted half note decrescendo.

In Bar 24, the horn (not stopped) plays crescendo small octave F# [written middle C# above] dotted quarter note to 8<sup>th</sup> to dotted quarter note again to 8<sup>th</sup> to (Bar 25) G *rinforzando* 8<sup>th</sup> to F# 8<sup>th</sup> tied to dotted half note decrescendo. Then the “ad lib” direction is written.

End of cue.

Cue III *March Tempo* in C time, 12 bars. Scene: Nero is carted out into the arena in a black leopard outfit to slaves tied to stakes. Then he leaps out with his sword! Here’s a perfect example of how power corrupts; indeed, how absolute power corrupts absolutely.

The cymbal sounds fortissimo the x-headed quarter note (followed by a quarter rest) to another quarter note emphasis (with a quarter rest following). After a quarter rest in Bar 1, the timp sounds two Great octave F# grace notes (notated as 32<sup>nd</sup> notes) crescendo to *sf* F# quarter note, and also *rinforzando*-marked (> above the note). After another quarter note rest (on the 3<sup>rd</sup> beat), the timp sounds another F#-F# grace note figure crescendo to F# quarter note.

In Bar 2, both the clarinet and horn play fortissimo (Line 2 for the clarinet; Line 1 for the horn) G dotted 8<sup>th</sup> down to E 16<sup>th</sup> (crossbeam connected notes) down to C quarter note. Pos play forte crescendo B/E/G# (E maj) half notes legato to A/E/G decrescendo while the tuba plays small octave E legato down to C# half notes. In Bar 2, the Pos play A/D/F# (Pos II is actually Line 1 D whole note) legato to G#/F, while the tuba plays D down to Great octave B half notes (combined the G# dim 7<sup>th</sup> or G#/B/D/F). In Bar 3, the Pos play A/C/E (Pos II is middle C whole note) to F#/Eb half notes while the tuba plays small octave C down to Great octave A half notes (combined the F# dim 7<sup>th</sup> or F#/A/C/Eb). In Bar 4, the Pos play F/Bb/D half notes legato to E/A/C# half notes while the tuba plays the Great octave G whole note (so combined the G min 7 or G/Bb/D/F to A Dom 7 or A/C#/E/G).

In Bar 5, the Pos play F#/A/D whole notes *pp* held fermata while the tuba plays Great octave D whole note (legato from the G whole note in the previous bar). So we hear the D maj tonality (D/F#/A).

### EP #34 “THE GOOD SHIP JANE: WHY SHE BECAME FLOTSAM”

Box 6, Folder 1. Full score & parts. Broadcast February 24, 1954.  
Instrumentation: Harp, Hammond organ, and piano.

Cue I C time, 9 bars. Scene: As the music plays underscore, Hyland speaks about the Good Ship Jane in the year 1821, and also sound effects and dialog are heard in the background. The ship sinks in the Atlantic Ocean!

In Bar 1, the H.O. plays *pp* G/Bb/D (d<sup>7</sup>) whole notes (Gb min) tied to whole notes next bar. After a half rest, the piano plays *pp* on Lines 3 & 4 [written Lines 2 & 3 but with the *8va* ottava over the notes] two Eb quarter notes to (Bar 2) Eb-Eb-Eb-Eb quarter notes. In Bar 2, the harp plays *pp* descending arpeggio 16<sup>th</sup> note figures (four figures per bar, four 16ths per figure that are connected by two crossbeams). We find starting Line 2 (top staff) Bb-Gb-Eb-D to next figure starting Line 1 Bb-Gb-Eb-D to next figure (bottom staff) small octave Bb-Gb-Eb-D to final figure Great octave Bb-Gb-Eb-D. All notes are played under the curved legato slur line.

In Bar 3, the H.O. plays Ab/Cb/Eb (Ab min) whole notes tied to whole notes next bar. The piano plays four Lines 3 & 4 E quarter notes (repeated next bar). In Bar 4, the harp returns playing descending 16<sup>th</sup> note figures starting Line 3 C-A-F-E (F maj 7<sup>th</sup> tonality or F/A/C/E) to next figure starting Line 2 C-A-F-E to (bottom staff) next figure starting Line 1 or middle C-A-F-E to final figure starting small octave C-A-F-E.

In Bar 5, the H.O. plays A/C/E (A min) whole notes tied to whole notes next bar. The piano plays F-F-F-F quarter notes (Lines 3 & 4) repeated next bar. In Bar 6, the harp returns playing descending 16<sup>th</sup> note figures starting Line 3 C#-A#-F#-D# (D# min tonality or D#/F#/A#/C#) to next figure starting Line 2 C#-A#-F#-D# to (bottom staff) next figure starting Line 1 C#-A#-F#-D# to final figure starting small octave C#-A#-F#-D#.

In Bar 7, the H.O. plays Eb/Gb/Bb (Eb min) whole notes tied to whole notes next bar and also tied to whole notes in end Bar 9, held fermata. The piano plays F#-F#-F#-F# quarter notes, repeated next bar, and then only one F# notes (Lines 3 & 4) followed by a

quarter and half rest held fermata. In Bar 8, the harp returns to play descending 16<sup>th</sup> note figures starting Line 2 B-G-E-C (C maj 7) to next figure starting Line 1 B-G-E-C to (bottom staff) next figure starting small octave B-G-E-C to final figure starting Great octave B-G-E-C.

End of cue.

Cue II *Moderato* in Cut time (C glyph with the vertical bar thru its middle), 16 bars (*Repeat 3X*). Scene: Starting in Bar 10, Hyland starts to speak: "Next let's talk about Schooners for a moment...."

Incidentally, this cue was later self-borrowed in mid-1957 for the "Dark Valleys" cue (Bars 16-31) of the *Western Suite* television suite Herrmann composed for CBS (used as "stock" music in series like *Gunsmoke*, etc.

The harp is set in the key signature of Db maj/Bb min (5 flats or Bb-Eb-Ab-Db-Gb) playing *p* descending glissando starting Line 3 Bb [written Line 2 Bb or actually B with the flat inferred but the *8va*----- ottava is above the note] down to (Bar 2) Contra octave Eb [written Great octave E but with the *8 L* under the note]. Here the harp starts to play the ascending glissando. Repeat these bars in Bars 3-4 and Bars 5-6.

The piano plays *p* on descending 8<sup>th</sup> note figures starting on Line 3 Bb [written Line 2 Bb but with the *8va*----- ottava above the first figure on the top staff]. So we find Bb-Gb-Eb-C (C half diminished 7<sup>th</sup> tonality or C/Eb/Gb/Bb) to next figure (bottom staff in the treble clef) starting Line 2 Bb-Gb-Eb-C (c'') to (Bar 2) return to the top staff playing the next figure starting Line 1 Bb-Gb-Eb-C (c' or middle C) down to (bottom staff, now bass clef) the next figure starting small octave Bb-Gb-Eb-C. In Bar 3, the piano now plays ascending 8<sup>th</sup> note figures starting Great octave Eb-Gb-Bb-C to next figure (still bottom staff) small octave Eb-Gb-Bb-C (c') to (Bar 4) the next two figures on the top staff starting on Line 1 Eb-Gb-Bb-C to Line 2 Eb-Gb-Bb-C (c''). Bars 5-8 repeats Bars 1-4 for the harp.

In Bar 9, the harp is now in the key signature of G maj/E min (one # or F#). Here the harp top staff plays a descending gliss starting Line 3 [written Line 2 but with the *ottava*] down to (bottom staff in Bar 10) Contra octave D [written Great octave D with the *8 L*] playing the ascending gliss. Repeat Bars 9-10 in Bars 11-12, 13-14, and 15-16.

Also in Bar 9, the piano plays descending 8<sup>th</sup> note figures top staff starting Line 3 [written Line 2 with the *8va*---] A-F#-D-C (D Dom 7<sup>th</sup> tonality or D/F#/A/C) to (also top bar but no *ottava*) Line 2 A-F#-D-C to (Bar 10) top staff again starting Line 1 A-F#-D-C down to (bottom staff) small octave A-F#-D-C. In Bar 11, the piano plays ascending figures starting Great octave D-F#-A-C to small octave D-F#-A-C (c') to (Bar 12, top staff) Line 1 D-F#-A-C to Line 2 D-F#-A-C (c''). Bars 13-16 repeats Bars 9-12.

Now: Returning back to Bar 1, we hear the H.O. starting to play the melody line. It plays the same notes but in three registers. So the H.O. plays *p* < on Great octave/small octave/Line 1 Eb half note up to Gb half note to (Bar 2) A dotted half note to Bb quarter note to (Bar 3) small octave/Lines 1 & 2 C whole note decrescendo. These notes indicated were played under the legato slur line. In Bar 4, the H.O. continues the melody line on Eb dotted half note(s) crescendo to Db quarter note down to (Bar 5) A whole note decrescendo. In Bar 6, it plays C dotted half note to Bb quarter note down to (Bar 7) Eb whole note decrescendo. In Bar 8, it plays F to Gb half notes crescendo down to (Bar 9) D whole note.

In Bar 10, the H.O. continues with the Eb down to Bb half notes to (Bar 11) C dotted half note down to A quarter note up to (Bar 12) D whole note decrescendo. In Bar 13, it plays Eb whole note to F dotted half note to Gb quarter note down to D whole note tied to whole note in Bar 16.

This 16-bar pattern is played three times.

End of cue.

The *Western Suite* version (“Dark Valleys” cue #457 aka “Travel II”) has the instrumentation of 3 flutes, 3 oboes, 3 clarinets, bass clarinet, 2 Fags, C. Fag, susp cymbal, and harp. Instead of the H.O. playing the initial Bb maj 2<sup>nd</sup> inversion (G/Bb/F) chord, we hear three flutes playing G/Bb/D (d<sup>7</sup>) whole notes *pp* and tied to whole notes thru Bar 3. The susp cymbal plays *ppp* the whole note trem (diamond shaped note head) thru end of cue. In Bar 2, instead of the piano, the harp plays *pp* the descending 16<sup>th</sup> note figures (but starting Line 2 Bb instead of Line 3 Bb that the piano played). In Bar 4, three clarinets now play largely small octave Ab/Cb/Eb whole notes tied thru Bar 6. In Bar 7, the flutes return to play the A/C/E whole notes thru Bar 9. In Bar 10, the clarinets play small octave Eb/Gb/Bb whole notes thru Bar 12. In Bar 13, the flutes play G/Bb/D whole notes thru Bar 15.

In Bar 16 (comparable to Bar 1 of *Good Ship Jane*), the melody starts, played by the oboes/clarinets/bass clarinet/Fags/C.Fag. Oboes start on Line 1 Eb half note, clarinets/bass clarinet on small octave Eb, Fags and C. Fag on Great octave Eb.

Skipping to Section B in Bar 32, the oboes (instead of the flutes as in Bar 1) play G/Bb/D whole notes thru Bar 34. In Bar 33, the flutes begin to play the descending 16ths (instead of the harp as in Bar 2). They play descending Line 2 Bb-Gb-Eb-D to Line 1 Bb-Gb-Eb-D 16ths, that Line 1 D 16<sup>th</sup> tied to whole notes thru Bar 35. The clarinets take over the descent in Bar 34 on small octave Bb-Gb-Eb-D, that D 16<sup>th</sup> tied to half note. After a half rest in Bar 34, the bass clarinet takes over the descent with one figure starting small octave Bb tied to whole note next bar. Etc etc.

Cue III *Slowly* in C time, 6 bars. Scene: Andrew tried to steal the Captain’s watch, and is punished. This cue was later self-borrowed in the *Western Suite* cue “Dramatic II” (aka “Gunfight” on the Cerberus LP), Bars 7-10 in the latter cue.

The H.O. is trem *pp* (*Flute stops*) between Lines 1 & 2 A whole notes and Bb (repeated thru end of cue). The pedal is on lowest F whole note in Bars 2 and 4, and then Ab in end Bar 6. After a half rest, the piano is *arpeggiando* (rolled chord) on half notes starting Contra octave Bb/Great octave F/small octave D/Ab/Line 1 D/F/Bb (Bb maj) tied to whole notes in Bar 2. Silent in Bar 3.

In Bar 2, the harp plays *ff L.V marcato* on descending quarter note. We find Lines 1, 2 and 3 Gb-Eb-C-D. After a half rest in Bar 3, the harp plays rolled chord half notes let vibrate (see the Bb maj piano notes in Bars 1-2). In bar 4, the piano now plays the same descending quarter notes instead of the harp (with *no pedal*). In Bar 5, the harp plays *ff (non arpeg)* whole notes starting Great octave Eb/Bb/Eb/G/Bb/D (d<sup>7</sup>). In end Bar 6, the piano plays *sff* whole notes held fermata (see harp notes in bar 5).

End of cue.

In the *Western Suite* version, we find in Bar 7 the English horns playing fortissimo on whole notes D/F/Bb (Bb maj) tied to dotted half notes next bar (followed by a quarter rest). The clarinets play lowest D/Ab/D notes, the bass clarinet on lowest G,

Fags on F/D (d), and the C. Fag on Great octave Bb. The timp is trill rolled (*tr*~~~~~) *mf* > *p* on Bb whole note tied to whole note next bar. After a half rest in Bar 7, the harp plays descending quarter notes *rinforzando* Lines 2 & 3 Gb to Eb to (Bar 8) C to D *rinforzando* quarter notes (followed by a half rest). Etc.

Cue IV *Moderato* in C time, 7 bars. This cue was also later used in the “Dramatic II” cue from the *Western Suite*, Bars 13-18.

The H.O. top staff plays *ppp* (*mutation stops*) Line 3 Gb/Bb whole notes tied to whole notes thru Bar 5. In Bar 2, the bottom staff (treble clef) of the H.O. plays Line 2 Gb/BB whole notes, silent in Bar 3, and then Gb/Bb whole notes in Bar 4 tied to next bar.

The piano top staff (bass clef) plays *ff marcato* 8<sup>th</sup> note dyad figures of four small octave Gb/Bb 8ths (crossbeam connected) to another such figure same bar. Repeat thru bar 5.

The bottom staff of the piano plays the melody line of Contra octave and Great octave Bb dotted half note to C quarter notes down to (Bar 2) F# whole notes. In Bar 2, after a quarter rest, the harp gives a response *sff* with two quarter note rolled chords of Line 1 D/F/A and Line 2 D/F/A (D min), followed by a quarter rest.

In Bar 3, the bottom staff of the piano continues the phrase with the Bb dotted half notes to C quarter notes to (Bar 4) Great and small octave Db whole notes. After a quarter rest in Bar 4, the harp responds with two quarter note rolled chords of Line 1 C/E/G (C maj) and Line 2 C/E/G/C (c’”), followed by a quarter rest.

In Bar 5, the piano bottom staff plays Great and small octave C dotted half notes to Db quarter notes down to (Bar 6) Contra octave Eb whole notes tied to whole notes next bar and held fermata. The top staff in Bar 6 plays *sff* on F#/A/C# (F# min) *rinforzando* whole notes tied to whole notes next bar and held fermata. After a quarter rest in Bar 6, the harp plays two quarter note rolled chords on D/F/A again (followed by a quarter rest). After a half & quarter rest in Bar 6, the H.O. plays Lines 1 & 2 F#/A/C# quarter note chords *ppp* and tied to half notes in end Bar 7.

End of cue.

Cue V *Slowly* in C time, 6 bars. Scene: Andrew shot his father’s friend and also the Captain.

The H.O. plays *ff* on Great octave and small octave D whole notes tied to whole notes thru Bar 3 and to dotted half notes in Bar 4 (followed by a quarter rest) while the *pedal* bottom staff plays Great octave D.

After a half rest, the piano plays *ff* (*no pedal*) on a “7” septuplet 32<sup>nd</sup> note figure small octave D-Eb-D-Db-C-Db-Eb to stand alone *rinforzando* Db 16<sup>th</sup> (and Contra octave Db) followed by a 16<sup>th</sup> and 8<sup>th</sup> rest. Repeat thru Bar 4.

After a half/quarter/8<sup>th</sup> rest in Bar 1, the harp responds *sff* with Lines 1 & 2 Eb/Gb/Bb (Eb min) *rinforzando* 8<sup>th</sup> notes triads tied to half notes next bar (L.V or Let Vibrate). After a quarter and 8<sup>th</sup> rest, the harp repeats the pattern thru Bar 4.

In Bar 5, the H.O. top staff plays *p* (*manual only*) Line 2 F/B/D whole notes tied to whole notes next bar held fermata. The bottom staff plays Line 1 Db/Ab/Db whole notes tied to next bar. After a quarter rest in Bar 6, the harp top staff plays forte Line 1 D quarter note let vibrate. After a half rest, the bottom staff plays small octave D quarter

note let vibrate down to Great octave D quarter note let vibrate. After a quarter rest in Bar 6, the harp top staff plays *pp* Line 3 D-D-D quarter notes (the third held fermata).  
End of cue.

Cue VI *Largo* in C time, 7 bars. The bodies are deposited in a deep area of the hold. This cue was also self-borrowed later for that “Gunfight” cue (Bars 19-22). So Herrmann took three separate cues from this *Crime Classics* episode and recombined them in sections of one cue in the *Western Suite*.

The piano plays *sff* (*pedal*) Contra octave Eb/Bb whole notes (bottom staff) and Great octave Eb/Gb/Bb (Eb min) whole notes (Top staff). Repeat in Bars 3 and 5. After a half rest in Bar 1, the H.O. plays *pp* Ab/middle C/Ab/C (c’’) half notes legato to (Bar 2) Gb/Bb/Gb/Bb whole notes. Repeat next two bars. After a quarter rest in Bar 2, the harp plays *pp* on three Line 2 F/A quarter note dyads. In Bar 4, after a quarter rest, the harp plays three A/C# quarter note dyads.

After a half rest in Bar 5, the H.O. plays again Ab/C (c’)/Ab/C (c’’) half notes legato to (Bar 6) Gb/Bb half note dyads, and then a higher register of Ab/C (c’’) and Ab/C (c’’) half notes to (Bar 7) Gb/Bb whole note dyads held fermata.

End of cue. Let’s now leave this episode for another.

## EP # 26 “COYLE & RICHARDSON: WHY THEY HUNG IN A SPANKING BREEZE”

Box 4. Folder 5. Full score & parts. Broadcast December 30, 1953.

Instrumentation: 3 *Pos* (trombones). Story setting: Havana 1736.

Probably it’s no surprise now to readers, but cues from *this* episode were also self-borrowed for a 1957 television suite that was so-called *Western Saga*. Cue I was self-borrowed for a cue in the *Western Suite* as well!

Cue I *Slowly* in C time, 8 bars. Quarter note = 50. Scene: Almost immediately as the music speaks, Hyland speaks. He talks about a small ship cutting thru the Caribbean before dawn when it crashed on rocks and sank in six minutes. This cue was self-borrowed for CBS cue #460 in the *Western Suite* titled “The Waiting.”

The trombones in cup mutes play *pp* < > largely small octave F#/A/C# (F# min) half notes legato to G/C/E (C maj) half notes to (Bar 2) Ab/Cb/Eb (Ab min) dotted half notes (followed by a quarter rest).

In Bar 2, the harp top staff plays *pp* Lines 2 & 3 Eb quarter notes (with the let vibrate extending short curve lines) to Cb quarter notes let vibrate to Ab and then F.

In Bar 3, the *Pos* play Eb/Gb/Bb (Eb min) half note triad legato to F#/A/C# half note triad to (Bar 4) D/F/A (D min) dotted half note triad (followed by a quarter rest).

In Bar 4, the harp plays descending Lines 1 & 2 quarter notes A-F-D-B (small octave and Line 1 B).

In Bar 5, the *Pos* play starting Great octave Ab/Cb/Eb half notes legato to A/D/F# (D maj 2<sup>nd</sup> inversion) half notes [or they may be B/D/F# notes so B min—not sure with the unclear note—probably B min!] to (Bar 6) small octave register C#/E/G# (C# min) whole note chord (followed by a quarter rest).

In Bar 6, the harp plays descending quarter notes Lines 1 & 2 G-E-C-A (small octave & Line 1 A).

In Bar 7, the Pos play E/G#/C# half notes to F#/A/D (d') half notes to (Bar 8) F/Ab/Db (Db maj 1<sup>st</sup> inv) whole notes played *pp* and held fermata.

In Bar 8, the harp plays quarter notes Ab down to Db up to Ab, followed by a quarter rest held fermata.

End of cue.

In “The Waiting” cue version of the *Western Suite*, the music is even slower in *Largo* with the quarter note = 40. In Bar 1, instead of three trombones (as in cue I of “Coyle & Richardson”), we find 3 flutes playing largely Line 1 F#/A/C# half notes to A/C/E half notes to (Bar 2) Ab/Cb/Eb whole notes (instead of dotted half notes of the Pos). In Bar 2, the bass clarinet plays *p* > small octave F whole note. When you add the F tone with the Ab/Cb/Eb of the flutes, you hear the F half diminished 7<sup>th</sup> tonality (the half-dim 7<sup>th</sup> being Herrmann’s favorite 7<sup>th</sup> chord!). Also in Bar 2, the susp cymbal sounds *ppp* a whole note trem (diamond shaped note head). Also the harp plays descending quarter notes as given earlier.

In Bar 3, the clarinets play small octave (*chalmereau* rich register) Eb/Gb/Bb half notes to F#/A/C# half notes to (Bar 4) D/F/A whole notes. In Bar 4, the bass clarinet plays the E whole note. So if add the E to the clarinets notes, you have the F# min 7<sup>th</sup> (F#/A/C#/E). The susp cymbal sounds another full note, and the harps sound as given.

In Bar 5, the *Fags* (bassoons) play Ab/Cb/Eb half notes to B/D/F# half notes to (Bar 6) C#/E/G# whole notes. In Bar 7, the oboes now play the three-note phrase on E/G#/C# half notes to F#/B/D half notes to (Bar 8) F/A/Db whole notes.

Etc.

Cue II *Allegretto* in 6/8 time, 17 bars. Scene: The music plays in the clear thru half of Bar 12, and then Hyland starts to speak about the making of Rum in Havana, and so forth. This cue was later self-borrowed for the *Western Saga* cue titled “Street Music.”

The Pos in hard mutes play *ff* on two 8<sup>th</sup> note triads starting small octave A/D/F# (D maj 2<sup>nd</sup> inv) to G/C/E (C maj 2<sup>nd</sup> inv) 8<sup>th</sup> note triad [all three 8<sup>th</sup> chords are crossbeam connected] to A/D/F# rinforzando quarter note legato up to Line 1 D/F#/A (D maj root position) 8<sup>th</sup> note triad.

In Bar 2, the harp responds in the same pattern with two Lines 1 & 2 E/G/B (E min) 8<sup>th</sup> note triads to D/F#/A 8<sup>th</sup> note triad to E/G/B quarter note triad up to G/B/D (G maj) 8<sup>th</sup> note triads.

Bars 3-4 = Bars 1-2.

In Bar 5, the Pos play G/C/E 8ths legato to C/E/G 8ths back to G/C/E (all 8<sup>th</sup> triads are crossbeam connected) up to B/D/F# rinforzando quarter note triad legato to F#/B/D 8ths. In Bar 6, the harp plays G/C/E 8ths played twice to E/G/C 8ths to F#/A/C quarter notes to D/F#/B 8ths.

Bars 7-8 = Bars 6-7.

In bar 9, the Pos play descending 8<sup>th</sup> notes G/C/E –F#/B/D–E/A/C to next crossbeam connected figure of D/G/B–C/F#/A–B/E/G to (Bar 10) small octave C/Eb/Ab (Ab maj) dotted quarter notes *sfp* < to B/D/G rinforzando 8ths *sff* (followed by a quarter rest). Repeat in Bar 11.

In Bar 12 (*Slower*), the Pos play Bb/D/F# whole notes. After a half rest, the harp plays *mf* Line 2 F# legato down to Line 1 Bb up to D legato down to F# 8<sup>th</sup> notes. Repeat

this figure twice in Bar 13 and in the next three bars. After a half rest in Bar 13 (*Lento*), the Pos play *pp* on G/C/E half notes legato to (Bar 14) F#/Bb/D (Bb aug) whole. Bar 15 = Bar 13. In Bar 16, we hear the legato to Eb/Ab/C (Ab maj) whole notes. Bars 13 thru 16 are repeated. In end Bar 17, the harp plays that 8<sup>th</sup> note figure one more time to rolled chord half notes starting small octave F#/Bb/D/F/Bb/D/F# held fermata.

End of cue.

Cue IV *Allegretto (in 1)* in  $\frac{3}{4}$  time, 17 bars. Dotted half note = 60. Scene: By Bar 12, Hyland returns to speak about a marriage. Interestingly delicate little waltz piece despite the trombones!

Pos III plays *mp* > Great octave register A half note tied to 8<sup>th</sup> note (followed by an 8<sup>th</sup> rest). Repeat thru Bar 8. After a quarter rest in Bar 1, Pos II & I play *pp* on small octave E/B quarter notes played twice (so E-E of Pos II and B-B quarter notes of Pos I). Repeat thru Bar 8.

The harp plays the melody line, a variation of the upcoming cue VIII. It plays fortissimo Lines 1, 2 & 3 quarter notes E-F#-G up to (Bar 2) descending quarter notes B-A-G down to (Bar 3) E-F#-D to (Bar 4) E dotted half note let vibrate. In Bar 5, the phrase returns as rising quarter notes E-F#-G down to (Bar 6) F#-E-D to (Bar 7) C-D-E down to (Bar 8) B dotted half note let vibrate.

In Bar 9 (*Rall*), the Pos are soli playing *mf* > small octave Eb/Gb/Bb (Eb min) dotted half notes to (Bar 10) C/Eb/G (C min) dotted half notes. In Bar 11 (*Slower*), the Pos play *p* > *pp* B/E/G# (E maj 2<sup>nd</sup> inv) dotted half notes tied to dotted half notes in Bar 12.

In Bar 12, the harp plays several soothing *arpeggiando* chords. They play *p* on half notes starting small octave B/E/G# (E maj) in the bottom staff and B/E/G#/B (b'') in the top staff. Then they play the same tones as quarter notes up to (Bar 13) D/F/Bb (Bb maj) dotted half notes (bottom staff) and D/F/Bb/D (d'') in the top staff.

Bars 14-15 = Bars 12-13 (for the harps only).

In Bar 16, the harp plays *pp* B/E/G#/B (b') dotted half note rolled chord in the bottom staff, and Line 2 E/G#/B/E (e'') in the top staff. In end Bar 17, the harp plays BB/D/F/Bb (bottom staff) and Line 2 D/F/Bb/D (d'') in the top staff (Bb maj), held fermata.

End of cue.

Cue VI *Slow & Heavy* in C time, 6 bars. Quarter note = 60. Scene: Hyland talks about a ship destined for Italy but Richardson three nights later got the first mate so drunk that he just pushed him into the drink! That's how *he* became the new First Mate!

The Pos in hard mutes play *sff* and *rinforzando*-marked half notes starting Great octave Ab/Cb/Eb (Ab min). After a quarter rest, the harp responds *sff* with Lines 1, 2, 3, and 4 E quarter notes let vibrate (followed by a quarter rest). The Pos play another Ab/Cb/Eb half note chord followed by the harp playing another set of E quarter note registers. In Bar 2, the Pos play two C/Eb/G (C min) half note chords *sff*. After a quarter rest in Bar 2, the harp plays F# quarter notes (followed by a quarter rest) to another set of F# quarter note registers (let vibrate).

In Bar 3, the Pos play *sff* > *pp* small octave Eb/Gb/Bb (Eb min) whole note triad. After a quarter rest, the harp plays two *arpeggiando* quarter note chords of B/D/F# (bottom staff) and B/D/F#/B (b'') in the top staff, followed by a quarter rest.

In Bar 4, the Pos are silent temporarily, but Herrmann writes in the direct “(open)” for the following two bars. The harp however plays starting Contra octave BB/F/D (d) half note rolled chord in the bottom staff, and small octave Ab/Line 1 D/F half notes (top staff) crescendo. In the top staff are also quarter notes Line 1 Bb down to F. Then the harp plays rolled chord half notes *f* > starting Great octave F/Cb/Eb/Ab Cb/Eb/Ab (in effect the F half dim 7<sup>th</sup> tonality).

In Bar 5, the open trombones are soli playing *p* < > small octave D/F/Bb (Bb maj 1<sup>st</sup> inv) half notes legato to Cb/Eb/Ab (Ab min 1<sup>st</sup> inv) half note triad.

In end Bar 6, the Pos play *pp* < > a repeat of the previous bar, but the Cb/Eb/Ab half note chord is held fermata. The harp plays rolled chord half notes as given in Bar 4 but with the added Line 1 Bb half note in the first chord. The second chord is held fermata.

End of cue.

Cue VIII *Allegretto(in 1)* in 3/8 time, 24 bars. Dotted quarter note = 100. These 24 bars are played 2X. Moreover, this cue was later self-borrowed in the “Street Music” cue (Bars 19-30) in the *Western Saga*.

The Pos play *p* on F/A/C (c') dotted quarter notes (F maj) tied to dotted quarter notes next bar. In Bar 3, they play F/Bb/D (Bb maj) legato to (Bar 4) F/A/D (D min) dotted quarter notes. Bars 5-7 = Bars 1-3. Then the Pos play F/A/C dotted quarter notes in Bar 8.

Back in Bar 1, the harp plays the melody line (shades of cue IV). We find it playing *ff* on Lines 1 & 2 rising 8<sup>th</sup> notes C-D-E to (Bar 2) F-G-F to (Bar 3) E-D-E to (Bar 4) D 8<sup>th</sup> to C quarter note. Bars 5-7 repeats Bars 1-3. Then the harp continues on G 8<sup>th</sup> to F quarter note.

In Bar 9, the Pos play A/C/E (A min) dotted quarter notes legato to (Bar 10) Bb/D/G (G min) dotted quarter notes. In Bar 11, they play C/F/A legato to (Bar 12) Bb/E/G. The harp in Bar 9 plays descending Lines 1 & 2 8<sup>th</sup> notes A-G-F to (Bar 10) G-F-E to (Bar 11) G-F-D to (Bar 12) D 8<sup>th</sup> to C quarter note.

In Bar 13, the Pos play G/C/E dotted quarter notes tied to next bar (repeat in Bars 15-16). The harp plays Bb-C-D 8ths to (Bar 14) C quarter notes to A 8ths to (Bar 15) Bb-C-D 8ths to (Bar 16) C quarter notes up to F 8ths.

Etc.

In the “Street Music” version, we find in Bar 19 the horns playing the melody line (instead of the harp). The four horns play *f con bravura* Line 1 D-E-F# 8ths to G-A-G 8ths. The tuba and Pos III play Contra octave (tuba) and Great octave (Pos III) G 8ths (followed by a quarter rest) to G 8ths again (followed by a quarter rest). Repeat thru Bar 22. After an 8<sup>th</sup> rest, Pos I & II play two D/E 8ths (followed by an 8<sup>th</sup> rest). Repeat pattern same bar and repeat thru Bar 22. Etc.

Cue X *Fast* in C time, 19 bars. Scene: On the Honduras run, the Captain is threatened by Coyle & Richardson.

The open Pos play *ff* on an ostinato figure played 4X in Bar 1. We find Eb/Gb/Bb (Eb min) 8ths to two Eb/Gb/Bb 16ths. This three-note figure is played four times furiously to (Bar 2) F#/A/C# (F# min) dotted 8<sup>th</sup> notes rinforzando to F#/A/C# 16ths to F#/A/C# rinforzando half notes tied to 8ths (followed by an 8<sup>th</sup> rest). In Bar 2, after a quarter rest, the harp in the key signature of E maj/C# min (4 sharps) plays an ascending fast gliss starting Contra octave F# up to Line 3 C# down to F# again.

In Bar 3, the Pos repeat the ostinato pattern but on A/C/E (e') notes to (Bar 4) Line 1 Db/Fb/Ab rinforzando dotted 8ths to 16ths to half notes tied to 8ths. After a quarter rest in Bar 4, the harp (now cancelled key signature), plays descending gliss starting Line 4 E down to Great octave E up to Line 4 E.

In Bar 5, the Pos (soli for rest of the cue) play *sff* > on A/C/E (e') whole notes legato to (Bar 6, *Slow*) F/Ab/C (F min) half note *pp*. Then they play G/Bb/D (G min) half notes crescendo to (Bar 7) E/G/B (E min) whole notes decrescendo. In bar 8, they play Cb/Eb/Ab (Ab min 1<sup>st</sup> inv) half notes legato to Bb/D/G half notes to (Bar 9) B/D/F# (B min) dotted half notes decrescendo. Then they play G/C/E (e) quarter notes crescendo to (end Bar 10) Bb/D/F# whole notes (Bb aug) decrescendo and held fermata.

End of cue.
