

LOONEY TUNES

Warner Bros. Cartoons:

“Jumpin’ Jupiter”

“Stupor Duck”

“Speedy Gonzales”

I am certain most people have been exposed as a kid to the delightfully funny Warner Bros. cartoons: *Looney Tunes*. I remember watching a bunch of these cartoons every Saturday morning at home. Part of the fun was also hearing the excellent original music scores for most of these cartoons. The primary composer of interest to me was of course Carl Stalling whose last cartoon project was “To Itch His Own” in 1958. People talk about Max Steiner “mickey-mousing.” Well, that reference originally stemmed from cartoon music that tends to almost always “hit the mark” or synchronize music effects precisely with the fast-moving action on the screen. Stalling was a master of that. He and Max both are credited in fact for the creation of the “click track” method of aligning music to the running feet on the spool of film. Stalling also had use of the hey-day of the luscious and dynamic Warner Bros. orchestra.

Currently there are five volumes of the dvd set, “Looney Tunes: The Golden Collection.” Many of these cartoon gems are provided, especially in Volume 2. The retail price for the first four volumes is normally about \$65. As I am now writing in mid-November, you can get it on Amazon for \$29 each. Only the recently-released Volume 5 is still at about \$46.

I researched three cartoon full scores back in the Nineties at USC/Warner Bros Archives. These include “Jumpin’ Jupiter (1955), “Stupor Duck” (1956), and “Speedy Gonzales (1955). “Stupor Duck” is now available in Volume 5 of the Golden Collection, and “Speedy Gonzales” is in Volume 1. So far “Jumpin’ Jupiter” is not available on dvd (perhaps in next year’s Volume 6?). However, some of the original tracks of “Jumpin’ Jupiter” can be heard in the Carl Stalling Project CD (Volume 1), track # 8 (“Anxiety Montage”) starting at :50.

Note: In the following cues, the bold designations are simply what were provided on the written cues (PART II, PART III, and so forth). Bracketed designations (such as “Camping Scene”) are my own identifying designations.

“Jumpin’ Jupiter”

“PART I” [CREDITS] Sorry, I did not work on this opening cue!

opening title sequence would be the “Part I” cue while this “Part II” is the start of the story. Scene: Porky and Sylvester are out in the wilderness on a camping trip. Porky states in Bar 5, “Isn’t this wonderful, Sylvester--camping way out here in the middle of nowhere? So peaceful and quiet.” Suddenly a coyote howls and Sylvester quickly acts like a scardey cat in Bar 10! CD location: Track # 8 starting at :50.

While these instruments repeat Bars 44-47 in Bars 48-51, the music shows a dynamic build as the flutes, trumpets and trombones join in. Flutes in Bar 48 play Line 2 Gb half note to (Bar 49) Ab half note to (Bar 50) Line 3 C half note to (Bar 51) Eb half note. Trumpets play *p* < *ff* small octave Bb/Line 1 Fb/Gb half notes legato to (Bar 49)

The violins play decrescendo hairpin piano to Bar 54 ($> p$) and then quickly fortissimo decrescendo piano in Bar 55 to Bar 57 ($ff > p$). After an 8th rest in Bar 52, violas play middle C#/G 8ths (followed by an 8th rest) to same C#/G 8ths to (Bar 53) C/F# 8ths played twice in this rest pattern to (Bar 54) small octave B/Line 1 F 8ths in this pattern to (Bar 55) a repeat of Bar 53 to (Bar 56) a repeat of Bar 54) to (Bar 57) Bb/E 8ths in that rest pattern. This is quite an involved and elaborate cue! It rivals almost anything composed for the big feature films.

In Bar 58 (2:15 cd), violins I play ascending 8th notes Line 1 B-Line 2 C-C#-D legato to (Bar 59) Eb-E-F-F# to (Bar 60) G-Ab-A-Bb crescendo ff . Violins II play Line 1 G-Ab-A-Bb 8ths to (Bar 59) B-Line 2 C-C#-D to (Bar 60) Eb-E-F-Gb 8ths. Violas play

Part V [Note: Either I did not work on this cue or I cannot find my hand-copied notes. Sorry!]

Part VI [“WHAT IN BLUE BLAZES?!”] Sylvester sees the giant green bird alien and frantically hides. Porky says, “What in blue blazes?! Sylvester, have you been eating loco weed? Come on out of there!” Later Porky sees the alien and thinks he is a friendly “Navajo” Indian! Note: Most (or all) of this section of music is not on the cd.

The trumpet in Bar 11 plays Line 1 F 8th to F-F quarter notes to F-F-F 8ths (silent next bar). Violas in bar 11 show up to play small octave G#/Line 1 D 8ths to two quarter notes to three 8ths.

Part VII Note: Sorry. I either did not work on this cue or I misplaced my notes]

Part VIII [SLEEPY SPACE MOTIONS] _ time, about 58 sections for this cue.

The vibe in *soft hammers* plays *p pedal* Line 1 C up to E up to Bb “3” triplet value 8ths (crossbeam connected) to Ab up to Line 1 D to F# triplet value 8ths (crossbeam connected). Part IX [“THAT’S A FUNNY LOOKING PLANET] 2/4 time, 13 bars, key signature of Bb major (two flats). Note: This cue is not on the track # 8 cd. Scene: Porky wakes up and comments [music actually starts just immediately before these words by him]: What a beautiful morning! Things sure look different after a good night’s sleep, hey, Sylvester? Hey, that’s a funny looking planet. I don’t think I’ve ever seen that one before.” And then Porky drives the car thinking they’ll be at Albuquerque easy by tonight!

Curiously Carl Stalling decided to compose minuet-style music for this brief scene. Only the violins and violas play for 13 bars. The end few seconds of orchestral music is perhaps a separate cue I did not research (Cue X?).

Violins I play *mp* Line 3 D down to Line 2 Bb down to G down to D staccato 8th notes (crossbeam connected) up to (Bar 2) F half note to (Bar 3) Eb half note to (Bar 4) D up to F staccato quarter notes. In Bar 9, after a quarter rest, the first violins then play “3” triplet value 16ths Line 2 Eb-F-E to D 8th to (Bar 10) C quarter note “3” triplet value 16ths Eb-F-Eb to D 8th to (Bar 11) C quarter note up to G-A-G triplet 16ths to F 8th to (Bar 12) Eb-D-C-F 8ths up to (Bar 13) Bb 8th (followed by an 8th and quarter rest).

Back in Bar 1, violins II small octave Bb to middle C staccato quarter notes to (Bar 2) now legato D up to E to (Bar 3) Line 2 C down to Line 1 F quarter notes up to (Bar 4) Bb down to F staccato quarter notes. In bar 5, violins II then play small octave Bb to middle C staccato quarter notes to (Bar 6) legato D-F to (Bar 7) A-F legato quarter notes to (Bar 8) Line 1 Bb quarter note (followed by a quarter rest). After a quarter rest in Bar 9, violins II play Line 2 C to Line 1 Bb quarter notes legato to (Bar 10) A quarter note up to C-Bb 8ths to (Bar 11) A quarter note up to Line 2 Eb-D quarter notes to (Bar 12) C-Bb 8ths to A-F 8ths to (Bar 13) small octave Bb 8th (followed by an 8th and quarter rest).

Silent the first seven bars, violas in Bar 8, after a quarter rest, play Line 1 D-Eb-F-G 16ths legato to (Bar 9) F half note tied to half note next bar and tied to quarter note in Bar 11) followed by rests for the end of the cue.

STUPOR DUCK

This cartoon short (duration: about 6:38) is available in Volume 5 of the *Golden* collection. Yesterday at DVD Planet I could’ve bought it for about \$44 (plus 20% off until Sunday) but it would’ve been still cheaper at Amazon. Instead I purchased the companion or alternative set, *Looney Tunes 5: Spotlight Collection* that I ended up paying

\$14.41 for. It contains 30 cartoons from the Golden collection (including *Stupor Duck* in disc One) without all the extra features. I will use this dvd as the audio reference.

Part I [CREDITS & INTRODUCTION] Sorry, I did not work on this cue.

Part II [A MILD MANNERED REPORTER] 4/4 time, just under a minute duration. Dvd location: Starting at the 1:08 point. Scene: The narrator states, “Disguised as Cluck Trent, a mild mannered reporter on a metropolitan newspaper, Stupor Duck fights an endless battle against the forces of EVIL!”

In Bar 1, Violins I (marked as “Violins A”) play *mp* Line 1 B legato to Line 2 C 16ths down to Line 1 G# to A 16ths (all four noted connected as a figure by the unifying top crossbeam but accentuating the two two-note figures). Then the violins play down to the next same figure on Line 1 D#E legato 16ths to F#-A 16ths up to the next figure of G#-A to A#-B 16ths up to the 4th figure of Line 1 D#-E down to C#-D 16ths. In Bar 2, the first violins continue on the same figures with Line 1 B-Line 2 C to C#-D 16ths and then down to G#-A to A#-B 16ths up to Line 2 C#-D to D#-E 16ths to the 4th figure of G#-A to F#-G 16ths. Repeat Bars 1-2 in Bars 3-4.

Violins II (“B”) play in Bar 1 descending 8th notes Line 1 G-F-E-D (crossbeam connected) to ascending 8th notes E-F-G-A (crossbeam connected) to (Bar 2) G-F-E-D to C-small octave B-A-Line 1 D# 8ths. Repeat these two bars in the next two bars. Violas in Bar 1 play Line 1 E-D-C-small octave B 8ths to middle C-D-E-F 8ths to (Bar 2) E-D-C-small octave B to A-G-F-B 8ths. Repeat in Bars 3-4. In Bar 6, VC/CB are bowed trem only on small octave C# dotted half note up to E-G# non-trem 8ths to (Bar 7) A-B 8ths (crossbeam connected) to Line 1 F 8th (followed by an 8th and half rest). Violas play small octave F dotted 8th to F 16th up to B half note in Bar 6 (followed by a quarter rest). After a half and quarter rest in Bar 6, all violins play forte “6” 16ths Line 1 E-D-C-Line 1 G#-A-A# 16ths to (Bar 7) B-Line 2 C-C#-D-D#-E 16ths to F 8th (followed by an 8th and half rest). Clarinets play the same for the “6” figures to F [written G] 8th followed by rests. Flutes play the same but an octave higher register. After a half and quarter rest, the bassoon and bass clarinet play small octave E up to G# 8ths to (Bar 7) A-B 8ths (crossbeam connected) to Line 1 F 8th (followed by an 8th and half rest). Note: I may’ve missed a few fleeting flute or piccolo figures in this first section.

Skipping to Bar 13 (1:33 dvd), we come to the office scene where Stupor Duck (disguised as Daffy!) is at the water cooler right next to the Managing Editor’s office and overhears a character inside named Aardvark Ratnik exclaiming, “You cannot stop me, Mister Newspaper Editor! I blow up everything!” After a half rest, VC/CB are bowed trem *p* on I believe Great octave Ab half note to (Bar 14) A whole note bowed trem to (Bar 15) A# whole note to (Bar 16) B whole note to (Bar 17) small octave C whole note bowed trem (repeated next two bars). After half/quarter/8th rest marks in Bar 13, violas play *p* small octave E-F 16ths crescendo to (Bar 14) Gb dotted quarter note down to Eb 8th decrescendo hairpin to Db to C legato quarter notes. After an 8th rest in Bar 15, violins I play *mp* < Line 1 C#-D-F 8ths to G up to Bb quarter notes to (Bar 16) Ab dotted quarter note down to F 8th to Eb D quarter notes. Then violins I in Bar 17 are *trem* (measured tremolo) on ascending 8th notes C-E-G-Line 2 C 8ths (crossbeam connected) but with the horizontal short bar on each stem indicating C-C-E-E-G-G-C-C 16ths as actually played. In the same measured trem pattern, violins I continue on Line 2 Db-C-Db-C to (Bar 18), after an 8th rest, Line 1 F#-A-Line 2 D 8ths to Eb-D-Line 1 Bb-G 8ths to (Bar 19) ascending written 8ths (16ths played) Line 1 D-F#-A-Line 2 D to Eb-D-Eb-D 8ths. [4:59 pm Just finished a phone call I received from a long distance friend who just had to tell me how he praise-worthy Tribute's MYSTERIOUS ISLAND is. The orchestra is great; the interpretation is right on; the performance is "from the heart." Wonderful! Screen Archives notified me yesterday by e-mail that they just shipped my copy of M.I. and Fahrenheit 451. I should get either Monday or, more likely, Tuesday. I can spend the evening on Tuesday and my day off Wednesday listening to them—and maybe writing a thumbs up review]

PART IX [THE MOON ROCKET] C time/ Dvd location: Start 5:38. Scene: Stupor Duck is flying again, saying to himself, "I almost had him that time!" and then spots a rocket about to launch, thinking it is a destructive missile built by Ratnik—but again not reading the sign, "Government Rocket Testing Grounds."

Violas play small octave Eb half note tied to 8th note and then Eb-Eb 16ths to "3" triplet value 8th notes Ab-E-Ab to (Bar 2) B whole note to (Bar 3) a repeat of Bar 1 to (Bar 4) B half note (followed by a half rest). Here Stupor Duck boasts for the 4th time at least, “This is a job for...” But this time in Bar8, instead of a bombastic musical declamation, we hear pipsqueak flute and clarinet notes and then the xylophone as he mutters softly, “you know who...” (instead of “Stupor Duckkkkkkkk!”)

Well, that’s about all I have of this “short” score!

Now: According to my old notes, I believe various Looney Tunes scores were available for me. For some reason, eight titles were written down:

- Hyde & Hare
- Bewitched Bunny
- Speedy Gonzales
- Stupor Duck
- Half Fare Hare
- Widee Wabbit
- Jumpin’ Jupiter
- Catch or Catch Can

I worked fairly thoroughly on the two shorts just delineated, but I also worked on a few cues only from *Speedy Gonzales*. I do not have the dvd version of it but I’ll give a short delineation anyway from a few of the cues.

SPEEDY GONZALES
